25	WXLS	850	Narsarsuaq, Greenland	NRC	3:00 - 4:00 a.m.

XEFI-CHIHUAHUA, CHIH., MEXICO - The program of the season, boys! Announcements will be bi-lingual. Featured on the program will be Mr. Charles L. Rice, American Vice-Consul in Chihuahua; Mr. Jose Carlos Chavez, member of Chihuahua's Historical Society, who will tell us about that city, an official of the Chihuahua State Government; Mr. Robert K. Peyton, who will tell about the industries of XEFI's city; Mr. Benjamin Nordwald, member of Chihuahua's Tourist Ass'n.; Mr. L. B. Nowberry, American citizen, who will tell about the Mexican Revolution to which he was an eye-witness; Mr. Lauro C. Alvarez, member of the Chihuahua Rotary Club, and the Sextet, who will play and sing music of Mexico and the United States. We also hope to hear our member, Mr. Mireles, manager of this fine and friendly station, and there will also be a bit of comedy, and greetings to listeners in Canada, United States, and the Republic of Mexico. The entire outline of this program was received by your Editor, who arranged the program, and it looks like the show of the season, believe you me! The sextet to be heard on the program are members of the Chihuahua Symphony Orchestra, and the soprano soloist to be heard will be Mrs. Maria Teresa del Avellano de Licon. Km-seeing the big broadcast will be one of XEFI's Chief Announcers, Mr. Jesus Martinez Herrera. We cannot even begin to thank all these whole-hearted folks for this splendid program, so there is no use in trying. However, it is the fondest hope of your Editor, and Mr. Mireles, that everyone will listen in and send in a reception report. You must PROVE you HEARD the program to get your verification. Remember now - Wed. Nov. 20, 1946 - 4:00-5:00 AM, E.S.T.! Report!

KDFN-CASPER, WYOMING - Talk about your rarely-heard stations - this one is it, and here is the chance so many of us have been waiting for, as KDFN is honoring our club with a special program. Now there will be interference from XESM, but KDFN should dominate for most of us. Mr. Marcus Nichols of KDFN recalls it has been a long time since KDFN's last DX. The program is not to be exclusively dedicated to the NRC, since others are interested. He promises that all reports will be answered if return postage is enclosed. To you young and new DXers - don't pass this program up, for most of the old-timers need KDFN just as much as you do! Thank you, Mr. Nichols, and may you receive many reports! Credit Sully Sullivan for arranging this super-duper DX special.

WXLS-NARSARSSUAK, GREENLAND - Operated by members of our Armed Forces, this swell bunch of boys will be back for a second try. There was a mix-up on the date of the October

"D-X DOWN THE DIAL"

