MIKE SILVERA ...

is the winner of the First Annual International DX'er of the Year Award ... see IXDX page one ... and bear in mind that there will also be a Domestic DX'er of the Year Award based on contributions to Randy Kane's fine column. Both awards, which will include a suitably inscribed plaque, are donated by the respective editors in an effort to increase the quality (not just the quantity) of the contributions to their respective sections. And allow me, as executive secretary, to suggest that really hot Domestic Info be sent to Randy Kane and that Important Foreign Info go to Gordon Nelson. It will be easier to find that way!

(It cost me \$420 to see Ron Schatz)

EUGENE WAS THE SCENE ...

for 32 good NRC'ers, who converged on the not-so-green-as-usual Pacific Northwest in the first NRC convention ever West of the Rockies. From the East Coast came Wayne Plunkett, Jim Warner, Chris Maslen, Gordon Nelson, and (after I'd thought it would be impossible to make it) John Callarman. A complete convention write-up will be forthcoming in the next issue ... along with illustrations ... but most of the convention notes and stuff are in a moving van coming to Boston. Bart Cronin was so pleased by the Boston Convention presentation, he decided to come out a few months early and go to work for Pete Taylor at WJIB-FM. Bart thus will become the first DX'er in the history of the club to host two conventions in a row ... wait, let's go back and say the modern history of the club, for they used to be held each year in Buffalo. But welcome to Boston, Bart, and it's good to hear WCAS' sister station, WJIB, on the air (at last) at 96.9.

BOSTON '68

Yes, we won! The Pittsburgh bid did not arrive until after the convention, although Bart Cronin expressed it fully, and glowingly from a Saturday telephone conversation with Mike Tilbrook. The vote for Boston was, however, unanimous. Our Boston Double Dozen will be proud to welcome NRC'ers for the largest radio club convention ever over Labor Day, 1968. There will be no date change this year. Convention-goers on the West Coast felt a year's full discussion, pro and con, would be valuable... so let's discuss the pros and cons in Musings.

COMPETITION '69

Don Kaskey, who has his own attractive motel (judging by the brochures I've seen), plans to come to Boston and bid for West Sacramento '69 ... and I know the ever-growing Houston clan (another new member this issue ... and samples this time to TWO more Houstonians) are planning a bid, headed up by 1957 convention-host Hank Ward. It might also be a good idea, if I may stimulate some thought from Walt Breville and Dave Carlson, for the St. Louis bunch to plan to submit a bid ... and talk it up in the bulletin. With the past two conventions and the next one in one extreme part of the continent or another, it might be a good idea to plan on a centralized location. IRCA, we note, decided to forego the East/West concept and voted to convene in Los Angeles next year. Their turnout, by the way, was 25 to the Denver convention. An interesting comparison for the Eastern-oriented and Western-oriented clubs!!!

DOMESTIC CONTESTS

All five Domestic Contests will be run again this year ... and the full details will be contained in the next issue. Don Kaskey, Hotel El Rancho, P.O. Box 235, West Sacramento, Calif. 95691, with a fee of 25¢ each. The contests will once again be loggings only (but be prepared to back 'em up with program details), and will include States and Provinces, Letterama, Capitols, Graveyarders, and 250-watters. Logging begins October 1st. Rules in the October 7th bulletin!

Some anonymous poet (not Up Paul Knight or Count DeVeries) sent in this effort, entitled "EUGENIX"

Tons of fun in Orygun --
The NRC convention ...
'Cause Boston Bart has learned the art
of forest-fire prevnetion.
The picnic scene was maize, not green.
The dry days caused frustrations.
And Bob Lamotte, his ears were hot,
While logging all the stations.
One cant forget how planes were met
Without a sign of dread.
The detour looms but driver Coombs
Continues straight ahead.
With chalk and board, the bearded Gord
Tells all about E-twenty;
While friendly spats with R.F. Schatz
Provided laughs a-plenty.

On station list, no calls were missed
With letters from "Willamette"
"McKenzie" too, stirred much ado --
I didn't win -- well -- drat it!
Into the hills for DX thrills
Went guys like Leonard Lockwood.
Bart wouldn't go (the A.M. Show!)
Though we all thought Bill Bleeck would.
From Buffalo, Chris joined the show
From T'ronto, Jim and Wayne
Came all the way to meet G. Gray
And then went home again.
Veries, pics, equipment schticks,
And beer without abatement...
To say Eugene was the real scene
Would be an understatement!

Fred Nordquist - 411 Dart - White Sands Missile Range - New Mexico - 88002
 Greetings from "The Land of Enchantment." The TV DX Season has just about faded out, & now it's back to better BCB CX as Fall approaches. We just moved on Post & put a mountain between the 17 El Paso/Juarez stations & myself. El Paso totals were: 163/0 March-August 1967. Two goals are set for this season: 1. One verie per state/province. 2/ Log all N.M. stations as possible. Nothing like starting from scratch again, hi. Here is some later DX: 7/5- KAFE-610 w/XELO off air 3:58pm, XEFV-1000 s/off 9pm, XEWR-1110 s/off 9pm. 7/10- KBIM-910 rr 2:54pm, KSVF-990 semi-cl mx 3:14pm. 7/13- KITE-930 w/KELP nulled, 11:33pm. 7/14- KGRT-570 s/on 6:30am. 7/29- KGMO-1550 f/c midnight. 7/31- KEAE-1600 s/off w/band mx, 10:16pm. 8/2- KBTR-710 10:51pm, KOAM-860 11:05pm, KIUP-930 s/off 11:15pm w/no SSB. 8/3- KXOL-1360 9:55pm. 8/5- KDJI-1270 u/KINN 9am, KYND-1580 WX 9:05pm, KIVI-560 WX 11:04pm, KXYZ/KWHN-1320 10:25pm. All preceeding logged from El Paso. Good luck to everybody in what will be another great season for the NRC. 73. (Good luck to you, too, Fred - ERC)

Walter Fair Jr. - 12022 Palmyra - Houston, Texas

Hello, all NRCers. Jody Coles, Ken Jennings, & myself had a little DX session over at my house last night, & it turned out fairly profitable. I netted seven new BCB catches, Ken got eight new ones, & Jody left early (2:30am) so I don't know how many he got. It's a weird sensation to have three radios going at the same time trying to hear three different stations all over the loudspeakers. This was perhaps my most profitable DX morning of this Summer season. Here's what we bagged: All dates are 8/21, & times are EST. WOC-1420 Davenport, Ia. @ 12-12:05am s/off-SSB. WCOA-1370 from Pensacola, Fla. @ 12:10 s/off. XESM-1470 Mexico DF @ 12:15-12:23 w/LA mx. WSSP-1490 Durham, NC @ 4am as it changed power. KVOP-1400 Plainview, Tex. @ 4:20 w/Ting & an ID @ 4:20. WLAK-1430 Lakewood, Fla. w/an ID. WGSV-1270 Gunthersville, Ala. @ 5am s/on-SSB. We also did some other DX, but mention of such would be frowned upon. Well, you all have fun, 'cause it's time to sack in about now. And remember: HOUSTON in '69! 73s & good DX to all.

John W. Hoogerheide - c/o Compania Sud-Americana de Explosivos Rio Loa - via Antofagasta, Chile

Greetings from the sunny Southland. After two months I finally got my gear through customs. Whoever said the Drake SW-4-A is no good on standard BC? It's fine - both on BCB & SW. I assume one thing that helps is that I'm using it in Calama, which has one BCB station, w/the next nearest station 150 miles away. This Atacama is some desert - nothing but rock. Anaconda Company's mine at Chuquicamata is fascinating. I visited a sulphur mine on the Bolivian border last week - 19,800 feet in elevation, primitive beyond words. Thanks to R. Wood & B. Brubaker for letters. Any persons wanting Chilean stamps for collections, please write & send \$\$ down. Also I'd like to volunteer as Deep SA monitor for the Club. What I'd like to do is make a list of frequency by frequency at about 3am EST & see what SSES are on. It may help some of you in your logs - especially on MMs. Please drop me a line on specific frequencies. Use above address for mailings. I'm living in Antofagasta - I have a beautiful home here. I spend most of my time, five-six days a week, in Calama. I have a fulltime housekeeper who lives in, a girl of 28, & would you believe, @ \$35 a month for her services? For those interested, Chilean girls are real cute, European influence. Good way to learn SS too since they don't speak much EE. Now to DX - only one day & quickly too. Times, EST, dates 8/13. 1530k, 12:45am, Mexico City atop, quickly drowned out by WCKY w/whopping signal till 1am s/off-SSB. Another SSB underneath, Harlingen, Texas, maybe? WCKY continued intermittent testing & suddenly KFBK, Sacramento way atop. Homesick for old WC of USA. WPTR w/two SS atop 1540 1:15. No sign of KXEL. Miami on 940 all alone. KMOX-1120 weak w/SS 1:15. 920 wide open & the old HI lady I heard so many times in Oregon. No ID but who else besides Little Rock? Very weak however, & faded. WGBS in Miami seems to be the easiest USA on 710, heard nightly but fades in/out w/many SS. 1115, R. Minutera, in Panama noted 2am w/excellent signals & all alone. Many IDs & "Hora exacta de Panama." This split frequency all alone & should be logged in US w/no trouble. This LA DX will take me a while as my SS is not that good yet. But bear w/me, & in 2-3 months you should have an excellent SA (Deep, that is) listing of stations. Where can I obtain a listing of SSES by frequency for SA & LA? And, I'm not getting DX NRWS. I'll gladly pay for xxx airmail postage on this all, but please send it airmail. Gordon Nelson, be patient - your column will be filled but I needed a radio first. I hope the Eugene Convention was successful. I feel bad about missing it. I'll be in USA in Dec. & maybe Peru, etc.

