11	WBLJ	Dalton	Ga	1230 N R C	3:00 -	4:00 AM

WSUI-Iowa City, Ia. It is possible that this program may be on from 2:30-3:30 AM depending if Iowa is on CWT or CST. WSUI has long been a friend of the DXer and lets show Mr Carl H Menzer that we remember that fact. This station should be easliy heard and we should look forward to it eagerly. It is hoped that no one will miss it, as our reports will show WSUI that we are in there listening. They are on our side. Arr by Joe Becker.

KWAL-Wallace Idaho. This station is again with us after having a very successful dedication last season. On that occasion WNOE stood clear for the entire 45 minutes. Mr C J Crane c.e. of KWAL and your CPC Chairman again have written WNOE and also KSAN to see if they will stand by. No replies have come as yet. However should they stay on you will still have a good chance of hearing KWAL for they will play Band Music exclusively. We do thank Mr Crane for his cooperation and lets all report. Arr by J Becker.

WKNY-Kingston N.Y. The late hour? well this is Sunday morning and an alniter WWSW signs off<sup>n</sup> at 6AM leaving only WJBK to contend with. This is also the clearest hour on that channel as only WJBK is on at that time Sunday AM. WKNY has a new chief engineer, Mr Wilbur J Fahey who says he will be happy to crank up the old xmitter anytime we say. Well thats real cooperation. WKNY gave us 2 DXes while he was there, Mr Soimes and on both they had WWSW-WJBK to interfere, now with WWSW off and only WJBK on lets see if some of our PWT boys can get in a report. Lets all be in there listening and show Mr Fahey how many reports we can give him and do a lot better than in the two previous years. Arr by E Cooper

1450 WGNC	Gastonia,N.C. will test Nov 9th 4:30-5AM (Craig)
WWDC	Washington,D.C. s-on at 6AM,Good here. (Van Voorhees)
WHMA	Anniston,Ala verified with nice letter,by Jerry Hunt, c.e. and says that he appreciates reports containing signal strength & any technical knowledge you can supply. (Edge-Buffalo N.Y.) Tests 3rd Wednesday of month from 3:40-3:50 AM EWT (Edge)
1460 WHP	Harrisburg,Pa s-on with farm program at 6AM. (Van Voorhees)
WHEC	Rochester,N.Y. comes on for the day at 6:30 AM (Van Voorhees)
KINY	Juneau,Alaska signs on at 3:30 AM (VRC & E Cooper)
1470 XESM	Mexico City breaks thru in early evenings(Van Voorhees)

October 30 1943

TIPS and LPO REPORTS

BCB Page 3

GRANT BATSON-WESTFIELD N.Y.-THE OX BOW HILL DXer (Formerly The Lake Shore DXer) is slowly coming back into DX after a long long 6 months. We moved the 28th of May last and bought a home South of Westfield and really have a good set up here for radio. After fiddling around on an arms length antenna I finally erected a new one 135 ft long N-S with 75 ft leadin and a ground system to the hot water heating system that covers 8 of our 11 rooms. Reports sent 4/19 WOOD and CKRC (SW).-10/11 2-2:30PM. 10/18 WBBQ NRC program Q3-4 R 4-7 plus, bad QRM. I missed all of the other specials except trying for WKPA that didnt come on and I got burned up in thought as I got home from work on a Sun AM and hrd them s-on at 7:45AM, too sleepy to report, they seem to be in the clean then. 5AM KFI is like a local Q4-5 R9. TGW on 640 hrd Q3 R7 eves around 9:30PM. Reception here is some different than on the Lake Shore as daytime stations like WMAQ-WBBM-WHO-WGN-CBF-WCFL-WHN-WBAL-WBT-WEAF are well hrd days. How about a DX from CHGB-CFAR-KUJ? 10/25 at 6AM on 1240 kcs hrd a Frenchie s-on and believe it was CHLT, Q3 R7. The last week rather heavy with static to get best results with DX tho the signals were strong. Anyone ever coming thru Westfield look me up, any one you ask will know where to guide you, especially the P.O. (Its swell hearing from you again-Ray)