- 550 - CFNB Frederickton, N.B. Daily Sked - 5:30 (Sun. 8 AM) - 11:00 PM, EST. (Stone)
- 610 - CHNC New Carlisle, Que. Daily Sked - 6:45 (Sun. 12 Noon) - 11:00 PM, EST. (Stone)
- 690 - XEAC Tijuana, B.C. V/S is Jorge Rivera. S/off 2 AM, EST. (1, SUN.) (Duggan)
- 720 - HJCU Bogota, Colombia, hrd exceptionally well Q5 R9 from 9 PM 10/29 - Got fine
- 800 - WQHA Chambersburg, Penna. Under XELO carrier on DX, weak, tough (Lefty) rpt. (Moore)
- 950 - KSEL Lubbock, Tex. TT 3:00-3:30 11/11. (Lefty) KFEL not on.
- 1010 - WSUA Bloomington, Ind. Long ann. on test 11/11 at 3:30. Plenty dope for QSL (Lefty)
- 1120 - CMBY Havana, Cuba often heard at 6 PM s/off. (Moore)
- 1190 - KEX Portland, Ore. has moved to 1032 S W Main St. (Reilley)
- 1210 - WCNT Centralia, Ill. Signs on at 7 a.m. (Herz)
- 1230 - WFRP Savannah, Ga. Ga. Bdg. Co. James M. Wilder, Gen. Mgr. is v/s. (Reilley)
- WIKB Iron Mountain, Mich. Hrd 2:55-3:05 or longer 11/11, TT. Regular? (Lefty)
- WCLO Janesville, Wis. Checks 2 Wed. 4:25-4:40. (Lefty)
- KOOS Coos Bay, Ore. S/off 4:00 AM Daily, to return at 9 AM. (Duggan)
- WBLJ Dalton, Ga. Hrd test 3:40-4:00 11/4 (Herz) 3:35-3:45 11/11 (Lefty)
- 1240 - WENC Whiteville, N.C. tested for distortion all AM 11/1. (Bartholomew)
- WKDK Newberry, S.C. V/Ltr by C.A. Kaufmann (Reilley) who says reg. sked 7 AM-11 PM and Daily check 4:00-4:15. (Lefty) Hrd 4-5 AM 11/9 (Bristow)
- KHOZ Harrison, Ark. Loren C. Watkins, C.E. v/s. (Reilley) Plenty QRM on DX but swell show tho (Lefty)
- WWON Woonsocket, R.I. Initial test 11/10 S/off 3:43 (Reilley) Tested 11/10 3:10-3:43. (Jones) Hrd test 11/11 2-3 or later. (Lefty)
- KFBC Cheyenne, Wyo. Hrd s/off reg sked 1:51 AM 11/11 (Lefty)
- WWCO Waterbury, Conn. Hrd s/on reg. sked 6:29 AM 11/11. SEE PAGE 5 (Lefty)
- 1270 - WLBR Lebanon, Penna. "The Voice of the Lebanon Valley" test, 11/10. (Reilley) Hrd all AM 11/10 (Jones)
- 1304 - YV4RR Puerto Cabello, Venezuela. New SA being hrd very well on this freq. last couple of weeks - usually from 5:30 PM. Sig is often badly distorted later in evening. Listed on 1470. (Moore)
- 1340 - WNCA Asheville, N.C. is on Sundays to 3 AM. (Bartholomew) (Lefty)
- WDMJ Marquette, Mich. on long test 11/11, at least 2:40-3:30, on top of all.
- WDSR Lake City, Fla., very difficult to hear on DX behind WEXL. (Lefty)
- 1352 - CMKY Puerto Padre, Cuba hrd with aid of Xtal from 5:45 pm. Announces 1350. Are they still running 150 watts? (Moore) (Lefty)
- 1420 - WWSR St. Albans, Vermont tests 2 Mon. 2:00-2:30, hrd 11/11 not hr. earlier.
- WOC Davenport, Iowa S/on at 7 AM (Herz)
- 1450 - WMAS Springfield, Mass. tested 1:00-1:10 11/11 for FCC (Lefty)
- WLAR Athens, Tenn. hrd check 11/8 (2 Fri.) 4:45-5:00 on top of WWDC. (Lefty)
- 1440 - XEFI Chihuahua - Don't forget the big 11/20 4-5 DX! (Lefty)
- 1470 - KDFN Casper, Wyo. Another one to remember - big DX 11/21 3:30-4:30 (Lefty)
- 1490 - WNLC New London, Conn. R-9 on DX, but plenty QRM from others. (Lefty)
- WICY Malone, N.Y. Equip. Test all AM 11/2. (Bartholomew)
- 1510 - WMRP Flint, Mich. Homer Blumerich, C.E., v/s. (Reilley) Hrd 4:30-5 11/5. (Herz)

WXLS (Con'd from Page 1) program, but this November date is definite, Nov. 25, 3-4 AM, EST. It's mighty lonesome up in Greenland, they tell us, so fellows, listen in and if you hear WXLS, send in a report, and if not, still send along a thank-you note. Air-Mail is recommended - 6¢ a ½ ounce. Here's that complete QRA again - Cpl. John F. Havens, Mgr., 1385th AAF BU, APO #858, c/o P.M., N.Y., N.Y. Thank you, Hohn!

ON THE NNRC DX PROGRAMS - CJCS-STRATFORD, ONT. - Reports should be sent to Mr. Rod Clark C.E. This program may be tough, for CJCS runs only 50 watts, and new tests from WKDK-WGGA-WBHB & WENK will conflict. CKDO-OSHAWA, ONT. - Mr. S. Townsend, Studio Engineer is the one to whom to address reports. These same stations, except for WGGA, will keep CKDO company. We hope you members will support these programs as well as our own, even tho they do not count as NRC Spectals in our DX Contest.

Well, we've finally decided when the DX Contest standings and the standings in the Heard-Verified competition will be published. This is final - The Heard-Verified list will be in the SECOND bulletin of each month, and the DX Contest will be published in the FIRST bulletin of each month.

RECENT TESTERS - WENK - WBLR - XSVF - KBUP. KEEP WATCHING FOR

MUSINGS OF THE MEMBERS

JOHN T JONES-BUSTLETON, PENNA Got my new HQ129X at long last. DX, don't make me laugh. We have had the most unseasonable weather. 65 to 70 all day and during the early AM 55 or 60 degrees. DXed, however, on 11/9 hrd nothing of much account, and since I had to get up at 6 AM went to bed early, 2 AM. (Wow - only 4 hrs sleep and he calls 2 AM EARLY! -Ed.) (Att: RIP!) DXed 11/10 but since did not have to get up early made it an all-nite session, 1 to 5 AM. New loggings included KWKH over-riding WNEW; KWK-KRIS-KFJZ-WLBR, testing all nite-WSMB-KGGM-WWON, testing-KEX-KWER. New veries - WTER-WNAR-KXOK-KPO-WING-WLS-WGN WFEM-CKVL-KSTP-WSUA-KVOA-WKDK-KHJ-WGBF. Reports out to: KARK-WMRF-WGAR-WTIC-WADC-WWON WLBR. Did anyone ever get a verie from WWL? I have sent 3 reports; the last being a several hour report with a prepared card and return postage. I had sent a letter to WJMJ but it was returned marked "Insufficient Address." They have no telephone as I called Information and they told me that they, WJMJ, have no telephone as yet. I did not send a report last week because I was not able to DX. Had no electricity since electricians were installing new wiring in our 119 year old house. Did not even listen for WFKY since WWSW does a nice job of covering that channel. Will listen for WDSR altho with that WHAT it is probably hopeless, altho WHAT does not have listing in the paper as all night, so maybe. (They're silent every Tues. AM, John - Ed.) What does Johanns mean by IRC sufferer in Nov. 2 bulletin? Heard my first European on BGB last week around 5:30 PM on 995, hrd Lopik, Netherlands with poor sigs. Considered quite good for that Xtal since WIBG was on the air on 990 at this time.

