The WCED engineering dept advise that nearly all DX reports were lost and request DXers to send duplicate reports to the engineering dept and they will be verified. This information from Dick Cooper.

I took a drive to Batavia a couple Sundays ago and talked with Mr. Carlton Greene of WBTA. He explained what was holding up the veries. He promised to verify shortly. This has been done because today April 25th I received their verification card. It has large call letters in red at the top and is really a very nice looking card. Thanks a lot Mr. Greene.

F C C News

A construction permit has been granted to the Butler Broadcasting Co., Butler Penn for a new station on 680 kcs with 250 watts power.

The F C C has denied the renewal of station WBAX in Wilkes Barre Penn. They must be off the air by 3AM E.S.T. July 1 1941.

KRBA-KSAM-KTBC-KNET & KGFI are licensed on a 90 day basis. Station KGKB is continued to operate but is warned that this is not to be construed as approving Dr. Ulmer's past activities..

WJZM Clarksville, Tenn, These call letters have just been assigned.

J. McDonough an operator at WARD write saying that after May 1 1941 WARD is leaving the air and will be known from then on as WBYN and will operate on 1430 kcs full time and will shortly receive an increase in power. So you fellows better get busy and get the others now on 1490kc.

April 26 1941

Another gala DX get-to-gether and what have you was held at the home of "Pop" Edge on Saturday and Sunday, April 19th and 20th.

Hostilities started with a bang at 1:30 PM Saturday with the arrival of Jack (get that girl for me) Siringier, Francis (heart at home) Gmeiner and Steve (nothing to say) Mann from Cleveland. Soon after the arrival of the above mentioned trio we visited WBEN's new transmitter on Grand Island. Next on the list was an exciting Bowling tournament. Scores will not be published at this time principally because they are not fit to be seen in print.

Blind dates were furnished for the boys by Eugenia Carberry for the evening and early morning hours. A very enjoyable time was spent dancing and making merry at Auf Weiderschen, a night spot just outside the city. Mr. Siringier seemed to be doing alright with his date, (Genie Carberry) in fact he was very reluctant to leave as was she. Great things these get-to-gether as evidenced by the other end of the Carberry family.

Sunday the gang visited the home of John Kalmbach where reception reports and verifications were looked and commented on. The Buffalo Airport was next on the list for a brief stop-over point.

We arrived at 525 Stockbridge about one O'clock and later welcomed the unexpected but timely arrival of Dick Cooper and his family. We were looking for Pat Keilley all afternoon but guess he just couldn't get away. You were here in Sprit anyway, Pat.

A splendid meal prepared by Mrs. Edge, consisting of delicious ham, scalloped potatoes, salad and all the trimmings, topped off with lemon pie that was really pie. Mrs. Edge was ably assisted by her oldest daughter Marjorie and Miss Dorothy Pfeifer as well as Mrs. Edge (Ray's Mother). After dinner club business and general topics pertaining to improvement of the club were discussed. Next seasons CPC arrangements were also brought up. The male members then retired to the Editors den where operations of the club were explained and the veries of Messr's Mann, Siringier and Edge were looked over with admiration.

Six PM was farewell time and the out of towners bade us goodby. I'm sure everyone enjoyed themselves thoroughly and to you members who haven't attended one of these get-to-gether try and make the next one. By all means dont forget the Summer convention here in Buffalo on August 30 31 and September 1st. Speaking for the whole attendance, our heartfelt thanks to the Edge's for their splendid hospitality and trouble.

The complete roster of those present include, Francis Gmeiner, Jack Siringier and Steve Mann from Cleveland, Mr. and Mrs. Dick Cooper, their children Martha mae and Tommy as well as Dick's brother, Bob from Kittanning, Pa. Buffalonian's present were Mr. and Mrs. John Kalmbach, Mr. and Mrs. Ray Edge, Hans Jacobson, Marge Edge, Catherine Edge, Janette Edge, Dorothy Pfeifer, Ray's Mother, Eugenia Carberry and yours truly Tom Carberry.

SIDELIGHTS-The Cleveland gents spent Friday in Toronto and we hear they almost got put in a concentration camp for singing German Songs.

WRONG WAY Kalmbach did'nt go the wrong way this time. He knows his way around Buffalo pretty well.

WHERE did "Romeo" Siringier go when he sneaked out of the house around 5 PM Sunday? We know, but wont tell.

WHAT a show little STEVE MANN put on with his self styled Rumba's Conga(s and what have you.

How many of us would love to have the ALASKAN verie of Jack's from KGBU as well as his TGC and other rare snatches.

"POP EDGE" must have been born in a boarding house. WOW he sure gets what he goes after at the table even if he has to climb.

MRS. COOPER made sure her husband was going to be a good boy this time She came along with him. but didnt bring any "masked" potatoes.

Since April 1st have reported and received veries from WIBM-WLS-WRVA, also rpts to KRMC-1YA-JOHK-JOIK, found break in Jap chain around 8:10 or 15am EST, so sent out these two a report, wonder if they are as friendly as a year or two ago. The friendly station is WRVA they replied with card and letter and a follow-up letter from Director of Public Relations. Last Dec reports went to KGNC & KMO with 3¢ stamp, no answers. Then early in March I found out that a mail clerk in these parts went wrong so I wrote both these stations and enclosed carbons of reports and asked if they would let me know whether or not they had received my Dec letters, again I enclosed 3¢ stamps and nothing has been heard from either station. Only other report out this season that is overdue is XEAF, they never pay any attention to me. Hi.