Jeff H. Ross - 125-12 Cronston Avenue - Rockaway Park, New York - 11694

Hi fellas! For some reason, CX are surprisingly good w/the following new loggings (all times EST)- 6/19- WMIR-1550 Lake Geneva, Wis. @ 8:28pm. 7/14- WFBS-1260 Indianapolis, @ 9:05pm. 7/15- WELV-1370 Ellenville, NY @ 7:29pm. 7/19- WFIF-1500 Milford, Conn. @ 6:45pm. 7/23- WENE-1430 Endicott, NY smashing in @ 3:57am. 7/24- WPRW-1460 Manassas, Va. @ 8:36pm. 8/12- CFRA-580 Ottawa, @ 12:30am, WHBG-1360 Harrisonburg, Va. very strong @ 7:01pm, WKBA-1550 Vinton, Va. @ 7:14pm, WTHB-1550 @ 7:15pm. 8/13- WSHP-1480 Shippensburg, Pa. @ 4:03am, WCBL-1290 Benton, Ky. testing @ 4:29am, WWHY-1470 Huntington, WVa. quite strong @ 4:10am, tentative WBVP-1230 Beaver Falls, Pa. s/on @ 5am. MM 8/14 was pretty good. WBML-1240 Macon, Ga. o/everything @ 2:01am, CKPM-1440 ottawa, @ 2:40, WCHB-1440 Inkster, Mich. @ 2:e5, WRNY-1350 Rome, NY, @ 3am, but not enough for a report due to WSLR. WROV-1240 Roanoke, Va. @ 3:16am, & WBIM-1330 Danville, Va. @ 7:07pm. Oh yes, I almost forgot WHAZ-1330 Troy, NY who covered the channel from 8:30pm on, 7/14, through the rest of the evening. On Saturday 8/12 Lon Berman & I took a drive out to Riverhead, LI, to see WHRF-1570. As far as I'm concerned, it is the most "hick" station around. The XR, studio, & office are located inside a little blue shack that looks like it hasn't been painted for 20 years. In addition, there were enough weeds growing around it to give the jungles of the Congo some competition! To top this off, the station's location is just inside the entrance of a drive-in movie. At first, we were afraid to touch the door, as it was half rotted, & falling off the hinges! What will they think of next?

Joe Skurzewski - 172 Lathrop Street - Buffalo, New York - 14212

Hi, fellas. In a few days J. Callerman should receive my \$7/75 for renewal in the NRC. Now down to DX. This seems to be my best Summer I've had for DXing, but my nights were limited because of Summer school. Here's what I logged: WNYR-680 @ 2:50, WMMN-920 @ 10:55, WPIC-790 @ 8:03, CBM-940 @ 9:13, WENE-1430 @ 9:13 $\frac{1}{2}$, WHDL-1450 @ 12:33, WINU-1510 @ ???? (the GM said they went on the air in '63, after a four-year battle w/the FCC. They presently operate w/250w, & trying to get 1,000). WORK-1350 @ midnight, WTVN-610 @ 12:48am, WFEA-1370 @ 1:19am, KUXL-1570 @ 1:53 w/TT/ET. WCAZ-990 @ 2:29 w/TT. WSSP-1560 @ 3:17. According to VJ, it's a new daytimer w/1,000w. WNKY-1480 @ 1:17 w/TT & frequent IDs given. CPPL-980 @ 2:08, WMNI-9020 @ 1:14. (What date for these, Joe? -ERC) I don't know if I mentioned it or not, but I received a letter from Lee Moore, WWVA's c/w DJ about a letter I sent him, & I received a nice piece of stationery w/WWVA's call on top in yellow w/black trimming. It's a lot better than the postcard! Veries trickling in slowly but surely: WBCB WNYR WWOL WPIC WINU. I have a book w/stations that carry "Your Worship Hour" on SMs. There is a total of 20 in the USA but in this Muse I'll give the first ten: KHEP-1280 WBIF-900 KGER-1390 WMYR-1410 WVCF-1480 WJNO-1230 KART-1400 WCNR-1270 WSBT-960 & KMA-960. I have some also from Canada & foreign. I hope they wiol be useful to someone. I heard from a friend of mine that WBT changed the color of their QSL to green! I've got to check into this. To end this MUse, if anyone hrars/logs WEOL-930, their address is: The Eluria-Lorain Broadcasting Co., 408 E.S.T. Building, Elyria, O. 44035. Their slogan is "Distinctly Different." 73s from the last-place Bisons.

Dick Truax - 3363 Eisenhower Road - Columbus, Ohio - 43224

Greetings to all after a long hot Summer w/mucho static & little BCB activity. And a belated thanks to Pat Flanagan & the gang for a great time in Cincy in June. A few loggings in past few weeks due to improved SSS & SRS & determination on MMs. 8/14-12:45am, WJOB-1230 w/local WCOL-NSP nulled; WROV-1240 @ 12:55am w/rr. 8/21- WTAP-1230 @ 7:10pm w/WCOL nulled; WMBM-1490 @ 1:30am w/R&B in like a local for 20 minutes. Many semi-locals logged for first time this Summer - I still need WNXN-260, only 85 miles distant & NEVER logged. CHIR-730 noted all week of 8/7 w/AN-rr test. CJNR-730 mentions CKNR-1540 apparently // to it at Elliot Lake- has anyone logged this one? (Isn't that 1340, Dick? -ERC) Things are picking up & it looks like a great season, especially since QTH change here away from HNL. I would like to hear from any members who are hams (or anyone else). I might start some type of net to trade info on CX & tests, etc. Dave Fischer & I have had several QSOs ~~xxxxx~~ though lately I can't find him, hi. That's about it for now - I hope for mucho newies by next Muse. 73.

Stan Morss - Route 3 - Bradford, Massachusetts - 01830

8/13- WVOX-1460 @ 6:26 s/on o/WRAD. WCMB covered @ 6:30, so tape & leyter, QSL received 8/18, for fourth set f calls for New Rochelle, also a verie from Freiburg-827 for Easter Eve reception of late Easter mx broadcast. No veries on WVMG or WRYT or a lot of others & not many f/uOs. Keep listening to WJIB, Boston's ^{most} noise-free station.

John & Rick Haneiko - 4667 Country Club Drive - Pittsburgh, Penna. 15236

Well, we missed last issue's deadline while on vacation, so there is much DX to report from here. There have been 38 new loggings at this den, but we'll stick to those heard after 8/13. Loggings: WROV-1240 (our first logging on 1240 thanks to excessive slopover from WTAE-1250 all the time) @ 4am 8/13. 8/14- WRCH-910 @ 3am. 8/20- WNBC-290 @ 11:02pm, WFBG-1290 @ 1:08, CJOE-1290 @ 11:02pm. 8/21- WWUN-1590 @ 12:02am, WCBM-680 @ 12:30am, WCOK-1060 @ 12:55am testing, XEDO-1060 @ 1am, WIBG-990 @ 1:05am, WRQK-1400 @ 2:22. WTID-1270 @ 3:01, WRNY-1350 @ 3:17am, & a most unusual one, WKRA-540 @ 12:10am, also on 8/21. WKRA was heard ~~just~~ signing off @ 12:12am on that MM, mentioning they were licensed by the FCC to operate on 540 w/a power of 1,000w & gave their location simply as Allegheny County. There's nothing like this in any logs we have, as WARO is supposed to be the only Pa. station on 540k. We'll be listening for some more on this one. Other DX: 8/23- WEAW-1330 @ 7:50pm & CHIR-730 @ 9pm w/an all-request program. 8/27- WCHA-800 @ 6:58pm. 8/28- WMFO-1390 @ 6:35pm, WKOK-1070 @ 7:06pm. 8/29- WIOI-1010 @ 7:25pm, WHON-930 @ 7:44pm, * CKIM-1570 u/CFOR @ 8:30pm. 8/31- WSBT-960 @ 12:17am, CKWS-960 @ 12:19am celebrating their 25th anniversary of broadcasting today w/a special all-request program until 5:30am. WBRC-960 @ 12:20am. CKWS dominated 960 so a report was sent to them. Other loggings for the night include WMID-1340 @ 2:27am, KRYS-1360 @ 2:29am, WKAT-1360 @ 2:50, WEAN-790 @ 4:45am, WFBM-1260 @ 5:01am, WENE-1430 @ 5:20, & WSLI-930 @ 5:31am. Last night we finally got KFI-640 & XEG-1050 for reports tjams tp pir twp month old NRC Loop. Neither was needed as a logging, but both were much wanted for quite a while for a report. Presently we have 23 reports out, so veries should soon be filling the mail slot again. Recdnt veries include v/q- WFIL WHN WNJH WSBA WNBC WBEN WRC CEW WIBC. v/o- WKPR WCHS WFDF WWRL WWJ XERF WCOK & WMCK. We were quite pleased w/XERF, as we never expected it to come back. That made Country #7 verified. R. Americas will hopefully soon boost that country total by one. We hope to have as much to report next issue. 73s.

Rick Marr - 352 High Point Road - Ellicott City, Maryland - 21043

Greetings once again fellow NRCers. I sincerely hope everyone in the Club had a fine Summer. The QRN & other forms of static seemed exceptionally bad this Summer, & so DX has thus taken a back seat in my den for the past few months. However, I have been touring more AM stations & here is a description of the ones I've visited most recently. On 7/18 NRC member Dale Dawson of Baltimore journeyed w/me to Braddock Heights, Md. where we toured WMHI-1370. An announcer there told us this 500w daytime station received a DX report from someone in Salt Lake City, several months ago, & that a reception report from as far away as California was received by WMHI a few years ago! That same day we visited the studio of WTRI-1520 in the town of Brunswick Md. WTRI is a 250w daytimer & has an extremely small set-up. This station plays c/w mx & began broadcasting in 10/66. Then on 8/3 Sale & I drove to the nearby Washington DC Metropolitan area where we were shown the studio of WUST-1120 in Bethesda, Md. Here we talked to DJ Bill Johnson who has been at WUST for about ten years. Bill informed us that this 250w. MW daytime station has been logged in the past by many distant DXers. Just offhand, I can recall that NRCer Dave Schmidt in Chester, Pa. is able to hear WUST w/clarity on a daily basis, & that Russ Edmunds has both logged & verified this station from his home in Little Silver, NJ. And on 8/18 Bob Binau of our Club came here from his home in Williamsport, Md. & we spent a most interesting day talking DX. Nice meeting you, Bob! Well, due to sudden difficulties, I was not able to travel to Cal. & the WC this Summer after all. Similarly, I could not attend the NRC Convention in EUGENE, but I sincerely hope everyone who did attend had an enjoyable & memorable experience. In any event, I'll surely be at next year's Convention in either Pittsburgh or Boston. Also, I recently received the new & revised VJ Log (Fourth Edition) in the mail, & I'm findint it extremely accurate & useful. 73 for now & watch those NY Yankees win the American League pennant & then the World Series, hi, ERC. (Somebody's living in the past, methinks -ERC)

Eric Floden - 13 Parkside Crescent - Ottawa 5, Ontario

Contrary to "Changes & Corrections for VJ 4th Edition" CFPR-860 is totally operative & active. I heard them last 7/3, & on 8/28 checked w/CBC, & DoT Radio Regulations. The only change the CBC had to its usual list was the addition of an FF CBC outlet in Vancouver (FM). 73. (Thanks for the note, Eric, & the compliment on my CKLG-730 report, & we hope you'll be joining our NRC very very soon! -ERC)

DX here so far this year has fallen far below par, due to a combination of school-work & dwindling DX interest. Even a Spring visit to Buffalo failed to revive the "bug". Summer vacation has brought a little more time & the following loggings. 7/25- WVIK-590 heard @ 12:30am EST w/Gene Rabbit Show, good after WMBS s/off, CKEY off to check equipment that AM. CFBC-990 showed up @ 1am w/NX & AN Show, signals good & strong. 8/30- HJAC-1140A Emisora Riomar heard w/SS mx, ads, etc. until 12 s/off, rough copy from WRVA QRM. 9/2- XEX-730 "La X" in Mexico City noted from 11:47pm & again later w/various mx, ads, IDs, all in SS, fair to good. Other Mexicans all over the band that night. Veries of late: v/1 from WLIL-730 received 6/20 for report of 12/28/66. That leaves only WLIK in the Wilkerson chain. v/1 from CFBC, Fundy Broadcasting Co. Ltd., very prompt. The 8/19 DX NEWS just arrived (third class really is slow!), some very interesting items including the new Foreign Contest. My my, how complicated! The only rule missing was "For Experienced Personnel Only." I got out the atlas last night & all of Central America & most of South America is out - it's really a TA & TP Contest & I don't think younger members stand much chance, should they even enter. So long for now, good DX to one & all.