RALPH JOHANNIS-BUFFALO, N.Y. That Sup-Pro at WMJ has Pop going, for I have NOT rec'd my DX NEWS and so have to 'cut' my report, also for WATN had it all ready Saturday and Bob Spencer saw it there on his visit, an enjoyable one, too. Tnx for ur OK 10/29 V/ltr, Harry, RYAN had such a young voice (HI) Those NRC Convention pics you'll have to guess, Pop's holding out on that also. Lefty has to do all the dirty work now, but I think he's "edging" out a darn good job! (Thanks, Ralphie! -Ed.) I got that cute little F-LL Log Book and hope the 'baby' grows up fast. To J. Long - NIX fr SW, but get 'dope' from WBLJ as 3 reports are NOT answered! 11/11 AM and only rain, but hard! WNOE-WMVG-WMFD-WNVA-WRHP & KVSP all 1450 Kc/s., WCMA, 1230. KTFS 1400, WDSR at 5 AM, etc., Oh yes - WKBW at 4 and a lot of street cars. VERIES are 697 & WNBC a swell letter from first test, etc. WFKY letter, also V/cd for Spcl-WKDK(2)-WENK-WMRP-WFRP-WHUM(letter)-KARK-KRKO & WQFO. (Whozatt, Ralphie? -Ed.) See you next week. By the way, 11/11 after 4 AM, I definitely hrd call, and 'Artesia, N.M.' 1450 Kc/s. Test was un-modulated. WLBR 1270 hrd 11/9 11/10 will open reg. sked 11/13 at 7:30 AM, Bill Zehring at the Control Room "The Voice of Lebanon Valley," Lebanon Broadcasting Co.

PAT REILLEY-JAMESTOWN, N.Y. Reception very noisy most of the week here - 11/4 and 11/5 too noisy on the ears to DX. 11/6 Too many election stations on to DX. 11/7- Too darn noisy. 11/8 - WCHA good and noisy on DX, believe WEEJ was on in the mixup on 1240 today. 11/9 - Too noisy to DX long. 11/10 - WSUA on f/c at 3:20 and off at 3:30. WWON, 99 Main St., Woonsocket, R.I. on initial test and off at 3:43. WLBR on equipment test for the third new one today and very noisy all AM. New veries this week were: WMRP-WDSR-WKDK-WFRP KHOZ for 1,396 veries and WLBR was the 1500th one written to. Correct Ralph - that is WJTN who has carrier on real often but can't play records as turntables are in downtown studios and not even a mike in transmitter house as I was told by one of the cps. To Sully Sullivan, names mean nothing in this new world of curs, an Irish name is carried by a lot of different people of other nationalities. (Hooray for the Irish! -Ed.) (Hey Pat - once upon a time there were 2 Irishmen. Now look at 'em! *Joke! -Ed.)

SID STEELE-LOUISVILLE, KY. Things are beginning to come through at last, although it seldom gets below 50 degrees as yet here in Kentucky. 10/27 - Was surprised to find WPIK R-7 from 5:00 to 5:15 in the afternoon; also WEDO from 5:30 to 5:45 sign-off thru WGY. 10/28 - WHHT R-8 5:30 to 5:45 sign-off. Verie said mine was the first report on regular schedule from beyond the Blue Ridge Mountains! 10/30 - WWVB testing all morning and several mornings thereafter. 11/4 - WMON through the 1340 mess on test at 2:38, WMVG at 3:10 and WSUA at 3:15. Said it was a regular daily check. WIRA for a new one 3:15-3:25 test. 11/8 - Was only up for one hour, but got reports on 6 new ones. WMRP FB on 1510; WCCP thru WWDC and WRHP on test; WHKP with voice only at 4:25; KTFS at 4:35 begging for reports and promising veries; WCHA on DX 4:38-4:55. WLAR on test 4:47-5:00. 11/9 - Sent another report to WTOD. Hope he answers this time. Veries in from WMON-WHHT WEDO-WPIK-WSUA-WRHP-WENK & KWKK. About 15 reports out.

