ISSUED WEEKLY DURING DX SEASON -- \$4.00 PER YEAR -- 34 ISSUES

Volume 24 - Humber 29

Our Twenty-Faurth Year ... April 13, 1957

### HOORAY FROM IOWA!

"Look forward every week for DX NEWS, to read what the rest of the members are doing in logging new stations. I think DX NEWS is tips in every way. It has helped me in many ways to log new stations since I have been a member of the NRC. My thanks go to all the members and officers who make DX NEWS possible, and thanks a lot for dedicating the March 9 issue to Iowa." -Mrs. Clara Wachtel, 818 8 Street N.W., Cedar Rapids

## SUMMER ISSUES

We are going to make a change in one of the summer dates we announced here last week. Your Editor's vacation forces us to change the date for the July issue to July 27, instead of July 20. The other dates will remain unchanged, unless you hear further in these pages. The next issue will be in two weeks; April 27, and then they'll be on a once-a-month basis - May 18, June 22, July 27 and August 17. These will complete our twenty-fourth year of existance, and then, as we head into September, we'll be in our Silver Anniversary Year. We hope it will be even bigger and better than this one has!

#### DELINQUENTS

We all feel something should be done about juvenile delinquents, and many of us also feel that something should likewise be done about radio station delinquents. Charles P. Atherton, East Slough Road, Hargard, Massachusetts, one of our fine New England members, asks everyone to send the calls, location and frequency of every domestic BCB station thich you consider to be a holdout. After this list is compiled, an attempt will be made to "soften these stations up" by sending them an explanatory letter aquainting them with what it is we want. So, everyone, now that BX is beginning to slacken off a bit, take a little time and send these calls to Charles so that he can get the list started and so that N.R.C. can try to remedy the situation. Do it right now, so you won't forget it.

#### VERIES PROMISED FROM WMCW-1600

Our member, Ben Patch, is now working at WMCW, Harvard, Illinois, as an announcer. He says he'll be glad to verify our old reports to that long-time hold-out, and for the details, read Ben's report, in the center of Page 4.

### N.R.C. CONVENTION

Are you making those plans to go? If not, you will be assured you will miss one of the finest times you have ever spent! Our Ponca City members are right now planning a really bong-up affair for us, and not to be there will be regretted by all who will merely read about it after it has been held. The details will be brought you during these off-season issues, and we are sure you'll all find that it is going to be one of the greatest we have ever held! So, make your plans now to be on hand, Aug. 31, Sert. 1-2

Charles P. Atherton - East Slough Road - Harvard, Massachusetts

Little DX to report from here, but have listened on a few mornings as follows: 2/26Report to WXIS-740 for change of call. 3/3-WJHL-910 on 6:30 s/on; WDON-1540 on 7:00
s/on, and WRIS-1410 on RS at 7:35. 5/4, was able to get enough for report to WFST on
Special despite much QRM from WICC. WFST overrode WICC at times but had to listen the
full hour to get sufficient data. 3/10, Report to WRIV-1390 on 6:00 s/on and heard
WDOV-1410 on 7:00 s/on but immediately covered by WING. 3/15, Report to WNEP-1-7C on
RS. 3/17- Good luke on early Sunday s/ons. WTRA-1480 at 6:30; CJMS 1280 heard on RS,
WCHL and WHEG, 1360, signing on at 7:00 dne after the other with QRM from WBAY; WPAZ1370 at 7:25 and WWRI-1450 on RS for second report. WKIT-1520 heard signing on behind
WKBW but too much QRM from latter for report. 3/24-WKBXp1339 for report on 5:00 s/on.
Heard WSIV-S30 s/on at 6:00 but immediately covered by semi-local WWNH. 3/29, Caught
WGSM-740 and WIPS-1250 on 6:00 p.m. s/offs. Veries coming in slewly with the following since last report: WORD WSPN WCLG KOYN WSBS ZFY WRIS WDON WJHL CHWO WURI WRIV VICO
WKIS WSKN and VKIN for total now of 1;694. Enough reports still out so that I can expect to reach to 1700 mark before the season is over. Would appreciate members! sending in this regard. That's it from here:

Jack Hathaway - 5717 Second Street South - Arlington 4, Virginia DX activity here since last report very light. 3/19: WJAS (1320) 8:45 p.m., WJHP (1320) 3:50 p.m.; CMJL, 920, 9:35 p.m. Reports went out to WSUX (1280), WPIK (730). 3/20: WORK, 1350, RS; WFVA-1230 RS, WSVS-800 signing off at 6:15 p.m., WBTM-1330 RS, CMCB-1330 RS, VDVA-1250, RS, WTAR-790 RS. 3/21- WBOF-1600 RS at 5 p.m. VDOV-1410 signing off at 3:15 p.m. ZNS15540 RS Q5 S9 plus 39 db! CMCA-730 RS at 9:25 p.m. WIP-610 logged on RS on 3/22. CMBC-690, Havana, at 11:30 p.m. with some OHA. CBF-690, Montreal, at 11:35 p.m. with some QRM from CMBC. 3/24- WTOW copied 2:45-3 p.m. WBMD, 750, noted 3:15 p.m. WARL, 780, noted at 3:25 p.m. WKDN, 800, noted at 5 p.m. WTSP, 1380, noted at 7 p.m. WMMN, 820, noted at 9:30 p.m. CJBC, 860, noted at 11:15 p.m. WIAII, 900, noted at 6 p.m. WAFC, 900, noted at 6:23 p.m. WCGA, 900, noted at 6:40 p.m. VXXV, 900, noted at 5:45 p.m. WIBS, 900, noted at 6:47 p.m. WFBC, 1350, noted at 8:05 p.m. WBUY, 1440, noted at 6:30 p.m. WVOK, 690, noted at 6:50 p.m. CMJZ, 1530, noted at 9 p.m. 3/27: WCVA-1490, Culpeper, Va. on RS 3:30-3:45 p.m. WINS 1010, New York, M.Y. on RS 7:10 p.m. WBSC-1550, Bennettsville, S.C. on RS at 8:30 p. m. WLOU-1580, Lake Charles, La. on RS 8:55 p.m. broke through dominating Spanish speaker for a few seconds. WCOG-1320, Greensboro, N.C. signing off the "The Lord's Prayer," at midnight, 3/28: Veries received, WARL-780, WKDN-800 and WFCR-1310. Heard: WRIP-1420, RS at 5:45 p.m. WHVR-1280, RS at 6:45 p.m. CMBL-860, RS at 9:15 p.m., really dominating the channel with beautiful audio on music. 3/29: WCBM, 680, RS at 6 p.m. Whic, 1290, RS at 6:30 p.m. WSB, 750, RS at 7:05 p.m. WOR, 710, RS at 7:30 p.m. From 7:38 p.m., to 8:32 p.m., I got a good log on a Spanish speaking station which announced only as "Radio Cadena Nacional" but constantly referred to Caba, Cubanos, Havara, etc. which seemed to indicate it was a Cuban. Anyone have any dope on this one. (What frequency, Jack -Ed.) I thought it was probably CMHB but it is supposed to be "Union Radio." Sure would appreciate call letters, address and v/s. I checked with Roger Anderson but he had no dope on it. 3/30: WKLV, 1440, on for check purposes through VQOK at 12:45 a.m. 73 to all.

At long last I have a bit to report. Between March 4 and 25 I logged just one DK and that from KEW just 80 miles away. Thought for a while the old Airline was giving up the ghost but on 3/25 was able to hear a bit of WSAC and WKAZ DXes along with nearby KPEG so will blame sunspots or something for making me miss WPME and WGBB, two that I most wanted to hear. Veries are just as scarce with KDEM KREK KUEN and a duplicate from KDIM-TRC-dx in. I feel safe in mentioning that duplicate as it is not for the Contest. It's a good thing I wasn't in the Contest last year when I received a long freendly letter from a Western Canada station for my fifth from that station. I tried thanks cards on some DXing stations a Tew years back but their letter (postage at their own empense) made me ashamed of myself so now I sent reports with return rostage. I have experience Hal Wagner's "Sunrise effect" on New England stations and in my opinion this is the best opportunity for West Coast DXers to hear them. Also that A ril is the best month to catch their s/ons. That was an exceptionally interesting article to me. Wonder if it has any effect on TV when the air is moist overhead like we have so much have. Probably no connection but have experienced best N/S TV DX at sunset. 73.

No DX this went so will list a feature from my log. Following stations have been verified and are either now deleted or have changed call. Frequency or power changes are not counted here so are not shown. Have been lax in the past in keeping this list up to date so no doubt I have many other stations that should be on this list. Some stations listed as deleted could have changed call; If anyone knows of a publication listing call changes and deletions during the past few years, or has any corrections to my list, I would appreciate hearing from you. In each group if the call change has been verified, that station will be marked with an asterisk. WKOB 860 Mass. D (stands for deleted), WCAD 1240 Md. to WCEM\*, WHN 1050 N.Y.C. to WMGM\*, WCAP 1310 N.J. to WJLK, WLTR 690 Pa. to WHIM\*, KDSH 950 Idaho to KBOI\*, WTAM 1100 Ohio to KYW\*, WAGE 620 M.Y. to WHEN\*, MABR 1420 S.D. Started DXing in 1947. What a list the fellows who Exed in the 20s and 30s would have! 73s.