LEFTY COOPER-BROOKLYN N.Y. Roy Phelps of WRRF is joining the club. Verifies in from WSNY-WEGO-WJBO. Not much DXing done this week. I received the suggestion of Frank Johnson- TO FRANK-That is a good suggestion but the FCC has had such a request and they state they have no control over programs content, albeit a worthy addition. It would be rather difficult for the CPC to do much about it, for we have trouble sometimes in getting the programs. Include the siggestion in your reports to each station, Frank. The Cuban on 660 has a sw relay around 7015kcs and announce in English. I havent yet caught the BCB call. It is in Havana tho. The programs listed as Xmas DX are for the NRC honoring our many members in the service, and come from religiously owned stations. Wonder if we might hear Pop on the Dr I Q program winning some money while the program is originating in Buffalo??? (Not me Lefty, in that mob each week-Pop)

DON MEYER-BOSTON N.Y. Recent reports to WCBI-WAIM-WISE-KGKL-WHIS-WBTM-WHKY-WJBO-WTJS-KFAM-WHMA-WGPC-WCRS-WEED-CKTB. Only veries received are WKPA very neat card-WCBI-WISE-KGKL-WHKY, missed the fun on the 12th, turned on the set and fell asleep while it was warming up. Woke up at 4:10 to hear several testers. Van Nostrand seems to have shifted 3rd Fri 1450 kcs checks to 3rd Wed. WMBR also checked on 2nd Tues 5:45 and announced as reg check. (Don on the back of your report you say, enclosed please find your stamps, nothing there, but I still dont get it as I do not remember anything about stamps-Ray)

BILL GABRIEL-LAKEWOOD, O Believe it or not here is a report. Have logged WHBI-WJBO and have reports out to both. Overslept on WRBL-KSJB, the alarm going off and me turning it off in my sleep (Dont say anythin, I know) I wonder if anyone has WHBI verified? Certainly would like to get em. WJBO hrd well here--nice show. Have written KINY and am pretty sure of a DX. Also have requests for DXes out to WWDC-CJVI-KFUN-CFJC-WDLP. WLLH cannot DX although c.e. would like to being a ham.. DXers can get the 250w Lowell xmitter alone at 7:30 AM EWT on test. Guess you have to be lucky on the other one--thats how I got it. Boy those DXes are really looking up. KTW-KWRC-CJRL really should have the boys droolin-Hi. I sure hope my CPCing gets going, it sure has been lousy so far.

\*\*\*\*\*NOTICE\*\*\*\*\*NOTICE\*\*\*\*\*NOTICE\*\*\*\*\*

Dick Cooper has so generously printed up some REPORT FORMS-NRC and has sent them to Club HQ here at Buffalo. He is also printing some Letter heads. Both these are without your Return Name and Address on them, although the place is there for you to either type or write it in. The REPORT FORMS are 75¢ @ 100 Postpaid. Letterheads will be 65¢ @ 100. cont.

PAGE 4

## NOTICE ABOUT REPORT FORMS &amp; LETTERHEADS cont.

when available and you will be notified via the Bulletin. REPORT FORMS are now available. We should all give Dick a swell vote of thanks as he is only charging the cost on these articles, the profit made from the sale of them will go into our SERVICE MEMBERS FUND. This was Dick's proposition. With such cooperation and generosity by one of our members, no wonder the NRC is the club that it is. Thanks to you Dick from us all.