Stewart Drake - 2108 South Simpson Street - Philadelphia, Pennsylvania - 19142

Not a heck of a lot to muse about as August was pretty poor DX-wise. I did manage to get two definite loggings & a possible. Along w/three QSLs, I guess I can't complain. On 8/24 HJAC-1135 was heard between WNEW & WRVA w/a very good signal @ 11pm. This was my 13th Colombian & furth from Barranquilla. On 8/27 I heard the new CHIR-730 badly mauled by CKAC @ 8:52pm. I think I got sufficient copy to warrant a QSL, if they are sending them out. On 8/28 a possible KFSA-950 TT @ 1:15-1:30 though no IDs IDs came through. I did get TT times so possibly they can agree it was they. In the QSL column I got WLDY-1340, WATN-1240, & St. Georges, Grenada, Windward Islands-535. This was for a 1/21/66 log. So I guess everything comes to him who waits. This was my 52nd country verified out of 57 logged. And these three now make it 2,197 total veries to date. As like most all DXers I have been hearing TT after TT but very few IDs for same. Appatently this is becoming the accepted practice among many of the stations. I sure wish the FCC would crack down on a few & maybe the rest would wise up. I am looking forward to a better EX season this year, what w/now being in the NRC I should get all the S ecials listed. Best of DX to all. 73.

I am a new NRC member. I live in Connecticut, but born in Brooklyn, East 43rd St.! I am visiting Georgia, Fort Gordon, where my brother & sister-in-law live. I passed loads of AM stations on the way. I'll report in MUSINGS in the near future. 73s. Paul & we'll hold you to that promise! -ERC)

Hi. On the local scene, WIL-1430 has been acquired by the Lin BC (KAAY WAKY, etc.) & will switch to all-NX. Their phone show will be taken over by KWK-1380 who will carry a milder form than that of WIL's "Controversy" which got pretty wild at times. KWK's "Jack & Jerry Show" will be f om 7-11:30pm; & I guess that won't change their HI AN shows. DX hasn't been too bad in August but should drop some when school starts. MM 8/14- CKPC-1380 in good @ 12:08, WDAE-1250 Fla. testing @ 12:37, WTAE-1250 RS @ 2:09, KOYN-910 on their r/c (didn't answer May report). MM 8/21- KTOW-1340 Sand Springs, Okla. s/off @ midnight. How about another St. Louis get-together in October when the Cards play in the World Series? Harry Caray thinks they'll clinch it by 9/16 while pessimistic Jack Buck thinks it'll be later. Right now, the A.L. is so bunched up around the first place spot they'll have five teams in a playoff, or somethin'. I enjoyed recent visits from Bruce Reynolds & Duane Giese & Ernie Wesolowski (over at Walt B.'s house). KXCK has erected a 63 ton iceberg in downtown St. Louis & you're supposed to guess when it melts (the WX we're now getting, it may last till next Spring!) x Probably o/30 now (sorry) so 73s from the land where the KATZ-man prowls!

I'm finally getting around to reporting after an enjoyable Summer. I havent DXed at all since April, but I did manage to send out about 20 f/ups w/about a 50% return so far. The turnout at the ANARC Chicago Convention was higher than expected w/30-some DCers there. Twenty-five made it to Denver for the IRCA. There definitely will be a committee on better reception reports w/myself as Chairman for the NRC. If you could get any reports on a regular basis, please send them each month to Jerry Starr in Youngstown, Ohio. Or, if you would like to work on the Committee in writing to the DXers who we learn about, please contact me. We will print about 5,000 copies of a two-sided info sheet to be mailed to the new DXers. We must teach them before all stations stop verifying our good reports. Thanks to all who bought my ISR/ISS maps. A 1 105 copies are gone & I may have a re-run in about a year. Veries are only two: KWBA in Tex. & WLDS-q in Ill. Totals include 1,310/950 in 47 states, 19 countries & nine provinces verified. RX: HQ-180-A, two outside antennas, one inside, plus a 40" loop. I now have ten clocks in den, two recorders at three speeds. (402)-733-9457. KFi-640 is now very hard to get every night cue to Cuba. KOWH-660 now using temporary XR & antenna, no image on 730, either. They're moving! Nice meeting Don Roller of Ft. Wayne on his short visit to Omaha this weekend. Other visits from Bruce Reynolds this Summer too. How about St. Louis in '69??

Carl Dabelstein - 1419 South 54 Street - Omaha, Nebraska - 68106

Well, it has been quite a while since I've had a report in Musings, but this is due primarily to my senior accounting major year at the U/. of Omaha & I work full time in a local bank. However, I've had some time to spin the dials lately. DX has been fairly good. 8/7- Log taken on KCME-1300 Tulsa @ 12:46, KLBK-1340 Lubbock was heard in the mess @ 1:05. Hi gang. It's been a lon long long time since I've DXed. In fact, the verie on 8/28 was my first since 5/8, hi. Veries since 4/1: WDAF WPRO KSTL WBAA WGPA WBCK WAKE WMBD WMAQ WKY WGH WCKY WERH WHAS WYLO WPFB. DX in the last month: 8/19- KRMG-740 4am u/CBL very poor (& a nuisance - I wanted to hear CBL). 8/23- WPFB-910 1:08-1:15am fair w/post-game scores. 8/25- WHA-970 5pm poor. 8/31- WMCA-570 o/u WKBN good to poor. 9/6- WBOL-1560 w/r/c march mx, 1:43-1:45am when I heard it. I should be down by the WBOL studios in a couple of weeks on a honeymoon. The IRCA already has a list of Specials coming up/ That foreign DX Contest looks good, but why not have something like it for domestics? Good to see another Lake Michigan guy in the Club. Drop me a line Russ & maybe we can get together. Totals here now are 429/82. 73.

Walt Breville - 9127 Coral Drive - St. Louis, Missouri - 63123

Hi Things are starting to liven up DX-wise, w/CX definitely getting better. On 8/26-27, we had a Missouri NRC Convention here, thanks to a real nice visit from the entire state's NRC membership; Bruce Reynolds, Duane Giese, & of course, Dave Carlson. The gang brought me luck that SM: WDVA-1250 12:30am in good, nice signal from R. Mil -1040 Honduras 12:40am, & WSBT-960 Ind. 'round lam, were added to the log. Before I forget it, here are two stations to scratch off the new VJ Log: KADY-1460 St. Charles Mo. (contrary to VJ fourth edition correction list) WAMV-1490 East St. Louis, Ill. Both of these stations no longer exist, & have been extinct for at least several years. 9/4- WTRU-1600 Mich. 4:31am, 9/5- KJFJ-1570 Iowa 6am, KIXZ-940 Amarillo messing up KIOA but good 7:45-8pm 9/6- KRBC-1470 Abilene, Tex. 6:18am, KBTC-1250 KJPW-1390 & WFIW-1390 gave the Mo./Ill. loggings a boost all around 7pm, & finally a welcome longpsought ID from KVII-1010 Amarillo @ 7:50pm. A v/1 arrived from WDAY-970 on 8/21 for a six-month-old report, I wish one & all a Happy Nes DX Sdason & 73s.

Bob Shaw - 325 Bashford Hall - Ohio Wesleyan University - Delaware, Ohio 43015

Above address will be effective 9/18. I won't be DXing there, probably. DX here has been sorta slow - I hope for one AM & SSS of Aurora before I leave. WWOK-1480 3:35am this MM 8/7. When are they gonna become WAAD? 8/8- WREL-1450 r/c-TT 12:03-12:15. 8/9- Much-wanted WPAR-1450 r/c-TT 12:15-12:22. 8/11- CHIR-730 AN, I believe they were not actually RS till a week or so later, at least there was no DJ till then. (P.9)

(Bob Shaw) 8/14- MM WBCB-1490 1:05am. MM 8/21 missed since I had decided to go to Niagara Falls @ 11pm Saturday night, so I was asleep, hi. (You eloped? -Hi -ERC) MM 8/28- WWDG-1260 1:07. 8/29- WDMS-1320 lam concluding ET/TT. MM 9/4- WSTR-1230 12:33. WEED-1390 ET/TT 1:04. WKDK-1240 1:38. Veries are full page v/1 from WIXY, & WOWO v/q returning postage. The 1380 spot in Lorain, ex-WWIZ, will probably be taken by Midwestern BC. Since WWIZ left, there are two almost non-existent stations in the day, one CKPC, the other unID; @ SSS I haven't tried much. Go RED SOX, and 73 from the Ale Man.

Bob Zwier - 383 West 17 Street - Holland, Michigan - 49423

Howdy gang. Now that everyone is back from the Convention & ready to set his teeth into some of that great DX, I thought I would say a few things. First off I have no DX to report because I didn't DX on Labor Day. No new veries either. My newly re-visited totals are 626/192. I would like to suggest that more members use more parts of the bulletin this year. Let's not just concentrate on one section, but write to all sections for a better bulletin. Also I see that we are way behind the IRCA on CPC work, which should be remedied as quickly as possible. We shouldn't let a five-year-old outdo a thirty-five year old club! It was nice to see the last issue come in those big brown envelopes, but it seems to be just added unneeded expense to me. Congratulations should be in order to those who won something in the Contests. One more thing which I had forgotten. It would be nice if all our CPC testing stations would either s/on or s/off w/the "National Emblem March". CPCers could mention this in their requests. 73 for now & go get that DX!