MUSINGS OF THE MEMBERS

STAN MORSS-BRADFORD, MASS. 11/1 - WRHI R8 at 2:19. WWWB all AM R5 or better. WLLH testing 2:45 AM. WINX at 3 R5-6. WOLS at 3:19. Veries from KWHK, WJAG and KLUF. 11/2 - WWWB at 2:38 on ET; WMRP all AM, on reg. sked 11/11 at 7:30 a.m. WGTC at 3 f/c. WFTL at 3:58. WTIK at 4. WICY at 4:08. WKLA at 4:25. Veries from WJOL (on Special) and WKDK. 11/4 - Noisy, no DX. WMVG an R8 and 50kw. N.Y. stations WOR & WJZ R4. Verie from WFRP. 11/5 - KROW good at s/off 3 AM. KWAT 3:03-3:15 on f/c. WMRP 3:18 on, on ET. Hrd what sounded like WGRV on 1340 - got a lct of info but wasn't sure of call, announced Greenville. WFKY fair on NNRC special, 4 AM. WHKP 4:25 on ET. WKDK at 4:35. XEG on at 4:35. KABC testing at 4:40. Verie from WRHP, also from WHGB on test. Said they got one other report - from Buffalo. Ralphie? I think the SW section is not such a good idea - let's keep to BCB. 11/6 - CJBR testing 3 AM. KWK at s/off R8 3:14 AM. WJEJ all AM. KTHS good with election news. First Idaho for me - KTFI from 3:47-4 with election returns. WTBO on all AM, also WLAW. Lots of stations on every channel I didn't identify. 11/7 - WARL testing on 1560 kc/s - a little off frequency? (No - Stan, that would be their 2nd harmonic - Ed.) 2:30 on, an R7 here. CFBC 3:07-3:30 s/off to clean up New Brunswick again. Who tested on 930 Kc/s. during and right after CFBC signed off? WMRP testing 3:50. WTBO at 3:52. WRHP 4:14 and WENK at 4:20. Veries from WHSC and WMJM.

BILL BARRETT-DENVER, COLO. Well at last I have been discharged from the Second Division at Ft. Lewis, Washington and from the Army in general. I served about a year in the Army and wouldn't take \$1,000 or a verie from KGFX for what I have learned and for the fun & work that I had. Glad to be out anyway so that I can start DXing. I heard a lot up at Ft. Lewis but didn't send any reports out because I didn't have the time, and anyway I do not count in my log stations logged away from home here in Denver. And there was good DX stations too, like KOAC-KELA-KCOW-KGY-KPQ-KONP and the like that were very easy to hear. Any-way I DXed here on the 5th and caught the new WMRP in Flint on 1510 Kc/s. about 4 to 5 AM and then KBMY, Billings, Mont. signing off at 5:05 and then KBNE at 4:30. Reports on all 3/ Now that I am home I will for the first time have some time for DX so veries here I come! Lefty, @ think that the new bulletin is swell and I want to take this minute to say that I think that you are doing a dandy job as Editor. (Thank you, Bill! -Ed.) And I do like the type on your typewriter. I think that it is a bit easier to read and makes a vy neat looking bulletin. I really am tickled at being home, though, and it is quite different from the Army, yes yes. I think that the new log is swell and I am swfully glad to have it. (Welcome home, Bill! -Ed.)

CHARLES C. BOEHNKE-SAN FRANCISCO, CAL. This will be the first time I have reported to the club for a long time as I have been in the ranks of a SW DXer for some time. I thought I'd send in a line of congrats to you on the editorship of "ye olde" club bulletin. (Tnx, Charlie! -Ed.) Used to report to Ray Edge but as I said I've been messing around with SW for quite a while. However I do tune the BCB every so often to see how things are doing. DX is OK here and the TPs are beginning to roll through. Quite a few Japs as well as the Hawaiians. KPOA on 630 is now heard but not as good as KGMB or KGU. Also KFAR in Fairbanks comes through here as early as 11 pm PST with a barely readable signal altho they get up to R4 later. Latins are considerably tougher to get though will probably log a few when winter really sets in for its yearly stay. The FCC sure slipped up when they assigned 920 to both KVEC and KOLO for along with KFPY there is one grand mess of QRM on the freq. evenings here. For lack of anything else I am putting down a list of the stations heard here normally in the daytime. 560-KSFO. 580-KMJ. 610-KFRC. 630-KOH. 640-KFI. 680-KPO. 710-KIRO. 740-KQW. 810-KGO. 860-KTRB. 910-KLX. 940-KTKC. 960-KROW. 1050-KVSM. 1100-KJBS. 1140-KGDM. 1170-KLOK. 1210-My phono osc. 1230-KWG. 1240-KROY. 1260-KYA. 1290-KHSL. 1310-KWBR. 1340-KCRA. 1350-KSRO. 1400-KRE. 1430-KARM. 1450-KSAN. 1480-KIEM. 1490-KXOA. 1530-KFBK. 1570-KCVR. 1590-KSJO. That is about it. Sometimes a few others will come in for a while. For example KIDO was slarmin in a week or so ago during the daylight hours. S'all I have to say so will run along now. CU again.