Ben A. Patch - WAXX - 205 Church Street - Harvard, Illinois Well how do you do? Long time no near from. Well, first I haven't been getting the bulletin because of a mix-up last Christmas. Seems that somebody had a correctly addressed buldbling returned just after Christmas. That was when I was in East La sing, Mich. So Hal sent the bulleting home. However I did not have the time to notidfy you and consequently all the bulletins ended up in Deerfield whale I was in school. Well, to avoid any further confusion Hal, keep sending them to Deerfield. Now after graduation I ammorking here for WMCW as an announcer and other related it am until I get drafted at least. So now you want to know if I can verify your unanswered reports? I sure can, and the best suggestion I have is for you to send me them at the above address within the next three months: As they come in I will try to answer them but I may be slow, even two months, as I cannot promise anything. The story as to way you did not receive an answer is not due to policy but the reports were handed over to an engineer. He was to have answered them but may be he didn't. At home in Described I have received several veries including that of the new KAGE in Winona, Minn. A real nice one at that. PS - Hal Williams, I hope you got those antenna plans!

Colly - 518 Jackson Avenue - River Forest, Illinois Not much to rejort from this listening post, however, I have added some to increase my total verie list to 2,214. The latest verified are: WMIS, Orlando, Fla., new call of WORZ; KREIT, Grand Junction, Colo., on their NRC DX 3/4/57; WBRB, Mount Clemens, ich., KLYR, Clarksville, Ark., WNOP, Newport, Ky., their NNRC DX of 3/18/57; and KNUJ, New Ulm, Minn, with their "Folka Capitol of the Nation" DX for NNRC on 3/19/57. Het yet verified are: WMTM, Vero Beach, Fla., WCAS, Radcliff, Ky., KJIM, Fort Worth, Toxas, KPEG, Spokane, Wash., WKAZ, Charleston, W. Va., WACR, Columbus, Miss., and WCIII, Canton Ga. That's whout all, for now, except for another letter containing some facts about a recent thin to certain Mexican stations, which I believe Lefty will distribute to the proper departments. The CPC have done a wonderful job this year, and if CX re reception would have been better. I'm sure many more of their schedules would have been received here. Best to all.

THE NEXT ISSUE IS THE VOTING ISSUE. WE HOPE EVERYONE IS INTERESTED ENOUGH TO VOTE!

Costave A. Magnuson - 120 Porter Street - Providence 5. Rhode Island I hope that by now all you guys and gals got your verifications from WKLM Wil in ton. N.C. 790 Lc/s. on your reports on their DX of Feb.25. Did you hear Bob Bowden describe the annual Azalea Festival that was to be held the last days of March, also talk about their beautiful Greenfiled Park with the five-mile drive around the lake, with azaleas in bloom all around the lake? This impressed me very much, especially as my daughter had a weak's vacation and not knowing where to go at this time of the year, I wrote to the Wilmington Chamber of Conmerce for info about the Festival, Next I had the local Greyhound agent make out an itinerary and hotel reservations. After a night's stopover at Richmond, Va. we arrived at Wilmington to 27th of March and stayed horo till the 30th. Here was a great time to be had, paradeas with floats, fireworks, sully racing and many to ther things. The Azalea Queen was Kathryn Grayson. Her Court of Honor was a lot of Southern States! "Miss this and that." By the way, riding in the Greyhound "Scemic Cruisers" is just fine, good view from the top deck. Well, pardon me, this was not DK talk, but here goes. I lost no time in looking up Mr. Bowden at the office of Station WKIM on Princess Street. He sure was a very nice chap and told me all about the station. He fetched a large batch of reports and finally found mine and filled in the dates in the verification letter. He said he was sorry for the delay, but being a new station, they had been kept busy. Another gentleman took medinto the studio and explained everything there withe announcer was busy reading the news report and wasther. It was all very interesting to me. Mr. Bowden seemed to be very friendly to us Diers and I think he weight like torun another DN Special at our convenience. The transmitter is away from the town and they run the broadcast by remote control. I Tinally got WSKN 920 verified on my report of February 1956. It took two f/ups to get it. 2 Late veries are WMSR WIVV CHWO WBRB WICO WHIM and finally WSAN after a f/up. Reported total veries now are 1,905. That!! be enough this time.