Bill Raczkowski - 3015 East Lincolnshire Boulevard - Toledo, Ohio - 43606

Hi. Not much DX, only CHIR/CHYR & tentative logging of YSF-840. I sent a f/up to KXLF, & got a nice v/1 this time, finally! KXLF, KORL, & TIRICA were the only three veries this Summer. Quite a bit of SC action lately, current total o/700. I had a great time at the ANARC Convention in Chicago, & enjoyed meeting NRCers Richard Wood, Rich Palmer, Don Eggert, Ernie Wesolowski, Walt Breville, & Roger Winsor. I hope I didn't forget anyone. A few days (one, hi) after the Convention, George Greene came up & we had a lot of fun that week. Stations toured in August were: WIMS CBE CHIR/CHYR. Also we tried CKLW but didn't make it. I also had a very nice visit w/WCWA CE Joe Weygandt, who says he will do a Special for us. If you will remember, he did one a few years ago when it was still WTOL. I am definitely going to send \$2.75 to KAC! I got the August bulletin about two weeks late. 73.

They faded right after s/on, but taped report sent. MM 9/4- Noisy, but I got CJDV-910 2:20-2:25am s/off-GSQ, KBER-1150 ET @ 3:01am, WKDA-rr @ 3:15 atop 1240, WSWA-550 @ 4:07am, & WKZO-590 good 4:49-5am WOW s/on. I noted AN-rr this holiday AM CKCY-920, WGEN-1440 & WPNX-1460. Hopefully none is permanent. Most enjoyable weekend trips to Omaha & St. Louis during August. Thanks to EJW & Walt B. for everything. Nice to see Larry Lehmer & Duane Giese again & to meet Dave Carlson & Skip Dabelstein. Veries in: v/q- KPHO & CJOB, v/1- KBOR. Totals: 1,034/437. Compares to 412/52 totals when I joined this great Club two years ago. I'll celebrate my NRC Anniversary w/a re-introduction. I'm 20, single, & a college student at Central Mo. State at Warrensburg. The QTH is a farm ten miles NE of "the Burg." I'm interested in all phases of radio, c/w mx, & sports. Ambition is a career in broadcasting. RX is a four-tube Heath GR-64 w/Heath Q-Multiplier. Besides an NRC Loop, I use a 150' longwire. Again I want to thank all the people who have done so much to make this Club great. Special thanks to ERC whose nimble fingers make this section possible. 73s & good DX from the BEST NRCer in Johnson County, Mo.! The ONLY one!Hi!

Hello again. I'd just like to mention that on 9/1 @ 12:30pm, WCBS-880 was off the air for antenna repairs. At that time, I noted WHCU-870 NY at S-5, & WNHC-890 NC at S-1. Veries: v/q from WHBG-1360 Va., v/1 & CM from WSHP-1480 Pa., v/1 from WCBL-1290 Ky., v/1 from WWHY-1470 WVa who claims they received a taped report from New Zealand, v/1 from WBML-1240 Ga., w/c from WBIM-1330 Va., v/1 from @WDSL-1520 NC, & v/q from WBIR-1240 Tenn. Here's the most recent DX: 8/18- WDSL-1520 @ 7:03pm. 8/19 - WNBC-1290 NY @ 10:48pm. MM 8/21- WRBC-1300 Miss. @ 2:30am, WBIR-1240 Tenn. test @ 2:45, WTID-1270 Va. @ 3am s/on, & 9/4, WQTW-1570 Pa. very weak @ 6:29pm. Unn WOPA-1100 Pa. very strong o/WKYC on 9/4 @ 6:05. That's about it, so 73s, & Keep Your Knees Loose." Hi.

Gere DeLorenzo - 35 Sylvan Drive - Hyannis, Massachusetts - 02601
Hi. DX has been good w/16 new catches in the past three weeks, w/one of those weeks spent in Boxford, Mass, 15 miles N of Boston, at Sam Jones' BKB camp. DX was interesting up there, w/the most surprising thing being how easily the Boston locals could be looped at night. DX: 8/10- WJNH-1580 ET/TT @ 11:05, a very good f/c w/frequent IDs. MM 8/14- Unk-1250 in FF heard Sunday night @ 11:03, heard many times before, CKBL? WIIS-1320 1:45am w/rr, WNUS-1390 1:46 w/all-NX, CBZ-970 1:59 w/CBC AN, WMBD-1470 2/Adams St. Supermarket, at 3am, not often heard, WDIX-1150 3:56 s/on, WIHV-930 4:14 w/c/w chow. Unn WDBO-580 s/on 4:30, WGST-920 4:40, WHRF-1570 5am s/on, WADR-1480 5:02 s/on, WCAS-740 5:29 for a new catch. I'd never "officially" logged them so I just thought I'd add another station to my list. 8/18- WEBO-1330 heard w/ET @ 12:17 8/20- WFGL-960 7:29pm. 8/23- CKLD-1230 in FF @ 11:07 u/an unID Ch Canada. 8/24- WMP1-1450 midnight s/off. 9/3- Good Aurora (just like last year). SRS-725 heard @ 5:30 & again about 8/ w/perfect '5' SINPO the second time. MM 9/4- WFTC-960 r/c-TT ;2:05-12:15, CMCI-1260 R. Reloj heard @ 12:17, TT-1300 12:25-12:30, probably WKCY again, though I've never heard an ID from them. Ym WZKY-1580 ET @ 12:40-12:43 asking for reports. Unk-590 ETer?? w/US r4 w/good modulation w/what sounded like an SS man speaking between songs, 12:48-12:56. Unk-764 heard @ 1am s/on, then YL, Dakar, I suppose, but no ID heard. 9/4- WKBA-1550 s/off @ 6:29. Unk-855 @ 6:34 w/US pop w/infrequent talk, who? Unk-761 in SS @ 6:38pm, Colombian? 9/5- One of the best SSS catches of all time in WBNB-1000 @ 6:30pm. YV---990 heard @ 6:34, newie on the frequency. I suppose there'll be plenty of info on this powerhouse in IDX. I hope everyone had fun at Eugene, Orygun. 73s.

Hi, NRCers, DX has been great! Record to date is 22 states, five provinces, five countries. Newest one is "La Voz del Rio Cauca", Rio Cauca, Colombia, on 820k. I just got QSL from R. Nederland, for reception on 800k, easy to make it it/weren't for CKLW, Windsor, Ont., also on 800. QSL was EXPO Commemorative, only 5,000 issued. New QSLs: WJR Detroit, WVNJ Newark, WKBW Buffalo, WABC NYC, CBA Sackville, CEM Montreal, Stateside DX: WLW-700 in Cincinnati, WHAS-840 Louisville, WPTF-680 Raleigh, NC, WICC-600 Bridgeport, Conn., WHEB-750 Portsmouth, NH, WSB-750 Atlanta, WVNJ-620 Newark, WCNX-1150 Middletown, Conn., WMMM-1260 Westport, Conn. lkw. daytime only, WLIG Sag Harbor, NY on 1600, ?? R. Huaro in New York on 1380, what is this station? Operates only during daytime hours, in SS. (WBNX, but it's on nights too -ERC) WGSM Huntington, NY on 740k daytime, WBBQ-1340 @ 1920 GMT, WMAQ-670 Chicago, WLS-890 Chicago, CJSS-1220 lkw. from Cornwall, Ont. @ s/off 4:07 GMT. WRKO-680 Boston, CHFI Montreal on 690. Note: CHFI programmes in FF. Well, that's all for this week. Oh, I'd just like to add that I'm seriously interested in Tape Contacts, and/or letter contacts w/any ECB DX fan. I just got my 3rd station. I hope to hit 100 before next issue. 73s & best of DX." (Welcome, Paul, to NRC & Musings! Report often! -ERC)

Greetings. Verifications coming in at a fairly decent rate now. Recent veries in clubs WCFR WTAE KDIM WERE KGRI WHOM WJNC WJRI WMTR & KSTT w/the majority of them being f/cs. DX as follows: 8/9- WSTR-1230 w/f/c 1:06am, WBAX-1240 c/w mx, fair, 1:16 am. WPAR-1450 w/weak TT 1:21am w/slop from WOKO, unID TT-1470 1:28am, any ideas? WKAP-1320 fair 1:55am, WBEJ-1240 f/c, fair 2:49am w/QRN from WBAX, KJEF-1290 w/TT @ 1:30am, heavy CRM. Does WOKO verify, or what?X Two reports & nothing. Also, who sells the Club reception report forms, Ernie? Repeating what Glenn Hauser said, kf anyone is interested in adult VHF & TV coverage, contact me. 73 & good DX. (They will soon be ready from Dick Cooper. Box 223, Kittanning, Pa. 16201, 50 for \$1. -ERC)

Morris Sorenson - Box 93 - Emsdale, Ontario

During much of Aug. I was away on a N. Ont. vacation which took me as far N as Moosonee & Moose Factory on the tidewaters of James Bay. I took my six-transistor along to note daytime reception at various locations at which we stopped. From Restoule, Ont., 23 miles SW of North Bay, the only stations audible in the day were NB-530 (N. Bay RCAF Beacon), CFBR-550 (weak), CFCH-600 (very strong of course, but surprisingly badly QRM'd at night), traces of CKSO-790 & CHUM-1050 (weak). However most of the Torontos, CFGM-1310, CFOR-1570 & several Mich. stations remained audible long after SR & came in again long before SSS. From New Liskeard Ont. (97 miles N of N. Bay); CJKL-560 CFCH-600 CJGB-620 CKVM-710 CJTT-1230 (Tritown Radio in Cobalt, Haileybury & New Liskeard, relays CJKL). When I made up my list of closest unheards I neglected CJTT, 137 miles, & may be ~~it~~ roughas CKMP really dominates that frequency. LPRT CBLG-1340 in Latchford faded out 11 miles S of New Liskeard. From Cochrane, Ont. (240 miles N of N. Bay & 455 miles N of Toronto) CBIU-540 Smooth Rock Falls, Ont. (strong for 40w 30 miles away), CJKL-560 CKAP-580 CFCL-620 CKGB-680, traces of CKVM-710 on car radio, absolutely nothing on the high end. Contrary to general belief, CFCL is not 100% FF, but has EE-rr request program in evening. CKGB is also rr at that time. I visited local CKAR-630 & got a tour of the station. The people there are very friendly but the staff is quite small which is probably why they are negligent at times in verifying. CKAR now has studios in Parry Sound as well as Huntsville & originates programs from both locations. Back home at Emsdale, DX has really been improving. 8/29- WKYO-1360 5:59am, WHLS-1450 6:08, WJML-1110 WYNZ-1520, s/on 6:39am, WSOX-1250, all Mich. MM 9/4- XEQR-1030 1:35, WONE-980 1:38, WPAT-930 1:59, WICE-1290 3am, WVON-1450 3:21, WRNY-1350 3:37, CKOT-1510 6:27-6:30pm s/off-GSQ. 9/5- WMMJ-1300 5:50pm. 9/6- CHUM-1050 noted on OC only, 10am, but nothing else audible. WPBC-980 mixed w/CHEX/WIRY & others, 9:05pm. Totals in Emsdale 325/74 & overall, 440/269. Veries: v/q- CKWW CBF. v/1- WADR-CM WCEB CFOX. v/r- WJFC who also returned my PPC. In ~~my~~ my August Musing, CFCH is of course 600, not 920. I must have been thinking of mich-wanted CJCH, hi. In a few days I will be going up to Sudbury to start my first year of the General P.O. Course at Laurentian U. so there goes active DXing for a while, I guess. 73. (You had it right, Morris - my error, CFCH-600 -ERC)