FRED VAN VOORHEES-WHITESTONE N.Y. Opening the last week in October, recent veries have been from WCBF-XEG-WLVA-WRRF-WGAC. Reports out in past week to WJBO-WPAB-KFAM-WKBW-KJR-WWDC-WHP-KPOF. Still out are WJBO-WPAT-WATW-WEGO-WBYN (and this will be out and how-Ray)-WRBL-WSAJ. The week day by day 10/18 WJBO on NRC special, very poor 3-3:10 with bad tone behind him; WJPF tested at 3:14; WPAB at 3:33; KFAM testing with good signal at 3:45; 10/19 KFVD on reg sked at 4; WKBW testing at 4:10; KJR on reg sked at 4:30; WITH signing on at 5; WERK testing at 5; 10/20 WINX testing at 5:35; WAGA signing on at 5:45; CKCW at 6; WHKY with typical ZERA ads 5:45 WWDC on at 6; WHP at 6; WHEC on at 6:30; 10/21 WRC testing at 3:40; KPOF test at 4:15. And that brings my DX activity for the week up to date. No specials this week. Be a good one to sleep. (So you hope I choke on KHBC and KAST.H-, well Fred I dont intent to reverify any myself but after sitting there all night and hearing nothing new you like to send at least 1 report for your nights work, so a duplicate will be WNOE, also to let Mr Gordon know they can be hrd here and help our cause along for the KWRC DX. On the KAST, that was too tempting to let go, so a report but you can be sure that dulpications will not be wholesale-Ray) (PS But Hawaii gets a report every time I can hear them good enough.)

GENE ALLEN-BERKELEY CALIF Latest DX here is as follows; WPAD, 1450 heard ~~xxxxxx~~ 6AM Sunday. COX-1010 in Havana also hrd. CFFL-1570 kc in London, Ont hrd in evenings after 10PM. 1YA-650 kc in Auchland, N.Z. has been hrd weakly after 6AM (Look Fred-Ray) Japs on 750 & 800 kc and hrd R 2-3 Sunday after 6AM. I tried for the special WKPA but was smothered by a Spick; KSJB was covered by our local KRE and WRBL was smeared by KGFJ in Los Angeles. Did not try got KGCU but plan on trying for CJRL on the 22nd. WHBF on 1270 kc a new one for me hrd 10/16 7:13 AM. (Well Gene it looks as if you west coast DXers have your troubles also with alneters)

JACK CRAIG-ERIE, PA Since Oct 6th I have sent reports to KLUF-KSJB-WAML-WCBI-WJBO-WLAK-WMFJ-WMGA-WRAL-WRBL-WSAV. Veries received from KCKN-KVOL-WATW-WDAK-WEMP-WGNC-WISE-WJMC. For reports of the same time. In verie from WJMC the announcer asks me to write and give him my opinion of his announcing. On Oct 15th Ed Bates, publisher of Meadville News Papers said they still had application for a 250 watt station in Meadville. Before the FCC, so we may still get a new station in this area. So far the club programs have been swell, hope the CPC keeps up.

"PAT" REILLEY-JAMESTOWN N.Y. Verie from WTOP for number 1263. Heard nothing to speak of Sat or Sun 23-24th, the 25th had a bad buzzing, that never let up from 3-4 and back to bed; 26th all stations seemed to be very weak-WNOE-WEXL-WJW-WITH were hardly audible at all. 1380 kc had a Mex on but never pay attention to them as they average about 2 from every dozen reports. WDAF at 3:15, fading very bad on the strong locals; 27th WDAK on equipment test in Columbus Ga at 3; Mexs on 1440-1380-1500 kcs. Whatever the calls were. CKLW had on army broadcast from England with US soldiers. No aerial up yet.

STAN MORSS-BRADFORD, MASS Reports out to WPHC-WPHK-WPHT-WINN-XEG-WBIG-WMBD. Veries in from WPHE-KXOK-KGEI-KLRA-WRRF. Also got a swell letter from Roy Phelps. WNEL R4 at 6AM at s-on before rest of stations on 1320 came on. WMBD s-on at 6:30 AM, was R8 on Oct 25th.

Remember report forms are available now, 75¢ @ 100 postpaid.