Hal Williams + 50 Third Avenue - Seymour, Connecticut Not much to report but as this is the last of the weekly issues of DX NEWS and the last issue prior to the voting issue I thought I would get my 24 worth in. As already several "pleas" from Hal Wagner, Lefty Coopercand others have appeared in previous issues. it is to be hopedotnat each of you will take a few minutes to make your ballots and mail them in as instructed: Certainly all should be interested enough to case a vote for those thom you wish to guide the NRC for the coming year. My DX catches are: 4/1-WIOH-1490, Princeton, W.Va. f/c-TT as per f/c list for fly fourth report to them; 8/20/ 53. 2/17/54 and 3/17/55. I hope this one will bring the desired results. 4/4- After trying to log WIKK-1330, Erie, Pa. for years I was finally able to get a reportable log from 12:59-1:51 through CMCB. The DX Mail Bag: 4/1, the always looked for DX NEVS in today, and, as usual, lots of interesting reading. If every member would send in a report at least once a month; what a wonderful thing for the NRC and the DX Hobby it would be! Our editors continually beg for reports, yet some NEVER respond, WHY? Also in today's, one ther plain post-card (unselicited) from WBSM for their recent DX. I was quite supprised to read of the XEBH veries being sent to HQ with no DXer's name on I received mine direct, only 14 days after reporting in 1953 4.5- A letter and a Chamber of Commerce folder from WKLM for their 2/25 NRC DX. 4/6, a nice mirmail letter verie from WIVV-1370 for their 2/26 NRC DX: Veries now total 1,752, just 48 needed to make my seal of 1890 by Convention Time, and with 47 unanswered reports for 1956/ 1957 I should make it, hi. Although I tried from 4:00-4:40 to log KKOG-730 for the NNRC I heard nothing residable except that there was a carrier on 730. As I vill be at home Monday All 4/8 I hope I can log CFAR-590 and WGRA-790 as both are needed as is KEOK 540 on 4/13. I'll be in there trying anyway. At this time z would like to sincerely thank Sid Rosenbaum and every CPC member who gave us such a splendid lineup of needed stations. Also a "tip of the hat" to the editors and publisher who labor diligently throughout the year so that DX NEWS continues to be the top BCB publication. Lay it. wlways continue that wayles 73. Ale same was read to 60 f (fire careton)

Sid Rosenbaum - 805 Market Street - Wheeling, West Virginia
Only verie in this week was from WLSH (1410), a nice letter that says they are always
interested in ascertaining where their signal can be heard. Only listening period was
3/27, WKLK (1440) heard stoff f/c at 1:18. On 1600 heard two f/cs or tests with TT but
unable to get positive IDs. One station with 1:42 s/off sounded like KNBO? Fort Scott?
And the other with stoff at 1:50 sounded like WKEN which is in Dofer, Del. If I heard
correctly, will try tentative report to WKEN but can't find anything lised that sounds
like KNBO. On 1540 3/24 traces of foreign station (sounded Oriental) that was (P. 6)

Page 6

D K N E W S

April 13, 1957

(Sid Rosenbaum, con'd from P. 5) very weak and faded deeply, and after 15 minutes of listening, faded out entirely, 2:05-2:20. (Your 1600 must have been KMDO, Fort Scott, Kansas, who Died for us last season, Sid -Ed.)

Grant Batson - "The Cx-Eow Hill DXer" - Westfield, New York I am trying a few last flings at DX but WX and CX won't allow me too much enjoyment, however, magage to get some. 3/18- KHMW-dx barely made it here with QRN and HHL but some station IDs. WLOB-dx quite well heard, but of course met QRM, 4:29-5 a.m. and just had to split up WGBB's fine DX show and logged them 3:00-3:30 and 4:00-4:30 a.m. Sure was nice to hear Lefty and Jim O'Brien and Carroll Seth. 3/19- KNUJ NURC DX here showed well over an S-9 plus and Q4, 3:00-3:30 a.m., and WBEC-dx also of MNRC 4:00-4:30 3/20- WAKU-dx met XERF with a real zest and seemed to be equal at times, 4:00-4:30 a.m. 3/23- KWRE NNRC DX on 730 kc/s. 4-5 a.m. well heard with an even S-7-9 signad. March 25 DX proved most a washout here due to being a very sick guy and missed a day's work the to this but did manage to hear WSAC "between spells". According to all reports rection I couldn't have heard many of the other fine shows, so sent all a thanks card. 3/28, DX from WACR heard with fairly good signals under mighty XDG, enough for a fair report, and believe it or not, Mississippi was all out with signals here than All as WLOX over everything on 1490 kc/s. 2:05-2:40 a.m. for a dandy report, and lastly, caught WEDR testing on 1220 kc/s. 2:12 to 2:30 a.m. Birmingham, Ala. for another new one. Veries number 13 the past two weeks - "Radio St. Pierre et Miquelon" of 570 kc/s. DX last Nov. 12; WEMW WLOB WGBB CHWO WICO KNUJ WBSM KBIA WIVV W SR KAML "Ralic St. Pierre" my best verie for this season so far. This makes only about four or five DXers who have heard this DX according to DX NEWS. Sent out 145 reports since last Nov. 2 and have an even 32 reports still unanswered, so guess Pat hasn't got anything on re. Still ammaiming at some more DX WX permitting and CX too. spring plowing all done and am waiting a chance to start planning. Am taking my lost week's vacation and besides, a lot of work around home. Aim to DX on the side. Almost forgot a very nice letter from Hal Williams. Lastly, before I forget it, a million thanks to the fine CPC ren and their extra work who made all this possible for me and other DXers. A wonderful organization of fine fellows!