Roger Winsor - 739 North Juniper Drive - Valparaiso, Indiana - 46383

DX going like a house afire - for a while, but then a case of the SLOWS set in while I had to work midnights for a week. But here goes: 8/19- WYXI-1390 Tenn. on for f/c -TT 12:41-12:47. 8/20- WPLB-1380 Mich. SSS @6:51-7pm s/off o/many others. 8/21- KLIC-1230 La. midnight s/off. WNKY-1480 Ky. on r/c 12:10-12:20. SS on 1520 heard as HJLQ. Rats! WRPM-1530 ET w/new 10kw. XR @ 12:30, TT on 1240 turned out to be needed. WJON Minn. on for r/c, per verie, but never heard them before. Also on this good MM, WIOK-1440 Ill. heard w/rr for first time 12:52-1 s/off. Finally CJVR-1420 Sask. heard 1:05-1:07 s/off. 8/23, new CHIR logged on 730, & is heard nightly at this den w/rr. 8/24- CBS NX on 680 @ 5:02 turned out to be WDBC Mich., logged to 5:25 when they just disappeared. They're heard daily now all of the sudden. 8/27- CJOB-680 Man. on RS w/MoR mx 12:53-lam. Also heard brand new WFSP-1560 W.Va. on ET @ 1:21 s/off. 8/28- KS00-1140 SD heard w/inusually good signal. CKXL also heard. I logged KS00 11:45pm-12:06am. 8/30- WDOR-910 Wis. logged 4:55-5:23 on RS, heard daily here. I also finally heard WLKM-1510 Mich. my previously closest unheard, but no log possible as WAUK mixing too much. WJRC nulled. 9/1- WSAN-1470 even w/WMBD for once 11:40-12:05 for good log. 9/2- WKRO-1490 Cairo, Ill. on late w/Cardinal EB logged 12:55-1:58 s/off. WLAQ-1410 Ga. heard. AN too, but no log. Finally KSIM-1400 heard w/f/c 2:58-3 s/off I&C. 9/3- KNEI-1140 heard briefly @ 6:45 w/c/w mx for another Iowan. Veries: v/1- WEBQ KGKL WYXI WDBC WJCN WPLB WQIK & WFSP. v/q- WKBZ CHIR CJVR CJOB. I just received WRIVH in mail from Don Eggert. Thanks, Don. 9/11 had several TESTs lined up via IRCA bulletin. I hope KAWL & KABH show.

Dave Schmidt - 44 Green Lane - Green Ridge - Chester, Pennsylvania - 19014

Hi! Well, not much has happened during August, in fact no DX or veries; total still @ 470. I had a nice trip to Youngstown, O. on 7/18-20 w/Joe Fela, good to see all the gang out there. Too bad some more couldn't have made it down. After a short try at Jerry Starr's & RHC's HQ-180-C, I decided it was time to get mine in the shop or at least fix part of it here & then take it to the shop for what my dad or I can't do. So, all I have now is my Heathkit so my DX will probably be limited until I get the HQ-180 back. Best of DX to everyone this season & I'll report in when I get it back.

Len Kruse - 1675 Glen Oak Street - Dubuque, Iowa - 52001

Let's hope the BIG Eugene, Oregon Convention of the NRC has been a huge success, & I regret that it was impossible to be in attendance. With the new 1967-68 DX Season just getting started, let's promise to support the NRC in all its endeavors. Already with the new DX Season just under way, I have added six new stations to my DX Log. The first one to this new DX Log is Station CHIR-730 Leamington, Ont. w/its new AN programming, on 9/1, having QRM from another Canadian AN, CKDM. Then on 9/2, the brand new KNEI-1140 Waukon, Ia. 250w daytimer, was easily copied during their RS. KNEI began commercial programming on 7/1. Another new radio station heard during RS at this location is Station WBOO-740 Baraboo, Wis., a 250w. daytimer, was copied on 9/3. Station KBOE-740 in Oskaloosa, Iowa does cause some interference. It was on 9/4 that Station WUBE-1230 Cincinnati, was logged for the first time w/its AN Show, having WCOL AN to QRM their signal. Then the six-month old station CHSC-1220, St. Catharines, Ont. was logged on 9/5 for the first time w/its 4:30am s/on, & w/a good signal into Iowa. The latest logging was on 9/8, Station KMBZ-980 Kansas City, Mo. w/its AN Show, w/WONE, Dayton, O. QRMing fairly heavily. It was in May 1967 that KMBC changed calls to KMBZ. The latest five verifications added to my collection included these: WAAO WIKE WPMB KNEI WOIO. This brings my verie total to 3,923. Here's wishing everyone a great year at the dials!

Bill Brubaker - 150 N.E. 77 Street - Miami, Florida - 33138

Hello everybody! DX has been cut down considerably since school & other activities have begun. Anyway, here's what I've heard lately: 8/13- WPEN-950 @ 11:30pm, WOKE-1340 @ 11:58pm. 8/14- WQAM-560 was off so I was able to log WMCA @ 2:57am & WFIL-560 @ 3:21, also CBK-540 was in w/a good signal @ 1:25am. 8/21- WRMF-1050 am testing @ 12:10am. KIMN-950 @ 2:04am. 8/28- WKGN-1340 @ 12:45am, KGBS-1020 @ 2:03am, WEGS-1560 test @ 2:19, WMID-1340 @ 2:46, WIID-1270 @ 3am s/on. Veries received from WQXI-790 WJNO-1230 WPEN-950 WOKE-1340 w/CM, WMCA-570 WFIL-560 KIMN-950 WEGS-1560 w/CM & CE-540 w/CM, copy of the CBC Times, etc. My province totals are 5/6 w/Quebec needed. I went on a trip to the Everglades National Park & Flamingo last week & was not able to stay to DX but I bet the CX are great down there, especially for LAS. I'll be working at WFUN-790 this year compiling & announcing sports scores on weekends, so DXing will be little although I hope to DX at least once every week or so. Well, that's it for now so 73s until next time. (Say a few kind words about my poor MEIS, Bill -ERC)

Walter B. Fair Jr. - 12022 Palmway Street - Houston, Texas - 77034

Hello everybody! Well, I finally did some of that DX I promised myself that I would, so here's what I got in the way of BCB DX: 8/11- XEOC-560, Mexico, DF, @ 12:35am w/regular LA format. TGHR-695 Guatemala City, @ 12:45 w/LA format, IDing as R. Mundial CMCD-760 @ 2:25 w/Reloj Nacional NX & TX checks. Either this one or XEABC-760 is off or both. Both are listed as 760, but there was a low het & they could be seperated, barely, w/the crystal filter on its sharpest. CMBL-860 @ 3-3:10 w/propaganda in SS. CJVI-900 bately cut through the static @ 3:15-4:30. WGAR-1220 made it @ 4:37-4:45. 8/12- I was over at Kenneth Jennings' that night, AN, DXing. We did a lot of SW DX, & I'm not allowed to mention that here. BCB DX: KNEA-970 Jonesboro, Ark. @ 5:02am s/on. WAIL-1460 Baton Rouge, @ 5:20 s/on. 2am saw WFBM, Indianapolis, in very strong. KYSN-1460 Colorado Springs, at 2:08. 8/14- I got up sort of late that MM, but I still got a few new ones. DX: WIP-610, Philadelphia, came in for about five minutes when KILT was off & WDAF faded, @ 4:40am. WMC-790 Memphis came in clearly till 5:01 when KTHH put their carrier on about five seconds before s/on. I got the volume down in time, or I might not be taping this now, hi. And last, KCIJ-1980 Shreveport, @ 5:10 w/Ernie's favorite type of mx. That is all the BCB DXing I've done lately. It looks as if the CX are getting a little better now, both on BCB & SW. Recent QSLs: WRUF card, & KVLG, v/1. The KVLG verie says the writer is a DXer. I asked for a TEST for the NRC, but I'm still waiting for a reply. As of now I have 358 logged in one year & eight days pf DXong on the BCB. Veries stand at 38. Well, I guess that that is that (?) so 73s to all. I have an extra KILT CM. If you want it, write - first to ask, gets it.

Bob Pietsch - 10 Milland Drive - #A1 - Mill Valley, California - 94041

My first Musing in some time. Needless to say Eugene was a great success, & I hope to be able to make many more Conventions in the future. A real pleasure to meet Gordy, John, Wayne, Jim, Clarence, Raleigh, & special thanks due to Bart, Carl & Mike for their work in bringing the Convention to Orygun. I wonder what the Country (P. 13)

(Bob Pietsch) Squire Motel thinks of that radio club/group who managed to tie up their entire telephone switchboard Saturday night & left all those empty beer cans in Room 101, hi. Remember that West Sacramento will be the sight of the never-to-be-forgotten NRC Convention in 1969. Summertime DX here not bad w/the following: 7/3- KIXI-910 3:39am weak u/KDEO, KBBQ-1500 (ex-KBLA) w/c/w, KIKX-580 5:21am (ex-KTAN) apparently AN now. 7/22- CJGX-940 2:35am weak u/KHOS, KSMK-1340 2:59am c/w even w/KBET 7/30- KTHO-590 8:14am thanks to tip from Don K., one of my most wanted stations. 8/7- KLVV-1480 2:30am, KAZA-1290 8:54pm (ex-KPER). 8/21- CJSN-1490 2:05am s/off for one of my better graveyard catches. 8/27- WESC-660 5:31am amazingly good. 8/28- ~~1474~~ KBCH-1680 2:16am ET. 9/6- CFCP-1410 2:16am weak u/KPRO. Veries: KSBW-1380 v/q, KSUB-590 v/q, KPIS-1150, KINS-980, KQXI-15699 KSMK-1340, KTHO-590. Totals now 672/430 with my goal being 750/500 by end of 1967. 73s.