BOH BROWN-W. LAFEYETTE, IND. Thought I'd better drop U a line to let U know I'm alive if not DXing. I'm not going to be able to enter the BCB contest this year because of school work. I might get some tuning done during vacations tho. I did add a few new veries after I came back from the convention: WBOW-WRRF-CKY-KSTT-WCMW-WBT(on 2220 Kc/s., a dup.)-WISE-WGCM WIRA-WFOX-KDNT-KCMO-CFNB-KTAR-KSJB-KVNU-KRIC-WKAY-WAJR-KOMO-WROL-WCCP-KGCX & KBIO. Total now 565 with 45 rpts out yet & a 4-day vacation coming up. Think I can make it 600 by 1/1.

MUSINGS OF THE MEMBERS

HANK WILKINSON-BURBANK, CAL. Verie from KHON, 1400, 250 watts, Honolulu, T.H. received on 10/24 from a report of 10/13. QRA is Box 1380, Honolulu, T.H. Verie signer is Ira Mercer. Report out to KPOA, 630 Kc/s, Honolulu, on reception of 10/28. QRA for all Japs: Wm. Hames Chief Engineer, C.I.&E. Radio G.H.Q. - S.C.A.P. A.P.O. #500 C/o P.M., San Francisco, Cal. Have been hearing New Zealand and Hap statdps but nary an Aussie. Expect to put up a 500 foot antenna in new location, sometime around Xmas. I hope everything works out so we can locate by them as present site is no good for DX. I live on a highly traveled blvd. and a high-speed electric train passes every 15 minutes. Bulletin is very pleasing to read. (Thanks, Hank! - Ed.) Doing a nice job. By the way, I'm now a Division Head in the Sears Mail Order House in Los Angeles. Big break for me. Cuts down my DXing, tho, till after Christmas.

RAY MOORE-MANCHESTER, MASS. Have been doing a little DXing, mostly SA, however, as I don't have much free time when TA or TP come thru. Reports out since I last wrote: YV1RD-WNEL HJCB-CMW-VONF-Algiers 1176-KGMB-HJCU-YV4RR, TGW & CMKY. Verie in from WNEL. Guess I'll have to get HJAN & TIFG again as I've had reports out to them since last summer. Any hints on getting them to verify? No luck on WXLS but since I was up I tuned around and hrd KGU & KPOA, got a rpt. on KGMB. HJCC and CBL14 have been hrd occasionally but not very well, also a couple of unidentified and very weak Latins on 1335 (HJCN?) and 1295 (Venezuela?). Well, haven't anything else now. Will drop you a crd if I hear anything of interest.

LEFTY COOPER-BROOKLYN, N.Y. Reports out to WCHA-WKNB-WNHC-WWON-WDMJ-WIKB-KSEL-WSUA-WCMA (3rd one, this one with prepared card enclosed)-WWCO. Veries have slowed down to a crawl, in this week only CMHW in Spanish. Total is 1171. Not too much DX this week - 11/8 Up for WCHA, and had a tough time logging them. A loud carrier, XELO's I believe, hindered them, and also a terrible blanket of static, but I got a couple of numbers anyway. WJAR was hrd at 4:54, completely over-riding WWDC. A friend and I rigged up a new antenna to replace the badly battered double-doublet that came with the Scott. We found it down, and shorted on the roof. The new wire is a 120' NE-SW straight wire, and is about 30' high on the NE end, and 45' on the SW end. Now I can hear WNHC during the daytime over WALL when WALL and WHAT used to be the only ones heard days. Conditions have been too rotten since erecting the new antenna to make any real comparison, but it ought to be good for WXLS. CHSJ is much better now. 11/11- Up all morning and logged 6 new ones, 5 inside one hour from 2:30 to 3:30. WMAS was heard testing FOR THE FCC 1:00-1:10. WWON, the new Woonsocket R.I. station on 1240 was testing with foreign records from 2 until after 3, R-8. WDMJ, one I've been after a long time was testing about the same time on 1340, and on top of WEXL, WHAT, WHHM and WEPM and I think one other. WIKB was heard at 3 with TT, R7 and easily over WITH. KSEL had a TT first heard at 3:06, only R4. WSUA was testing at 3:30. I took another report on WCMA. WBLJ was testing at 3:35, again over WITH. WRHP again, 4:10-4:20, and WMFJ was on 3:05-3:20, 2nd Mon. instead of 2nd Tues. as listed. WMVG QRM'd 3:05-3:15. WNVA didn't show up for their check. Took WWCO at sign-on. This page (and page 4) stencilled on Monday from reports received too late for last week's DX News, but no mail deliveries today, Armistice Day, so I'm shuddering already at the volume of mail that will descend on me tomorrow morning, hi. I really appreciate the reports that arrive on Monday, as that affords me the chance to get a jump on the big volume of typing the stencils.