QRA CHANGE cont

San Diego, Calif. / (Calif  
Richard Justavick ART2/C-Patsu 1-2-c/o Fleet Postoffice-San Francisco,

DICK COOPER-KITTANNING PA Veries the past week include cards from KALB-KICD-WBIR-WCOV-KGVO for club special. A letter verie from WMRF, Lewistown Pa hrd very well in the afterncon in Kittanning and dispite WWSW only 40 miles away. Incidentally arrangements are complete for a DX program from WMRF on Dec 12th from 6-7 AM EWT. Bernard H. Bopp is Chief Engineer of WMRF and is interested in getting reports from you fellows particularly on the coming special when the channel will be clear except for WJBK. Am a little behind with my correspondance on account of long working hours again but will be caught up in about a week. This DX hobby continues to produce unusual and interesting things--the past week I had a visit from a local lad who is only 19 and a veteran of 1 1/2 years as a radio-gunner on one of our aircraft carriers. He became interested in radio more or less through his associations with me and I almost feel personal interest in his record of shooting down a Zero or two and being the sole survivor of a plane crash in the South Pacific. Who is Spick on 790 kc?

GEORGE LUTHER-KERRVILLE TEXAS News from this L P exactly nil, DX ingly. Heavy static still active most nights about like mid summer, so often the Texas 50 kw stations are hardly listenable some nights. But then summer is still lingering with us which is nice for all but DX. Guess the game and shirt-sleeve weather just dont fit together. However it does seem that static is lingering longer this year than usual, but nothing to be done about it. Much of the time, too reception is distorted like Aurora Borealis will do but as that reaealy touches this far south maybe I have a sun spot. All together it simply adds up to no go. Wont be able to do what I have in the past few years for I'm still working, sad to say and every indication is that I'll continue to be doing so for some time, unless I have another health breakdown, and I dont believe I want to DX that bad. Will twist the dials a little this winter though.

NORM MAGUIRE-ALBUQUERQUE N MEX Boy it makes my happy to see all those specials in the bulletin and hope to tune for the majority of them. I tried for WELL the other morning but the Zenith just wouldnt pull them thru. TO-DICK COOPER-who signs veries from WOWO? Picked up KIUP and KUTA at 2PM, dont know the temp but now at 5PM its an even 100. Also heard WDAF-WHO etc at same time. Several reports out now ~~ix~~ but most have come in. New veries here are WJLD-KGNO-KWAT-KTRH. All new for me. Have been alter all but the first one for several years. Hrd KWFC the other morning for the 1st time, then turned about and got KFFA coming in well too. So you see I do manage to get a new one now and then.

	POWER	STATION DOPE	FREQUENCY

Camp Phillips, Kansas.

Thanks for the card. The bulletins are reaching me OK and I havent missed a one. I havent done much DXing yet did get a verie from KVOO the other day. The DX

calendar looks swell and I am going to try and get in on a few of them but it will be impossible for me to try for every one. Am enclosing the QRA of Dick Hustavick, I hear from him often and will keep you posted of any changes. (OK Jim and thanks as I will contact him-Ray)

CPL ELWOOD BOROWSKI

~~Just a line to let you fellows know that while I am no longer able to take an active part in club affairs I still follow it closely. Have been out here for some time and will probably continue with further studies in Radar which seems to be in style these days. Electronics is playing a great part in this war and has great promises for the future.~~

PFC LEO HERZ-36625308  
101st Signal Co.  
APO 472 c/o Postmaster  
New York City, N.Y.

Greetings from Merry Old England. Had a letter from Bill Stone and as soon as I can I will meet him which will be fine as Bill and I were good Pals. I have a request to make. Pipe Tobacco is scarce here and I would appreciate

if you or some of the other boys of the Club would send me some as you all know I like to smoke my pipe. I cam thru the trip in good shape, not sea sick at all. I got the club bulletin of Sept 8th and now waiting for Sept 18th. Please extend my greetings to the boys through the bulletin and tell them I will do my part. (OK Leo a can of Tobacco will be on the way and to you other of Leo's pals, better find out if you can send some over, as you know you must have a request from the service man. I of course have his letter and a can will go this Monday ~~xxx~~ Nov 1st.-Ray) Also you can write to the boys overseas AIRMAIL for 6¢ a 1/2 ounce-Ray.