Don Reynolds - 19055 Hollyvale Street - Glendora, California - 91740

Just a short Musing to get the new season off to a start. Sorry that last monute business commitments prevented my being at Eugene for the big wing-dong. I certainly would have liked to meet a lot of you Eastern DXers. Well, maybe next year! I have been getting my records up to date for the start of the new 67-68 season & find the following statistics: Totals veries now 1,272 w/880 U.S., 99 Canadian, & 293 foreign from 64 countries. The foreign breakdown is N.A. 144 from 22 countries, S.A. 51/12, Asia 36/7, Europe 28/12, Africa 2/2. The 880 U.S. are from 48 states (Hawaii & Alaska counted in foreign) & the 99 Canadians are from mine provinces. I keep only count of those verified. My "head" log is just a mark in the various logbooks which I never did add up. Of course, now that I verify only foreign stations, the total doesn't rise very fast. Just like the NRC, I am beginning my 35th year, hi! Entries for the SINGLETON-ELIMINATOR CONTEST are coming in w/at least one in each zone. There should be at least three or four to make it interesting. Come on in, fellows! The water's fine! Here's a chance for some fun for all you foreign DXers, & some valuable prizes too! Ernie? John C.? Ben? Gordy? Clarence? Roy M.? And lots of you other big-eared dial twisters - LET'S GO! The Contest rules appeared in the August DX NEWS (in the yellow ppges). I dialed a little late Sat. night 9/2 & found the following: TISRHB "R. Popular" very good steady signal on 1125k about 10:30pm. They verified for me last season. Also a fine report to HJAC-1136 "Emisora Riomar" in clear w/excellent solid strength & frequent IDs. HJAV-1225 "R. Cordobesa" for ID @ 11pm but much fading. Panama, HCS21-1035 "R. Union" weakly @ 11:30 w/high noise. TGJ-880 w/excellent solid S-9 signal after 11:30 (just like a local). And also in Guatemala everything is still "super-duper" at "Super Radio" TGHB-780 quite loud w/marimba mx @ 11:55pm. Sorry I don't have much to muse about, only foreign DX so I guess I'll be going business mostly w/Gordy, but I still love you, Ernie, & appreciate the fine job you do over the many, many years. Don't forget to enter the S/E Contest. The more, the merrier! Let's make it a real thriller! No matter how long you have been DXing, EVERYBODY starts from scratch.

Richard E. Wood - 1740A Mikahala Way - Honolulu, Hawaii - 96816

I am now settled here in the Wilhelmina Rise section of Honolulu, higher than, but dangerously close to, a dozen locals. However, as soon as my receivers, including the SP-600 now w/crystal filter fitted (at the cost of most audio intelligibility), arrive, I shall start DXing. I have just been appointed Chairman of the A.N.A.R.C. QSL Committee. Our main project is helping reluctant IA verifiers understand what a QSL is, when one should be sent, & when not. Following the example of ARRL & American hams who help hams in poorer, smaller countries by printing QSL cards for them, we are supplying cards, together w/instructions in SS for their use, to non-verifying IA stations. Initial results have been very positive, & the cards have been returned, correctly filled out, by several IA stations which had never verified previously. Anyone with problems in coaxing a reply (to an SS report) from an acknowledged reluctant verifier (the cards will not be sent to stations which do verify) should send me details, including, if possible, a dollar or so for printing & postage. The way seemx open for a possible extension of this idea to other continents. I would be glad if anyone interested would contact me.

Richard L. Coday - Box 5584 - Oildale, California - 93308

I just joined NRC - I have been active on & off eight years at BCB DX. RX is HQ149X w/approximately 100' longwire antenna. Age is 23, wife 19, & son, 3. QTH just outside Bakersfield. I'll be glad to help anyone w/QSL problems from this area -(P.14)

Richard L. Coday) KAFY KUZZ KBIS KOHJ KWSO KGEE KTKR KLYD KERN KWAC & KPMC. Up to now I have concentrated on Canadian & US stations only outside California. The following stations haven't verified for me: KXL KLAK KXXX KMMJ KFXD KCLS KTW KXLF KCAD KOLO WDXR KBUY & WIOD. I have sent three reports to all above but WDXR WIOD & KCAD. Maybe someone can tell me how to get action from these. I have been quite active the past six months w/about 40 new veries in - today both KATN & KBRV, from Idaho. I played tag w/CBE & Australian on 1550 on 9/4 @ 3am EST - needed both, but reported neither. I sent report to KICY Nome on 8/29. Who speaks SS & plays EE mx on 660 in wee hours of AM? (XERPM -ERC) I reported to TGJ-880 on 7/31 but no reply so far. KBRV says they will move to 790k in two weeks, w/5,000w. All 50kw E stations now coming in after SSS here w/S-7 plus signals w/exceptions. KTOE verified on 8/1 with nice letter. I heard CKRD last night for first time since 1962. Also in last two weeks KIMO Hilo & WRUF in/out on 850, best frequency here it seems for DX in all directions. I need SD, Ark. & Miss. for all verified in W & Deep South - any ideas? KIUP Durango claims to be a "rare bird" to the DX fan - they sent me a nice full page v/1 on 5/22. Most of my E stations have verified by card, while 90% of W seems to send letters or just write CONFIRMED on report. Logged & verified 1,500w Military Training Radio in field 11 miles from Camp Roberts, Cal. on 820k 8/21 - they used call letters KHOT to describe WX. Only trouble was there is a KHOT-1250 in Madera. I also reported to them from 1250 - the Madera station wasn't too pleased over the Army's bootlegging of their call letters. I sent report to CHAB in Moose Jaw this AM - good S-6 signal - I should have heard them before. Who's the SS behind KFI-640? I verified KGNO-Dodge City 8/14 - they invited me to come & see Boot Hill. I guess it's quite a tourist attraction. I would like to hear from DXers in Southern Cal. as to their loggings for outside Cal. I'd be glad to exchange lists. I will plan to send in weekly loggings to DX NEWS - the news should prove// a great asset to me as I've already heard a couple listed in the Musings from the sample copy sent me. If a station changes frequency, call letters, or power, does each change count as a new station among members? (That varies to individual tastes, Richard -ERC) Do local & semi-locals count, as I assume some of you report to these? (Yes - ERC) Is there a published list or booklet which shows the meanings of all abbreviations used in DX NEWS? 73s. (Welcome to the MRC, Richard, & glad to hear from you! -ERC)

It has been a long time since I have sent in a Musing, mostly because of recuperating from my accident & later illness. I hope to get back into the DX groove this season. I have reported to only three stations since January - they are WLIX-540 Islip, NY for a new call; WRKO-680 Boston, also for a new call, & WCDQ-1220 Hamden, Conn. which has just changed call from WDEE, using a new program format & Mutual NX on the half hour. I have just renewed my membership for another year & have hopes that it will prove more productive than the past year. Good DX to all. 73. (Good luck, Hal -ERC)

DX since last issue: 8/21- WCOK-1060 r/c 12:43am. 8/23- WBLO-588 12:01am; WKRO-1490 12:34 - both of these had Cardinals BB. 8/25- WENZ-1450 1:51am, according to my records, they were supposed to be changed to WILY. WCKD-970 7:55pm s/off. 8/26- WFSP-1560 ET/mx 2am, new one in Kingwood, WVa. 8/27- KFFA-1360 1:42am w/Cardinals BB. 8/28- WXCL-1350 f/c 1:45-2 (not in list but is regular & may be 2:45-3 after DST). 8/30- WDMJ-1320 1:27am w/Tigers BB. 9/1- WNFL-1440 (ex-WJPG) 12 s/off; WRBN-1600 f/c 2:14am. 9/3- KICX-1360 r/c 12:57am, WGOC-1090 ET/IT 1:49am (new in Kingsport, Tenn.) (Not Kingtree, SC, Charles? -ERC) 9/4- WAMG-1130 7pm s/off w/WCAR looped. 9/5-KGFY-1060 ET 2:39am o/KYW, WSCR-1320 5:10; WCCW-1310 6:47pm o/u WKNR. Cleveland had another outlaw (the third this Summer) in the form of KAOS-1580. They call themselves Chaos Radio. Looks like a job for Maxwell Smart. Contrary to last month's issue, CHIR-730 is not on MM nor are they CBC. They are AN-6 (off MM) & have Top 40 mx w/the Y.R.Porter Show. CBE-1550 has been noted off the fourth Thursday morning for the last three months. I believe the CBC on 730 is CJNR. WCBS & WNBC both noted off recently due to having a plane fly into their tower. Someone mentioned several months ago that CJSP (now CHYR/CHIR) only had a trailer for their studios. Ain't true. The trailer is a mobile studio. They've had studios in downtown Leamington since they went on the air back in 1955. Has the NRC stopped issuing membership cards? I didn't get one this time. I'm running out of paper, so until next issue, best DX & 73.

Chris Lucas - 89 Round Hill Road - Fairfield, Connecticut - 06430

This is my last Musing from home QTH of Fairfield, as I go up to Troy for my junior year at R.P.I. this week. I'll take up my RX to try out CX in my new form, & if I hear anything, I'll let you know about it. DX poor here this Summer. For about a four week period extending from the end of July through the end of August there was a terrific power line QRN covering all but the locals. This seems to have cleared up now, but the noise level is still higher than it used to be. DX since last report: 7/13- WADR-1480 Remsen, NY @ 5:53am, the last of the NY 5kwers for me to log. I've heard this station several times since, but never heard them u/WREM call. 7/26- WIQT-1000 Horseheads, NY @ 7:24pm. 9/5- I finally logged in R. Barbados on new frequency of 780, ex-785-795 @ 7pm. 9/7- WJRZ-970 Hackensack, NJ @ 8:30am; they are much weaker than at Newark QTH. WJRZ used to be about equal to WELI-960 & stronger than WSUB-980. Now WJRZ is much weaker than WELI, & a bit weaker than WSUB, & suffers splash from WELI. Also 9/7, WHYP-1530 Pa. @ 6:16pm after WCTR s/off. SM 9/10- WISV-1360/d# concluding ET @ 3:31am u/WKAT, o/unID HI, & WLEA-1480 Hornell, NY @ 5:30am s/on. MM 9/11- Nothing! Also, many times in past two weeks outlaw on 1066 relaying WRNW-FM. They're weaker than KYW, but quite a bit stronger than WKOK-1070 here, & cause a couple of strong hets. Anyone else catch 'em? Thanks to J. Starr for Corrections to VJ Log. I have a couple of more: R. Barbados now on 780, not 795k, SOWW-860 still on this frequency, not on 1380! WJRZ now at Hackensack, ex-Newark. WSAO. WHAZ-1330 is off the air now I'm quite sure, & WOVE-1600 is "temporarily not on the air", I think. I'll check on these last two when I get to Troy. Veries: WKOL v/1, WIQT v/q, WMID v/f & CM. ERC, a couple of issues ago you said you needed WXTR-550 - what do you get on 550 during the day? Here I get WXTR very well way o/WDEV. (I get WHIM, Chris - ERC) My most wanted stations now include WARA-1320 WJZ-1460 WSLT-1520 WGIR-610 WTXL-1490 WAMS-1380 WRR-1300. Anyone know wkeds, r/cs or tips? I don't yet know where '68 Convention is to be, but either Boston or Pittsburgh should see me there. 73. (Looks like Boston, Chris! -ERC)