MILTON H. MEYERS-WWCO-WATERBURY, CONN. At the suggestion of Dick Cooper we write to inform you of a proposed DX program. The date is Dec. 11, 1946, the time 2 AM to 5 AM, EST. WWCO, a new station at 1240 Kc/s., 250 W. will have an interesting program and offer prizes as follows: REPORT OF FURTHEST RECEPTION- First prize - Gentleman's Bulova Wrist Watch. Second Prize - Gentleman's Fine Wallet. REPORT FIRST POSTMARK- First Prize - Gentleman's Fine Wallet. Second Prize - \$10.00 Cash. It would be appreciated if news of this proposed program was publicized as much as possible by your organization. We expect help from old friends including Dick Cooper, Carl Horton, and many others. All reports should be addressed to Mr. Louis Steady, Chief Engineer of our station. You are assured of prompt verifications. Cordially, Radio Station WWCO, and signed by Milton H. Meyers. PS- Please notify foreign clubs. (Ed. note - This station is owned by the same people who operate WEIM, Fitchburg, Mass. You old-time DXers will remember the sensational program WEIM put on, and also had big and valuable prizes like WWCO will have. So, members, if any of you have carries hot members of NRC, please tell them all about this program.)

MUSINGS OF THE MEMBERS

ELDON (DAGWOOD) ADDY - MARCUS, IOWA DX has been fair here. WJOL heard good on NRC DX and report sent. Reports to WENK-KWHK (who is on regular schedule. He can be heard here during daytime)-CKVL-CBF-WBAA-KSEL-WSUA-VTOK-WWWB-KPDR-KLAC-KYUM-WMRP-KALL-WFKY on NNRC DX, KBMY-WCNT on reg. program, WTAQ-KTYV-KROP, and WAKR and VTOD, heard on regular schedule. The morning WMRP was heard Ralphie phoned as I heard them announce he had just called. Veries in from KWHK-WJOL-WSUA-WBAA-KPDR- & KWOR on follow-up. KPDR heard 10/30 4:15-4:30 EST on f/c. No sign of the new KSIB Creston, Iowa station yet. He'll be a daytimer here.

ROBERT DUGGAN-DEL MONTE, CAL. Rpts to KVOC-KBMY-JBCK1-JOBK2-JOCK2-WVTC-JOGK-JOIG-WCBS-WNBC WIKK-WLKF-WLKH-XRAB-XRDL-KFXD. Veries from JOIK-XRAC-XRFI-KCHS-KXA-KTFI-KOOS-KDFN (uh huh) KVOE-KGU & KWLK. KLIK says they begin 11/15 with sked of 8:00 (Sun. 10)-2 AM EST (1 Sun). Said I did NOT hear them a while back, though I was positive I heard their call. KVOE says their frequency is still 1490 - move to 1480 in a month. Expect to have a fine LPO here soon. A ham club has been organized. With aid of a Lieutenant ham we are dickering for Naval Antenna wire. Will be a "V" N-S;E-W, about 250-300' each branch about 75 to 100 feet high. Within view of Pacific, less than a mile away. Three communications receivers are to be made available to us, so DX shld really pour in when we get fixed up.

ART FOERSTER-1213 NORTH BOSART AVE.-INDIANAPOLIS 1, IND. You will recall that Ray said in the bulletin that there would be no more logs until next year. However, I will accept subscriptions at all times. The closing date of Oct. 20 which I put on the log, was only for the first issue. I am now accepting yearly subscriptions to the log, to be dated December 20. This is being done primarily because the FCC has made so many changes already, that every sheet will need reprinting. So you can just remember, those of you who missed out on the first issue, that I'll accept orders at any time, with the next issue coming out in December. There hasn't been a great deal of DX here, because of a tremendous amount of overtime, but I managed to land a few since my last report, and best of all, I passed the 1,100 mark in veries, and now have 1104. That cost Pops a pack of high-grade chewing gum. Latest catches have been CKVL-WCMV-WLDS-WKTM-VTOD-WHKK-WMOH-WGPP (who's this one, Art? *Ed.)-WLWL & WSUA. Work is letting up considerably now, and I hope to really get back in the groove once again. No sign of the Hammarlund, and I've just about given up hope. That's about all for now. Incidentally, I forgot to mention that any future orders for the loose-leaf log should be sent to me direct. (Address above.)

S.W.SULLIVAN-PITTSBURGH, PENNA. Coming back with another report for the 2nd time in a month. A new record for me. Still banging away trying to add to my total and doing OK despite drop in veries for the past week. Well, there was a corresponding drop in reports for the past 10 days so that likely has something to do with it. On 11/8 hrd WCHA from 4:30-5:00 only as XELO had an open carrier, and WCHA came in rather poorly and after XELO opened up with music that was all for WCHA. I heard WBEJ for a new one with KWLC and WENK on at the same time. Also heard and reported WCNT at s/off at 5:45 PM EST. 11/9- KMJ reported 3:58-4:30 and WLBR testing 4:45-5:00. Veries since last report- KLUF (who returned postage), KMPC still using old double post-card, KMED-KGMB, for first Hawaiian, KROY, first 250 watt west coaster, KROP-WLWL-WJOL (swell card)-WIBW-WENK-CBK-WFIN & WFRP-KMLB-WKDK. Total - 465. SOCIETY NOTE- On 11/3 my wife and two kids and myself thoroughly enjoyed ourselves at the Dick Coopers' where in addition to Dick and his wife and 3 children, there were assembled Mr. and Mrs. R.B.Edge and daughter Marge which of course means Thomas Carberry also, and Joe Pelletier and his YL. In addition to a fine dinner, we had the pleasure of seeing Dick Cooper's VRTQ verie. OK Lefty, me bye, and by the way WKTM will definitely be on as scheduled on the 18th and have written him to run his time a little after 2 if possible to avoid QRM from WHN. (Tnx, Sully - they're nil here with WHN, local 50kwer, cn. -Ed.)

