"MERRY XMAS (NATIONAL) TO YOU ALL" VOL 2-17 DX NEWS DECEMBER 19,1934.

Well here it is time again to get started on this week's Bulletin. We know that if you are all feeling half as much enthused over the coming Holiday Season as we are that it is that thought which is upermost in your mind at present, however let us put aside these ideas for a while just long enough to read over this Bulletin and learn of the fine specials that are in store for you over the Christmas Holidays.

However before going into the tips we want to take this opportunity of extending our heartiest congratulations to the Canadian DX Relay on the event of their second Anniversary. It gives us great pleasure to send our sincerest expressions of Complimentary Remarks to Fred H. Bisset, who has certainly proven himself to be a great president for this worthy organization. We, the officers and members of the NRC salute you CDXR and say "Many happy returns of the day!!!"

At this time we have several explanations to make the first of which concerns two oversights on our part last week, in our haste to get the Bulletin out on Wednesday morning, we overlooked putting the tips on WIBX for last Saturday morning and CMBS for Sunday morning in the DX Calendar. Both of these specials were for our club, however at this time we want to call your attention to another broadcast from CMBS 775 kycs. Havana, Cuba for Sunday morning, December 30 from 2:00 to 3:00 A.M., E.S.T. We also at this time wish to apologize to the members for having given them the wrong time on the Iowa stations which were on the air this past Sunday morning. The scource of information for these tips indicated that the tips were in E.S.T. while in reality they represented C.S.T. We hope however, that most of you were able to hear practically all of the Iowa stations and we certainly do want to congratulate the two DXers who worked so hard in arranging those specials for you.

Again that excellent CPCer from Berkeley, Calif. sends us some more good news. This time it concerns several other DX programs which he has arranged for the members of our club. The first of which will take place over WIBW 580 kycs. Topeka, Kansas on Saturday morning, December 29 from 3:00 to 4:00 A.M., E.S.T. The next of which will take place on Saturday morning, January 5, 1935 from 6:00 to 6:30 A.M., E.S.T. over station WAIU 640 kycs. Columbus, Ohio and the third of which takes place over KFRC 610 kycs. San Francisco, Calif. on the morning of January 27 from 3:00 to 4:00 A.M., E.S.T. We want to thank John for all of this fine work and we know that you will all listen in and send the stations your reports on these broadcasts. John also sends us some additional information on the prizes that he is offering for the KRE broadcast which takes place this coming Sunday morning, from 3:00 to 4:00 A.M., E.S.T. for the members of our club. The first prize will be a Conklin "Endura" pen and pencil set with a lifetime guarantee in a gift box. The second prize is a Waterman pencil also in a gift box. The third prize is a leather bound Radio Log Book together with a handy pencil right with it. These certainly are mighty fine prizes and let's all show our appreciation to John Barlow by all listening in and sending KRE a report on this broadcast, for in addition to pleasing John you will be standing a chance of winning one of these valuable prizes. You will also be showing John your appreciation of his fine work this season by sending KRE your report. Let's not disappoint him!!! Here's the chance to show your approciation and let it be 100% response to this broadcast.

Keith L. Freas, Chairman of Qualifications, submits the following Singleton & Eliminator report as of December 15, 1934.

Eliminated:Harold Buttels - Lewis' WTCN. Schlobohm's WIXBS.
Howard Schlobohm - Reilley's WOC.

Notes:-

We have made two corrections in this issue of the singletons. Ray Lewis' singletons on Milan Italy and Cardiff Wales are now correctly listed as IlMI and WR, respectively, instead of their former listings.

Earl Roberts advises us that WNEL San Juan, P. R. will be on the air on Sunday morning, December 23 from 2:00 to 3:30 A.M., E.S.T. This information suppliments that which we gave you last week to the effect that they are on the air every second Sunday.

It gives us great pleasure to announce the first of the "Super DX Specials" arranged by Charles Hesterman who is the head of this committee for arranging "Four Star Specials" for the NRC, IDA and CDXR. The first of these specials will take place Monday morning, January 7 from 12:30 to 1:30 A.M., E.S.T. over station KSL 1130 kycs. Salt Lake City, Utah. This broadcast is especially arranged for foreign DX fans. We want to thank Mr. Hesterman for this fine beginning. The purpose of this special programs committee is to arrange for DX programs over super-powered American stations for the special benefit of the foreign DX fans, who might otherwise not be able to hear these stations.

Our Vice-President, Joe Becker, Sr. sends us some more good news concerning a dedication to the members of our club. This time the good news is from CKUA 580 kycs. Edmonton, Alta. who will dedicate a portion of their DX program on Sunday morning, January 6 from 4:00 to 5:00 A.M., E.S.T. to the members of our club. Joe also sends word that CMBC 1035 kycs. Havana, Cuba will dedicate a program to us on Tuesday morning, January 8 from 1:00 to 2:00 A.M., E.S.T. This is indeed very excellent work, Joe and the members all appreciate it.

Vincent Clarke our fine Cuban co-worker, who is working so hard with Alec Kinghorn to bring some fine Cuban DXes to us advises us that CMOX 1325 kyes. will run a DX program on the 13th of each month from 1:00 to 5:00 A.M., E.S.T. You will note that CMOX are the new call letters for COX. Vincent also says that CMW, Havana, Cuba were not on the air this

Page three NATIONAL RADIO CLUB DX NEWS DECLERER 19, 1934. month as scheduled, owing to some sort of a Holiday Celebration which did not permit radio stations to go on the air that day.

We want to thank all of the stations that gave us such splendid dedications last week and we want to especially thank KMOX St. Louis for the fine program which they gave us and during which they gave us the privilege of hearing Floyd Smith, our own CPCman to talk to us. It certainly was a grand thrill to hear Floyd talking over the air and he did a mighty fine job of it.

According to a card which Mr. Huber sends us this week, VE9EK, 1185 kycs. Montmagny, Que, that fine 10 watt station that so many of us have had the pleasure of hearing, was on the air for us during our Canadian Nights Party on Dec. 9 from 4:00 to 5:00 A.M., E.S.T. We are sorry we didn't receive this information sooner so that you could have all listened in and heard this program, however it is evident that the card was not received in time for the broadcast. We hope that some of you heard this station and sent in your reports.

Mr. Huber also sends us information concerning the new station in Thomasville, Ga. that uses the call letters WPAX. It is owned and operated by Wimpy Radio manufacturers of radio equipment. Quoting from the letter which was received from them: "This is the first time we have been on the air since 1922 at which time the writer had a ten watt out. fit operating under the same WPAX, which supersedesWQDX which was owned by other parties and which will now be delated. Our station will be checked by the Federal Communications Commission monthly." We suppose they will take WQDX's place during the frequency checks the first Tuesday morning of each month from 2:00 to 2:20 A.M., E.S.T. Here is your opportunity to hear this new station.

From Pat Reilley comes the news that W9XBY Kansas City, Mo.were on this past Sunday morning with a DX program a portion of which was dedicated to the members of our club, we hope that some of the other members heard this broadcast and sent in your reports. Pat also reports hearing W6XAI the other experimental station in Bakersfield, Calif.

Joe Becker sends us word that he has just received a notice from WPAX 1210 kycs. Thomasville, Ga. to the effect that they will broadcast a DX program for the members of our club on the morning of January 8 from 2:00 to 5:00 A.M., E.S.T. Thanks for the fine work Joe. Now we want to wish each and every one of you the Merriest Christmas that you have ever known.