PFC JACK QUINTRELL  
Hdqt-6th QM Tng Regt  
Camp Lee, Virginia.

Greetings from Camp Lee where yours truly still hangs his hat and attempts to get a little DX. This location is just screwy and at times you can find a 250 w station pushing WGH or WCBT off the

dial. Since Sept 20th I received veries from KGFJ-WOOD-WAPI-KFMB-WCLO-WEMP-WGRC-WSPR-WAVE-WFBG-WHP-WNEW-WJJD-WGKV-WQXR-WKBN-WMBO-WEDC-WIND-WWVA-XEG-WTAM-WSAI-WIBX all new ones for me. In addition have reports to WRBL-WJBO on specials and WDAF-WCSH-KILO-WGAN-WLBC-WHBY-WCOU-WARM-WLVA-KVOA-WICC-KTUC-WCAO-WMBH-WORK-WBT-WGBI-WAGE-WTMA. On average I get to DX a couple AMs a week and very little in the eves. Been corresponding with Krise-Brown and Barrett lately. Tried for KGVO but only a trace. Say how about Reilley getting a DX from that 250 watter in Jamestown? Been trying to hear it for years, no luck. Veriemark is now 539. Expect to get a furlough in December and will look up Jim Wedewer and Rog Legge.

PVT LEONARD KRUSE 17112808  
Co A 2nd Sig Tng Br  
Barracks No 1  
Camp Kohler, Calif.

Presently spending a furlough at home and I really taking life easy. No DX past few weeks but I have some good veries. Like Ray I received KGMB verie, my 1st Hawaiian. KGVO verified the special. KFXD sent nice letter

and stamp. Other veries were KXRO-KTUC-KWLK-CKMO-CJVI-KALE-KJR. Finally by visiting the KSAN studios for the 2nd time. I received their verie. Bet a lot of the fellows need this one. Send reports to Lois Thille, sec. O recent visit to Oakland, Calif visited KLS, very unique station. My log profited neatly from being in Calif the past few months. I logged 66 new USA stations, 6 new Canadians-6 new Mexicans and my 1st Japanese station namely JOGH. I have added a total of 44 new verifications for my log. Incidentally I logged KTUL when home on furlough.

Well boys a swell bulletin this week, plenty of news and reports, keep it up and remember the deadline for next issue is Thursday Nov 4th.

E. Prendergast also reports CSW6 heard with good signals between 2-3PM with war news, music and market reports.

PLEASE-PLEASE SEND IN YOUR SHORT WAVE REPORTS AS THEY APPEAR IN THE BULLETIN, THAT IS 1st THE FREQ, THEN CALL AND THEN THE REMARKS. BY DOING THIS YOU WILL SAVE ME A CONSIDERABLE AMOUNT OF TIME, WHICH MEANS A LOT TO YOUR EDITOR NOW THAT HE IS EDITING BOTH SECTIONS. PLEASE REMEMBER IT TAKES TIME TO GET YOUR REPORTS IN THE PROPER ORDER ACCORDING TO FREQUENCY AND IF YOU WILL SEND IN YOUR REPORTS AS ASKED THEN I AM SURE THAT ALL WILL WORK OUT TO THE SATISFACTION OF US ALL. IT MAY TAKE YOU A LITTLE LONGER TO MAKE UP YOUR REPORT BUT PLEASE THINK OF THE TIME IT WILL SAVE YOUR EDITOR. AND AS SUGGESTED BEFORE LEAVE A SPACE BETWEEN EACH ITEM.

THANKS A LOT

*Ray (Pop) Edge*  
Your Editor-NRC.

As published in another part of this bulletin, report forms are for sale at Club Headquarters at 75¢ a 100. Letter heads 65¢ a 100 POSTPAID. I know that as far as reporting to stations on SW, it is unlikely. At this price your name and address will not be printed, but it can be typed or written under the space where "PLEASE REPLY TO" is printed.