RAY B. "RIP VAN" EDGE-BUFFALO, N.Y. Well again not much to report. Was up at 2 AM Sat. 11/9 and stayed for a few minutes, then back to bed. Now this guy Page tells me that even then I could have gotten Lebanon, Pa. and also missed KBUN-WCMV. Oh well it looks as if that name "Rip" really applies to me. Anyway I got reports out to WIKK-WCHA on DX who were really tough here-WARL-WFKY on DX who were also tough-WFVL-WMRP who have already verified. Other veries received since last report was letter from WFRP. DX Calendar looks swell and congrats to Lefty who is really doing a bang-up job on the bulletin. (Thanks, Rip! -Ed.) No one can say it doesn't contain plenty of news, so boys I say keep supporting Lefty and you will continue to get a top-notch bulletin.

MUSINGS OF THE MEMBERS

FRED VAN VOORHEES-FLUSHING, N.Y. Reports since the last report were sent to CKVL-WBHB-WENK-KSEL-WWNB-WFRP-WICY-WKDK-KARK-WMRP-WIRA-WFKY-WMOX-WBLJ-KTHS-WLBR-WNVA & KTFS. Veries in from XW-WABI-WMOU-WBHB-WFRP-WKDK-KARK-WMRP. Out and very delinquent now are WARD WKEY-WJOY-WBEJ-WCTA. Still get in about one hour every morning, and so far I have been able to add at least one new station each time. I have not had any really good reception as yet. Too much noise and perhaps add a few for the contest. Most of these stations are being heard by everyone else, so I don't feel I have anything for "DX Down the Dial."

ERIC BRISTOW-CHICAGO, ILL. I have the following veries in from: KOAM-KOWH-KFSG-KFOX-WRR-WFRE-KUTA-KIEM-KSFO-WCHS-KFRC-WIL-WCNT and the following sent out: VCHA-WKXL-WJDX-WSVA KXOA-KXL-KFLW-KVOS-KVI-KTMS-KSRO. I sent Ray \$1 bill and he sent same back to me then I waited and got a note from the NNRC where to send it on, and I sent it out. Put it in a mail box on Hallowe'en nite to my sorrow. Some ---- fool we think played a prank and on Monday afternoon about 3 PM I was called up from work to the Superintendent and he shows me what was left and I took it home as soon as I could, after work and applied soda and water to stop or counter-act the Acid and next day I sent to U.S. in Washington, D.C. for redemption and will wait. To think I sent it to Ray OK and he got it back here OK. Some hard luck. So I can see now how some stations can tell you faithfully that they never got your report. If I had not had those prints by Richard in Kittanning my name or otherwise I could not have been found out, but the name was still good. I got White's Log and it is swell. Sure are a lot of new ones on. I vote "BCP." Note WBHE on 1240 ET hrd 11/9. WKDK also same place - May be on later with music as all I heard was Carrier, and identification. (You could have taken that mutilated dollar to the Federal Reserve Bank of Chicago, Eric - I know I work in that bank in N.Y. - Ed.)

LEO HERZ-CHICAGO, ILL. Reports were sent to: WTOD-WILJ-WMRP-WCNT-WCHA-VOC & WHOT. Veries in from: WMOX-WEXL-WTOD & WMRP. Was unable to hear WFKY as WJPK covered it. Am putting my new antenna system up today and Derik Wharton is coming over to do the job. Will describe it fully in my next report. Daytime reception here includes: WHOT-WFOX-WJOL-WMRO-CFPL-CKTB-WCKY-WTMJ-CPK-KSD-WTOD, all logged in the afternoon.

KERMIT GEARY-WALNUTPORT, PENNA. Veries were received from KCHS-WFRP-WJOL-WWBZ. On 11/2 WFAF changed calls to WNBC at 6:02 pm, and WABC changed to WCFS at 10:13 p.m. Both were logged and reported immediately following the change. Other reports during the past week were sent to WLCS-WGRV-KTHT-KVOC-KTFI-KVNI-WCBI-WHDS-KTFS-WLBR and to a station announcing as "La Voz de la Republica" in Panama City on 900 Kc/s. KTFI was on late with election returns on 11/6. Anyone needing stations from the southern states should listen on the 2nd Friday. On 11/8 the following were heard between 2 and 5 AM: WHBB-WDSR-WCCP-WCBI-WDSR-WFIG-WGAA-WLAK-VTAL-WFML-WFVL-WHLM-WBLJ-WIEJ & WCMI. KTFS & WHDS were hrd on equipment tests.