Long time no Muse! I have been away since 6/30 wrking unfortunately, hi! I did see & visit quite a few stations this Summer while I was working. One of the most interesting was WPHN-1560 Liberty, Ky. I only found their tower by accident, located at the bottom of a small valley. It consisted of 90' of rusted TV tower, uninsulated & very poorly guyed. No wonder they don't get out! A belated report on the Cincy get-together. Nineteen people were presnt & despite car troubles & terribly hot WX we managed to make it around. Some of us visited WCIU-1320's modern plant. Others went to WLW WPFB & Tim D. & George G. went clear to Lexington to visit WLAP WVLK & WAXU. We'll try it again in June '68. DX since I returned slim! a tentative HJTR-1135, Girardot, Columbia 8/29 @ 9pm & nightly since. WGTM-590 Wilson, NC 9/3 @ 7:35pm & CHIR-730 9/6 @ 9:10pm, A few veries straggled in from last season: WHBC WJZM WBAW WAAC WQXR (yes, really!) WNKY TIRICA for #3 from San Jose. I had a nice (expensive too) gh& w/Eugene & Convention. Scounded like all had a good time. I'll get to Boston...

Ben Dangerfield - 202 Governor's Drive - Chester, Pennsylvania - 19013

I guess it's time for my annual vacation DX report, so here's a little of what I heard on the Pontiac car radio between 8/15 & 9/4. This year we traveled to Fla. via Cape Hatteras & the Outer Banks, stopping at Sea Island, Ga. (near Brunswick) on the way S & N too. We stayed at Punta Gorda, 110 miles below Tampa on Fla's WC, & made a three day side trip to the EC & o/the Keys to Key West, & back/through the Everglades Park. Hatteras & the Outer Banks are a daytime ear to the entire Eastern Seaboard. At midday, all the big NYC stations are good, & some of the smaller ones, such as WGBB & WHLI. WBZ has a fine signal, as do WCAU & KYW. And on 610, would you believe WIP & WIOD? At Sea Island, Ga. one of my favorite haunts, where five Miami stations put in nice daytime signals, ZNS-1540 tops many a closer station in strength & one Cuban is audible all day long, CMKP-670, Dan German, listed as 50kw by Ron Schatz. Punta Gorda, Fla. must be at least 270 miles from Havana, yet at noon you would think that Cuba was just across Charlotte Harbor. At one point I counted 25 Cubans, the strongest, in order, being 690, 720, 640, 590, 790, 830, 760, 980, 1060. At Boca Grand, at the mouth of Charlotte Harbor, R. Belize could be clearly heard at midday behind CMCA-830. Apparently Belize has left 835k. WWL is a regular there, & WNOE-1060 is clear behind CMBQ. I could not find any Mississippi stations, but found an Alabaman, WIUF, on 840 back of CMHW. On the way to Key West I viewed the four towers of VOA-1180, on Marathon Key, which seems to be off the air from 10am to 5pm, or thereabouts. Very strong signal. However, at Key West, WMIE-1140's program to Cuba get a real going-over from Castro's jammers, & the voice is just barely audible in the muck. Ditto, R. Americas' efforts from the other side of Cuba on 1156k. By the way, I didn't try to count the Cubans heard in daylight hours from Key West, but I would estimate that four out of five stations were SS. At night there was usually too much static to attempt much DX so I slept. But I won't sleep through the coming DX season, & I urge as many as can to join the new Foreign Contest. It's going to be fun. 73s.

Robert H. Hostettler - 417 Irving Street - Lake City, Minnesota

Greetings all. Despite Summer static, I've been doing quite a bit of DXing during the past three months, w/80 reports out since 6/1. Actually CX have been generally good, w/not much violent WX at all since June. I'm looking forward to the coming DX season & am now in the process of building the NRC Loop to bring in those stations. Veries have been coming regularly all Summer. Since 6/1 they are: KSKY WPTR KDMA KWFT KIOA WFIL KLO WBCK WCFL KSUM KPVs KP'CB KOTL WOW WDAF KWK KDTH KUDI WIL WSWW KCH WIND WMBD CFRN CKSA WTAQ KRVT WTMJ WEBC KQWB WMT KSOO KGHL WSPD KGBS KOB WCKY KDIM WRCR CFAC WHFB KAAV KFI WOIO WNAX CFCN KSUB. Totals are now 584/151, 41/38, 8/5, & 8/4. Reports this month to WDGW WHAM CHML KFAB KSUB WOR. I hope the Convention was

Glenn Hauser - 303 Ash NE - Box #435 - Albuquerque, New Mexico - 87106

I have already received offers of help in compiling a key to call-letter significance, so I will carry through w/the project. Perhaps it would be best to publish a preliminary list of those I am able to glean, & then invite additions & corrections. Recently I travelled through northern Arizona & southern Utah on vacation. I was amazed & dismayed by the lack of daytime radio service in some spots. Approaching Grand Canyon from the N, for instance, there was only one weak signal on the entire band (KCLS-600 Flagstaff). Seldom were there more than three or four stations audible. Perhaps some daytime-only domestic SW broadcasting would be in order. This could be done on the 49 & 60 meter bands w/little or no interference to existing services. Following DX observed in Albuquerque: 8/27- XEKD-1010 Ciudad Acuna @ 9:12pm w/ID & Del Rio ad (XERF's little brother, hi). KTEE-1260 Idaho Falls ID @ s/off announcing ABC, MBS, IMN nets (anyone have list of IMN affiliates?), XR E of town, & SSB @ 9:29pm. At 9:39 there seemed to be an OC on 830 QRMing WCCO, just a few Hz off, w/hum, maybe Radio Free America testing? 8/28- KSSS-740 Colorado Springs ad; WLCY-1380 St. Petersburg Fla. @ s/on 4:30; CMJV-900 Ciego de Avila w/CMQ IF @ 4:57am; WIBC-1070 Indianapolis w/s/on blurbs 5am; KTLN-1280 Denver w/phone-in discussion on reincarnation 5:10, & WKNX-1210 Saginaw @ 5:41 w/ID. I wonder how many BCB DXers know that ships are also assigned broadcast-type call signs? I have a list of W & K ship calls if anyone needs info. Or I'd be glad to supply photocopies of the complete list for \$1. Among its uses are the ability to determine which calls would NOT be available to new BCB stations, & to complete the VJ Log integrated AM/FM/TV alphabetical call sign listing. Well, as they say aboard the Wood Island: KYEL - Keep Your Ears Listening! (another use!)

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11226

I agree w/Fred Parsons that the new Foreign Contest is a toughie. Only possibilities here would be TAs & deep SAs, which come along at the rate of about one a season. It seems a shame to me that all those juicy CAs & West Indies stations don't count. I think it should be a ball for WC DXers, though, with all those TPs to feast on. One v/q, WJAZ-966. DX Down the Month: MM8/28 (my birthday, & no present from the Hammarlund, Hi). WCNC-1240 ending a very late BB broadcast @ 12:14am. S/off @ 12:15 w/A Mighty Fortress is Our God." Unn. Unn WKBO-1230 f/c-TT 12:15-12:30; AN WBAX heard using c/w mx! The SS-750 s/off @ 12:57 is YNX, not reported yet. Somebody said WBSM is no longer AN - they are too! An unrecognized anthem heard on 780, a s/off, @ 2:03?? WJRZ-970 off AN, s/off @ lam daily now. Unn WJBK-1500 ETing & WRDW-1480 testing, both most of AM. Pop mx u/CFRB-1010, unID. Evening, WBUX-1570 s/off @ 5pm EST all Summer, w/that guitar version of SSB. 9/1- WFEA-1370 noted AN again. SM 9/3- WJAZ-960 almost in clear 4:37-5:01 w/NN hymns. 9/4- Caracas atop 670 & Cuban @ 4:38am. Unb CJSS-1220 s/on O Canada @ 4:55. SM 9/10- HIBE-1180 logged 12:32-12:59am o/u that WBNX image, probably on for Hurricane Beulah, weak signal, reported. MM 9/11- UnID SS w/concert mx on 1060, 1:03am & on - who's this one? Brand new CJRS-1510, Sherbrooke, Que. heard ET/mx all AM; said in FF to open RS on 9/15, & they were o/S-9! I almost passed them up, thinking it was the usual WMEX MM test. HISD-620 on AN w/NX of Hurricane, & Tijuana Brass mx, o/WSUN., so two new ones this MM. Two SS on 770 & 840 seemed parallel, w/ID heard (on 770) as Ondas del Caribe. HJNX-670 was AN, ruining a try for the Argentinian. 9/12- Log on WCDQ-1220, ex-WDEE, 4:54-5:15pm. Local good NX is both WJRZ-970 & WNJR-1430 have quit ANing. WCBS-880 is now running w/10kw & WNBC-660 w/5kw as their common tower was wrecked by a plane on 8/27 during heavy WX. WCBS was off till 8/28 evening. WCBS is now almost all-talk, mostly NX, a la WINS, except for their AN AA cl mx program, & the Arthur Godfrey daytime show. C U in 21.

DISSA AND DATA

NRC hams, Al/en Merriman, Dick Truax & Sheldon Remington, would like to set up an NRC ham network for the purpose of exchanging late BCB DX Tips. Any hams interested, please contact any of the above NRCers for schedules, etc.

A top U.S. space official believes that in time to come - not too far distant - that the whole world will be on one standard time - it would be noon, for instance, at the same time all over the world, and of course, dark in half of it. It surely would be a boon for DXers - no more conversion of local time to EST!

ERNIE WESOLOWSKI advises that all his SRS/SSS maps have been sold. He will perhaps do a re-run on them in a year or so, if you missed out.

WGCB-1440 is testing the "equal time" for opponents of persons who have appeared on their station. A minister leveled an attack against an author on WGCB.

STEWART DRAKE advises that KIWO-1470, Casper, Wyoming, does maintenance work every Thursday AM after their Wed. midnight s/off. He also tells us KBL-1240 has its r/c on the fourth MM, 4:20-4:35am EST, w/TT.