Henry T. Tyndall Jr. - 285 North Street - Burlington, Vermont Not much here around here but I happened to remember Relfe Luton inquiring about the status of WIN-WJW and KDKA. I wouldn't know too much about WEW or WJW except that WEW was in St. Louis, Mo. and WJW was in Mansfield, O. WRK, Hamilton, O. was also a strong contender, claiming 1919. Many old time radio men have always thought that WGI, Medford Hillside (near Boston) was the first to broadcast the human voice. I guess we'll never know but KDKA's status is very definite. They can prove that they were the first LICENSED radio station. That is where the difference is. Another query by Frank Johnson was about EKKO stamps. Possibly in 1923 but very definitely in 1924, a Mr. Webster started the EKKO plan. All radio stations were to purchase these stamps. The listener was furnished a folding card upon which he write his report and there was a round cut-out for the dime. On one side was a space for comments and preference for program types. The station would then send you the stemp as confirmation and would be placed in the EKRO album, which also was purchased from Mr. Webster. Many stations would not enter this plan, then a fellow started the Phildins Stamp Exchange in New York City and many heaved out their entire collection because they felt the stamps no longer had proof of reception value. A few of us continued to confirm stations, then send in the confirmations to EKKO for the proper stamps. The risk of losing them caused this practice to be dropped and merely a list was accepted. The EKKO stamp, alone, is hardly ample proof of reception, but when backed up by a verie, they make an easy to display one's catches to a visitor and the verification can be dug out of the files easily. I have loose leaf files and type in the names of the countries, cities, etc. Four files, or rather, albums now hold nearly 4,700 EKKO stamps. The address, a Mrs. J.C. Hobbs (an accountant), 765 St. Johns Avenue, Highland Park. Ill. Cost 10¢, just as in 1924 when I got my first one from WCK in St. Louis, Mo. But they have been hand-printed for many years and of course are a bit irregular and not as neat as regular colored printing. Another catch, she is very busy and leaves the office for weeks at a time. An order of stamps may take there or four months to get, at times. Mr. Webster pays her to keep up this service as long as they have a sustomer left. Apologies for taking up so much space but maybe old Lefty will be short this week. NEXT ISSUE IS TWO WEEKS FROM NOW. EVERYONE IS ASKED TO VOTE IN OUR ANNUAL ELECTION.

pril 13, 1957 \_\_D\_X\_\_N\_E\_W\_3\_ Page 7

J. Warren Routzahn - 231 South West Street - York, Pennsylvania It looks like the DX season is about over here. It was a disappointing one and I'll still try a few mornings anyway. If replies would come from HJAL HJED YSU ZFY YVOD and some others I'd be happy with the season. Our great CPC did their usual fine job and many thanks to them and the other editors and officers doing so much for the NRC. With the Specials over we can see how futile it is to DX without these programs and tips to guide our time to advantage. Latest verifs here are WMLT KOOO WRIV CHSL WEEX CHWO WYDA WARE MUJ WICO WMFS WMSR WBSM KAML WKAZ. 3/11- CHWO good on DX. WISK didn't get through WAKR; WMAF made it through the 1230 pack with WEEX coming on at 5 and then got YVOD at 5:20. 3/17- WESO ran into WWSW and KAKC. 3/19- KNUJ under CLEL but readable; WBSM strong on DX, WSTN-1420 Fountain of Youth after 4 a.m. 3/20- WNT dx strong. 3/24- WLEE-1480 AN, WGTC-1590 end test at 2:40; WHK-1420 testing at 2:53. 3/25- CB-36 unreadable here, WRCA ended a test at 2:55, WSAC-dx good. Too noisy for KIYI KJIM KPEG tests. WKAZ in like a local, WMFS good DX and KLTF didn't gets through 4/1. The following s/on 5 a.m.; CHWL-900, WSPA-950, WWUU-1260, WMWW-920, VDVA-1250, WLBR-1270. At 5:30, WLET-1420 and WFBR-1300. KOMA-1520 testing at 3:43. 4/6, up for KKOG-730 but not heard up to 4:30, then a LA was on. TIRS-920 very strong at 4:10. KGHI-1250 a new AN? at 4:15. WOWO-1190 at 4:45 with EX CX. Had thunderstorms here earlier but this morning was the first in many the grinding background noise that muined weal signals was completely gone. Except for diminished static of the storms it was the best reception here in a long time even though I got nothing new. In closing want to add the Canadian Specials by Bill Stone helped a lot this season. Hope , for good reception next year. 73s.