AL BARTHOLOMEW-CORNING, N.Y. Severe buzz until morn of 5th on entire band but morn of 5th best for coast in long time, even KGFJ easy thru WCPO. CJOB at s/off on top of 1340. KVOC held solid on test R4 4:27-4:46 AM s/off. WFKY poor on test due to severe interference. WMRP testing morn of 6th and WAYN on afternoon s/off at 5:15 PM this month. WWNS testing at 3 morn of 8th (first test?). ZIM definitely on at 5 AM weekdays but not Sunday mornings. Solid R4 here 5:00-5:25 morning of 7th. WWON this AM 11/10 until 3:42 s/off. Take air Monday 11th officially. Also WIKB testing voice 3:00-3:15. KTFS 4-5 equipment test on 1400 this AM, 11/10. WKXL testing at 4:20 Monday.

BILL STONE-TORONTO, ONT. Due to a bad cold, no DXing was done here from end of Oct. until program of WCHA, which I got up for, send them a good report, though they were tough due to static and distortion. Veries coming in slowly but surely, latest are: KQVR-KWOR-KXL-WENK-CMJK (very nice double card)-WKDK-WFRP-KIUN-WJOL-WHKP & WMRP, for 1134 veries. Att: Ralphie. Unable to line up DXes for NRC or URDXC, no authority granted. Had Bruce in for a visit Saturday last. Says his 300 footer smells, harmonics, line noise, and what have you. Nice going on those DX programs of daytime stations, real McCoy. It is with deep regret that we inform you of the passing of Mrs. Harold Criswell, wife of our member. J. Warren Rutzahn notified us about this sad occurrence. Harold, rest assured we of the National Radio Club extend our deepest sympathy in this trying hour. Take courage, though, Harold, for in the Next World there aren't these annoying trials that we must endure on Earth. May her soul rest in peace. Harold's address is 2024 W. Philadelphia St., York, Penna.

DX CONTEST STANDINGS

1) Cooper, R.	Spec. WJOL; Reg. WHUM-VKIX-VKAY-FCNT-FWGP-VHKP-VDSG-VWZ-VWMP-----	16
2) Herz	Spec. WJOL; Reg. WRR-CKEY WPDQ-VDIO-FCMA-WCMW-VMS-VAIM-VKDK-WENK-	16
3) Burnham	Reg. VFAU-VLAG-WGAU-VEPM-WMON-WFIG-WHHM-WHUM-WWZ-KAVE-KVHK CKSO-CKFI-----	15
4) Maguire	Spec. WJOL; Reg. VAIT-VKIX-WFRP-WMOU-KVHK-VEHB-VKDK-----	13
5) Bartholomew	Reg. WHHM-CHOK-WTIK-FCMA-WRHP-WWZ-VTOD-VSUA-VMON-KFLW-WDSG-----	12
6) Kruse	Spec. WJOL; Reg. WDC WBSR KWKE KVHK WPOR KCHS KORE-----	12
7) Steele	Reg. WHHM-VSIV-CKFI-WDSG-KVHK-WRHP-VSUA-WPIK-WEDO-WHHT-WMON-----	12
8) Reilley	Reg. WHHB-VEPM-WHHM-WTIK-VKAY-VKIX-----	7
9) Kennedy	Reg. WMBR VSUN WSLS WADC-----	5
10) Spencer	Reg. CHUM-VFOY-WPDQ-----	4
11) Wheeler	Reg. WMCA-VING-VFPL-----	4
12) Cooper, E.	Reg. VKAY-VEPM-----	2
13) Sullivan	Reg. WBSR-VMOB-----	2
14) Van Voorhees	Reg. WBHT-----	1

The following are entered, but have sent in no veries:

Addy-Barrott-Batson-Bishop-Bdistow-Hetzel-Howard-Jones-Kirk-Lippencott-Lucke-Meyer-Moore
Morss-Nelson-Pelletier-Saling-Seth-Vandervort-Wagner-Wyman-Yarnes.

With regard to Club Specials and the contest, only those listed in the DX Calendar in DX NEWS and marked as dedicated to NRC or ALL CLUBS will count for bonus points. Thus the programs from CHEF and CKVL will not count as specials, but only as regulars.

To clarify the Hawaiian situation, veries from Hawaiian stations will count: 2 points for the first and 5 points for the second.

Please - in order to avoid any mix-ups, please include the date of reception and location of all verifications entered.

The next listing will be in the Dec. 7 bulletin. Have laterst additions for the contest in by Nov. 30. The standings will appear once a month thereafter, 1st bulletin each month.

CHANGES IN STATION DATA (from FCC Releases)

<u>NEW</u>	920	Saltillo, Coah.	250 U : 1450	Murphreesboro, Tenn.	250 U