Ores Wilson - 226 North 4 Street - Reading, Pennsylvania

3/19, reported to WBSM-dx, fairly good signal, raining. 3/21- Heard CKLC-1380 from

1:30-1:39 ith s/off, in the clear. 3/22- Final DX trip, reported to WRXO-1:30, test
at 2:33, and WRGS-1370, 3:25 with f/c until 3:42. Letters in from: XERF-1570, WICO-dx
and program shed with QSL from WVDA-1260. I was just checking. No wonder I only got
25 veries per season, since 1950. Travel was my main interest for five years, 1951 to
1956. I took 15 trips out of town, for one wask or more. Traveled over 3,000 miles
for about 5500, by train, bus, plane. First one was to British Columbia, then several
each to Harrisburg, Allentown, Wilmington and Scranton. Besides numerous one-day
trips to other nearby points. Nice letter from CKLC-1380, the Voice of the Limestone
City, who were recently heard in Chicago, El Paso and Greenland. A letter from WSEC1410, KEVE-14-0 sent a PP card, and a QSL from KSTT-1170. Just five out now, and 45
verified so far this season. 73s.

G. Harley DaLeurere - 1 East 8 Street - Mounted Route 21 - Hobart, Indiana 3/29: A letter from KVK-1380, Saint Louis 6, Mo. 3/30: WTAL-1270, Tallahassee, Fla. on a marathon from 4:45-5:00. 3/31: Nothing. 4/1: A letter and a QSL card from KCOL-1410, Fort Collins, Colon a letter from KGNO-1370, Dodge City, Kans. and a card from KSTT-1170, Dovenport, Ia. 4/2: KXIW-1320, Saint Louis 17, Mo. from 6:15-6:30 den KXYZ s/on. WENL-1540, Boonville, Ind. through WIOI from s/on at 7:00 until 7:15. A printed form letter from KAML-990, Kenedy-Karnes City, Texas for their DX. 4/3: Nothing. /: KSIJ-1430, Gladewater, Texas on their r/c from 4:45-5:00. WEEN-930, Buffalo, N.Y. from their s/on at 5:00 until 5:05. A letter from WKAZ-950, Charleston 23, W.Va. for their DX. I received my new membership card which makes me a member until April 15, 1959.

Row H. Millar - Route 2 - Box 6704 - Issaquah, Washington
Hello! Want to try and catch the last of this season's weekly editions of "maings,"
so here is the little news since my last. March 21 - KPEG-1380, Spokane, Wash. s/cff
under KRKO at 9 p.m.; KUIK-1360, Hillsboro, Ore. s/off under KMO at 9:15 p... Harch
25 - KJIM-070 DX fair and KPEG-1380 DX loud; KIYI-1150 DX not heard. March 28- WACR1050 DX not heard under XEG. April 3 - KCSJ-590 Pueblo, Col. AN due to snow storm.
April 6 - KHOG-730 DX for NNRC s/on at 4:39 a.m., strong signal here. Veries in: KXXL
630, Monterey, Cal., KEEN-1370, San Jose, Cal.; KAI-370, Honolulu, Hawaii; KNUJ-860,
New Ulm, inn., NNRC DX; KROP-1300, Brawley, Cal. To Ted Saling: I built one of those
"loop" ant mas, too; absolutely useless here. Maybe it 's the Western atmospherics!73
IT MIGHT TAKE 15 MINUTES TO WRITE OUT A REPORT FOR "MUSINGS." IF YOU SENT OHE FOR EACH
ISSUE DURING THE YEAR (34) IT WOULD MEAN YOU SPENT 8% HOURS OF YOUR YEAR TO THE T.R.C.
AND DX MEWS. YOUR EDITORS SPEND ABOUT THAT MUCH TIME EVERY WEEK TO BRING Y U YOUR DX
NEWS AT, NO SALARY. CAN'T SOME OF YOU UNTIL-NOW SILENT MEMBERS PLEASE COME FOR ARD AND
LET US HEAR FROM YOU? THAT IS, THOSE OF YOU WHO ARE REALLY ALL-OUT FOR THE W.R.C.!

Page 8

D X N E W S

April 13, 1957

Pete Taylor, SA (OC), Reserve Barracks #1, OCS Class 2-57, U.S.C.G. Academy,

New London, Connecticut

Every year, usually in April, the reports start coming in from the members as to whether or not the season was good. Qualitatively, this has been a good one for me for several reasons. Firstly, I have cleaned up the last three elusive states, namely Wyoming, Idulio and Nevada, in that order with respective veries from KPOW KGEN and KRAM. I have also, during a surge of the hots for foreign DX, added a few countries including Caracao, British Guiana and Honduras. I never realized what a good location Mizmi was for LA veries. Individual LA stations are elusive, true, but in Miami, the opportunity is good providing you can distinguish a word or two. (It is possible). LAs are challenging to say the least! Another reason I can claim this as a good season is because it provided me an opportunity of being on the "other end." Having the AN show at WQAM and receiving the many gratifying reports from NRC members was certainly interesting. (It also provided me the opportunity of finding out what type of people other than DXers stay up all night!) I also met a couple of fellow NRC DXers and maintained a faarly regular correspondence with some others. This makes five years in the NRC, and it has surely been profitable. Some of those reports really give you incentive! We should all be grateful to the guys who do the translating, typing, stenciling, mailing, etc.and are interested enough to take time to do all the ork. The NRC is really tops. I would like to be out there right now battling the ANs and latching on to zone of these elusive New England stations, believe me! I will probably get around to some active DXing during June, as that is when things let up somewhat. Until them I will continue to read the DX MEWS avidly, and will in the process be re-assured as to how valuable the NRC has been to this hobby. 73s.

Stan Morss - R.R. #3 - Bradford, Massachusetts 3/25- A rotton norning. WSAC s/on 2:56 for fair report. Nothing on KJIM KIYI or KPEG, all needed, too. WKAZ at 4, good. WMFS 4:20 for NNRC fair. Of course, no KLTF as WFTC was on. Holse was as bad as summer, I guess I was lucky to get three. 3/28-WACR I presume 3-4 with TT, Hawaiian, military and "Elvis the Palvis" music - a real gem, one of my most wanted stations. Could not pick out a definite ID in an hour but got quite a fertitles. Veries, WBSM/WGIR, finally, on fifth report, WMSR, two letters, both indefinite, WICO CHWO. Indidentally, ZFY's verie was my 2,600th heard and verified from this location. "Specials not verified as yet - CMHW (which seems to have verified for everyone else), WPKO WAMO CJNB 4VEC KHEM WBBN WELD CHRS WFST WHAF WSAC WKAZ WACR, blus a few that I have already verified in the past. A few f/ups out to WKIT WHYH WITTY WYSR KENV WANB and CMCH. 3/29 - Verie, PP card from WTIV for last season's DK. 1/1-7 - Veries, WKLM KGMS WMFS WHVH KAML. A very nice letter from WKLM who said they received almost 50 reports on DX, including California. Also mentioned that Gus illiginison visited their Azalea Festival and picked up his verie at WKIII in Bernie Duffy - 77 Livernore Avenue - Staten Island 2. New York As proof of our having arrived at the end of another DX season I didn't log any new stations to to heard list since last week. However, a few veries came. They are a nice letter from WKIM. a handwritten postal from WBSM and a CBC card from CEXA, specifying the use only 250 watts. Consequently, that's the most distant, low-powered station that I had this season. Total WBBR-1350 is tosign off permanently at 7:59 a.m. April 15th and its successor, WPOW, presumably will begin April 16th at 6 a.m. the dials a spin several mornings recently but nothing new heard. 4/7, I heard unneeded WGRA 790 with its MMRC DX at 3:30, but WKIM came on atop them at 3:37 and % hashed it badly. KWK 1380 had an OC and infrequent ID at 3:30-3:50 that morning. Reck has arranged a DX by WKIT-1520, Garden City, N.Y. for 4/15, @ 3-4. Says he's authorized to verify for that station. (This DX has been canceled, Bernie, as one of their engineers has quit -Ed.) double Constable a Appe

Puckly Giles - 2844 Guilford Lane - Oklahoma City 20, Oklahoma

Hi gang! Little DX to report this week - only one, the WACR 1050 DX which came in quite well under XEG and one time over it! This AM, 4/2, WGTO 540 was heard 6:04-6:30 a.m. for a now one. Veries in are, letters: KDBS KAIM (long wait with no f/up), KAMD 910 (on that frequency since 1/29/57) WMSR KWEL 1580 (initial ET), KCOL Tenth Anniversary QSL, KANL-dx, KROP (verie of unscheduled DX) and KIKS (ex-KSUL). Enough veries to make things interesting. 73s. Hope to see everyone in Ponca City come September. NEXT ISSUIT TWO WEEKS. AGAIN, IT IS OUR ANNUAL VOTING ISSUE, SO BE SURE T CAST YOUR BALLOTS THEN, AND ALSO, LET'S HAVE A NICE BIG BUNCH OF DX REPORTS FOR IT!

Bob Reck - 98 Revere Road - Manhassat, L.I., New York

Hi, all. Latest DX from this den since last report is WKAZ WMFS WSAC WBSM WBEC WESO WGBB (not needed). I have a new DX set-up in my closet. The clothing mufiles and soundproofs all of the strange noises which I wouldn't want to leave my room. This enables me a bit more freedom in movement, like tapping my toe to a good piece of music, etc. I've put a light system in the closet also, so that I can see what I'm doing and write notes in the visible light. Other DX was WLOB, and heard WEDC behind WINN; WIL-1430, WTIP-1240 and WEDR on their ET. School is pressing since at this time we have midterms, and I'm not sure whether I'm going to get up tomorrow. Monday morning or not (Today is Sunday.) I do need both tests and so I might just get up for a half hour or so. WBSM said in their verie that the most distant report they had was from Houston, Texas. WKIM said that they had a report from San Francisco, Calif. I was the last verie he sent (WKIM) and so he told me a lot about the station, f/c, future ETs, etc. A few new veries in: PP from WSHE; WVDA, program and card; KOMA, card, KPMC 1560, best Californian, catch-card. That's all. Mail every day this year so far. I'd hate to get a dub (no mail) some day, so I keep the old mail going out. Hi, Ron F. of Harrisburg, Pa., and welcome, Jorge Batlle of Manhasset, New York. Est-il fou? I'm now writing the verie letters for WKIT-1520 in Mineola, N.Y. so if you've put a request in, you have one coming. Bernie Duffy, Hal Williams, S.R. Morss, Ralph Sperry Kermit Geary, Ron Schiller, you are the lucky ones who have veries coming and who said they were in the club. All others who have past heard WKIT or as it used to be, WKBS, write now for your verie. Lefty, enclosed, find the Spanish transmation of the NRC Report Form - hope you can use same. (We surely can, Bob, and thanks! Also, I sent a report to WKIT and haven't received my verie. Shall I send you my carbon copy? -Ed.)

Lefty Cooper - 438 East 21 Street - Brooklyn 26, New York
Three nice veries in, by letter, and they came from WKIM-dx, WCLG-dx and WFLR, heard
back last Columbus Day on RS at twiltight. Only one new catch filtered through my set
this week, and it is one no one else has reported hearing - KNLR-1380, North Little
Rock, Arkansas. They were received on Saturday morping, April 6, at 2:12 a.m. with a
very strong signal, but with mucho static here. Nothing much else to talk about here,
but I do hope that you lads will support our summer issues with the same gusto you
have shown us in the past - that is, you regular reporters. Perhaps some of our boys
who seldom send anything in might find some time now to do so. I hope so, anyway.
According to a note in a newspaper, it said that new WPOW-1330 would hit the air on
May 1. The article said it would be a full-time station, but this cannot be, as WEVD
shares time with them. I'm wondering if possibly WEVD has also been bought out, or if
the article merely meant to infer the new WPOW would be on day and night?

HEARD SINCE LAST ISSUE

And with this issue, the so-called DX Season comes to an end. On the whole, while it has been a sert of off-year due to the high sun-spot activity, still it has been very successful as far as the NRC is concerned. We have gotten several new members, and we have had the fortune that a goodly number of them took an active part in the club. We hope that during the summer, that more of you will grace these pages with your names and experiences at the dials. Don't be sheepish or bashful - we all want to know how you're enjoying your DX hobby, and what you are logging. So, come on, new members, NRC is yours just as much as any one of our so-called old-timers. Report in and you will thus be improving DX NEWS by doing so. Then, beginning with the October 19 issue we will herald the new 1957-1958 DX Season in as once again, we come to you each week. This magazine is nothing unless we get reports from all of you, so please take an active part, and become a part of the big wheel that is N.R.C.! And if you are new in the hobby, we can think of no better way to get the real DX Fever than by going to the big Labor Day We kend Convention, this year to be held in Ponca City, Oklahoma.

And just as we finish this portion of DX NEWS Pat Reilley's report arrived by Special Delivery, so we'll send it along to Hal Wagner and if he has room, he will include it, and if not, he'll return it to your Editor and it will be in the next issue.

HAMK HOLBROOK outlines the following method for addressing reports to domestic beacons: 100 4 4 4 11

"First for both civil and military U.S. beacons

I always included a prepared verification card.

Probably 90% of the domeatic aeronautical beacons are operated by Thus I usually send my reports for this type to the beacon station c/o the Civil Aeronautics Administration at the respective airport.

The armed forces aviation beacons are addressed to respective military base. Unless T have a verie signer, the address is simply:

Officer in Charge, Control Tower, and the location. For CG stations, I always my report to the Coast Guard center. nearest the station. These centers are at Boston, MNorfolk, Philidelphia, New York, Miami, New Orleans, Long Beach (Cal.), San Francisco, West Point (near Seattle), St.Louis, Cleveland, Jackson-vilville, San Juan, Honolulu and Ketchiken (Alaska). Perhaps there are others. Put the name of the station at the top of the address and always mark PLEASE FORWARD on the envelope. "

TOOTING MY OUR HORN We will appear an article by yours truly entitled SwLingAPD THE FORGOTTEN BAND. It outlines what can be heard and verified between 1605 and 3000 Kc/s. In the event you are interested, Co can be obtained from any anatuer dealer or by sending 50¢ to CQ, 300 W.43rd.St., New York 36. The verie signer for Beacon SSC, Shaw AFB, S.C. is Lt. James

K.Jackson)