With this issue, we begin Volume #35. And, JOHN CALLARMAN begins handling the front page and page 2. Send CPC info to him for inclusion on Page 1.

We have cut three stencils of v/s, & still have some more on hand. Be patient if yours have not appeared, or if only some of them have - they'll all be in in time. Send them w/your Musings on a separate sheet, with your namd on it, & use the standard abbreviations for titles of signers, and for type of verie. Next issue OCT. 7!

A hearty welcome goes out to NRC member BART CRONIN, who is making the fatal move. He's moved to...Boston!...and will be in some way associated with those shady members of the underground, JAC and Petie-Poo. Good luck, Bart, you and WJIB are gonna need it! (Frankly, I kind of like 96.9 vacant- it's easier on the ears.) Someone took my editorial "we"...

At the 1968 BOSTON CONVENTION an award will be presented for the most and/or best contributions to DDXD for the 67-68 DX season. It will be similar to the IDXD award, and will be annual.

We have now a verie/QSL from the one and only WCAS. It's for a first-day report, and measures 25"x18". If anyone has a larger QSL, please let us know, otherwise we will assume it's the largest. (Our WXHR-Test v/c is 3 1/2"x2", on a business card...) The v/s is illegible, looks like Jter Q. Callawir..?

We got the lowdown on the Eugene Scene from GPN... sounds like a good time, wish I could have made it.

Thanx for the fine contributions, group, keep 'em coming, and remember- You could be DEADLY ACCURATE, and still be DEADLY!

Welcome to Don Reynolds, Ivan Payne and Morris Sorrenson. Many members need to bring their totals up to date to avoid being dropped. Invite all members to drop me a list of their totals so they may appear on S.R. Only need to be done every six months. Next month, Europeans. 73 and good DX. Norm

.....

DX conditions in the Northeast have been unusually good many nights during the past month. Most of the common TA's in southern and western Europe are again regularly audible with good signal strengths beginning about an hour and a half before local sunset. On the west coast, the Asians are again becoming audible, and Don Reynolds in California reports, "Still a bit noisy, but things are definitely beginning to pop; it looks like a good season ahead."

On Reciprocal Paths. August reception of US stations in New Zealand wasn't very inspiring, according to MW News; no W calls reported at all. Among the receptions reported were: KNEW @ 0228 on 8/5; KFRE @ 0800 on 8/22; KTRG @ 0723 on 8/13; KVOO @ 0313 on 8/5; LNDI @ 0215 on 8/22; and KMEN at 0325 on 8/5. Some summer receptions of US stations in Europe as reported in the Benelux bulletin: CKCM @ 2140 on 7/4; CBN @ 2100 on 7/3; CFBC @ 2209 on 7/17; CJLR @ 1927 on 7/17; and WLIB @ 2014 on 7/13. US postal rates to foreign countries have recently been raised: Caribbean and South America, 15¢; Asia and Africa, 25¢; Europe, 20¢; exotic places, 25¢. These for half ounce airmail letters. Don't lose your valuable Singleton Contest points because of delays due to insufficient postage. Complete rate schedules are available free at all post offices.

At the 1967 NRC Convention at Eugene it was our pleasure to announce the first annual

INTERNATIONAL DXER OF THE YEAR AWARD

presented to

MICHAEL SILVERA

in recognition of his extremely valuable support of the IDX section during the past DX season. This award, in the form of a beautifully inscribed plaque, will be awarded each year at the NRC Convention to the member who, in the opinion of the IDX Editor, has best supported the IDX section with valuable and unique information about foreign stations. Michael's most excellent information about Caribbean area stations has been of great help to the membership and the DX community, and we're certain that the entire NRC will second us in wishing Mike many more years of fruitful DX'ing!

Don Reynolds writes to inform us that the Singleton-Eliminator Contest promises to be a great success judging from the number of contest entries already received, and to urge those of you who have not yet entered to join immediately. We suggest that those participating in this novel contest read the rules very carefully since there seems to have been a bit of confusion about one or two features of the contest.

Speaking of contests, we've just received word that the Worldwide Monitors Radio Club and the Canadian International DX Club are cosponsoring a series of listening contests (no verifications required) open to all DX'ers regardless of club affiliation. There are three MW contests scheduled, and the first one, covering 535-1099 kcs, will be held November 6th through 12th. We'll present full information next week.

Radio Nepal can now be heard in the US, thanks to SWL Records of California. The company has recently announced the second record in their series of ID's and interval signals from various stations of the world prepared from tapes supplied by the stations themselves. Volume II, entitled, "The Rarest DX in the World," contains cuts from Radio Nepal, The Voice of Kenya, The Fiji Broadcasting Commission, Radio Lome, and ten other exotic catches. Price is \$3.95 and full particulars may be obtained from SWL Records, P.O. Box 150, Culver City, Ca. 90230.

ADEN. After having been in operation since 1962 the British Forces Broadcasting Service on 1241 ceased operations in August. (Benelux DXC)

NEW ZEALAND. Radio "I", an independent company will commence its own programs over 1YD (1250, 2kw) as from September 7th. Hours will be 1800-2100 and 1000-1200 (local time?), Monday through Saturday. Intend to have own QSL cards. Will compile own pgms in studios in Merton Road, Auckland. (NZDXRA)

ENGLAND. The BBC revealed its "if you can't beat them, join them" plan for Britain's official all-music radio station to replace the pirates. The new BBC station, to be called Radio 1, will begin broadcasting pop music on Sept. 30th using disc jockeys from the old pirate radio stations. (RNYWWDXC)

September 16, 1967

Permission to install MW and SW xmitters is being sought by the Far East Broadcasting Company for Maldiv Islands and the Seychelles Islands. An application to build a MW station in Vietnam is also in the works. (NZDXRA) Now why do they have to go and make things easy for us? (Ed)

BOTSWANA. On August 18th a company of the British Army's South Wales Borderers turned over its command to the Botswana police. For the past 21 months, these troops have guarded the BBC relay at Francetown against possible sabotage by Rhodesians. The outpost was the last manned by the British south of the Sahara. It was not announced if control of the station was also handed over the Botswana government, a long promised move. Known locally as "bush radio" the station was built at a cost of \$1.4 million, a fact that by implication seems to refute claims that the relay station uses one of the VOA transmitters on loan. (Don Jensen, via NASWA)

Lotsa Gall Department: the following letter was received and printed by the Sweden Calling DX'ers Bulletin:

"It is most regrettable that you should have published Taiwan as a country in your Sweden Calling DX'ers of April 11, 1967 in disregard of the friendship between the peoples of China and Sweden and the well-known facts. We hereby lodge a protest against this. As your country has established diplomatic relations with the Peoples Republic of China you should have known that there is only one China in the world, namely the Peoples Republic of China. Taiwan is an inalienable part of Chinas Territory. The Government of the Peoples Republic of China is not yet able to exercise her sovereign rights there simply because it is forcibly occupied by U.S. Imperialism. Hence, all radio stations of Chiang Kai-shek gang in Taiwan are completely illegal. As far as broadcasting is concerned, Radio Peking is the sole authorized representative of the Peoples Republic of China. It must be pointed out that any attempt to split China's territory by taking Taiwan as a country or an independent political entity is hostile to the 700 million Chinese people. It is futile and bound to fail.

To uphold the friendship between the peoples of China and Sweden, we demand that you correct your mistake and guarantee not to publish in your bulletin against the illegal radio stations of the Chiang Kai-shek gang in Taiwan.

International Liason Department of
Radio Peking."

INDIA. According to German press reports, AIR will have two stations of 1,000 kw in the very near future. One will be at Bombay and the other in the region of Calcutta. Believed to be for MW service. (RNYWDXC)

SAUDI ARABIA. Within a few weeks the Saudi radio station will be operating with a new MW xmitter of 1,250 kw. This will be the strongest MW xmitter in the region comprising Europe, the Near East, and Africa. To date the strongest MW station has been in this region Langenberg of WDR in Cologne (1586). That station has been testing with 800 kw. (RNYWDXC)

Early this year the Canadian Broadcasting Corporation announced plans for a new service of Radio Canada, the Commonwealth Caribbean-Canada Broadcast Center. It is reported that the project will include a pair of 100 kw SW xmitters and a very high powered BCB xmitter. The location of the station has not been announced, but it supposedly will be on one of the Caribbean islands. (NASWA)

For those of you with medium-range receivers (i.e., that can't hear anything 3000 miles away), take heart. Ben Dangerfield has once again agreed to be contest manager for the standard NRC Foreign Contest which will start on October 1st. This will be a verification contest patterned after those that have been held in past years, and of course you can enter your QSL's in both contests. We will supply full details and contest rules next issue. In addition we are planning some new types of contests based on the simultaneous monitoring notion that we've mentioned to quite a few of the members - no verifications required, just loggings of stations on proscribed freqs at proscribed times. It'll be interesting to see who hears what when everyone is listening to the same channel at the same time. More about this later, also.

MONITOR REPORTS . . .

The editor calls your attention to a powerful new Dominican on 1180 and to Radio Belize's move to 830:

- 550 Niue. 2ZN is now on RS according to a news item on Radio New Zealand; heretofore most listeners in Niue had tuned to ZCO, Tonga. (Wood, Hawaii)
- 580 Puerto Rico. WKAQ s/on MM at 0430 in EE. (DeLorenzo, Mass.)
- 602 Saudi Arabia. Jidda's powerful outlet now here from 647. (NZDXRA)
- 630 Dominican Republic. HIAF, R. Monte Cristi, Monte Cristi noted w/Brugal rum ads and nx even signal u/CMHQ at 1902 on 9/2. (Silvera, Jamaica)
- 647 England. BBC fair 1730 on 9/11; bad splash from local on 680. (Ed)
- 650 Hawaii. KORL, Honolulu, fair steady signal held past 0900 8/29 when noise level took over. (Meehan, Calif.)
- 660 Alaska. KFAR, Fairbanks good signal hekd to 0802 when it quickly blacked out on 8/29. (Meehan, Calif.)
- 670 Cuba. The Cuban here, which appears as CMKP, San German (Eastern Cuba) on the Schatz list is audible during the daytime all the way up to Brunswick, Ga., and is the only Cuban to make it up so far in the daytime. (Dangerfield, touring)
- 700 Ecuador. HCJB, Quito w/definite ID as "La Voz de los Andes" altho pgm not in SS, sounded like Indian. Best at 0545-0548 7/17 w/WLW looped. (Godwin, Co., IRCA)
- *701 Andorra. R. Andorra has moved here from 719. (Montefusco, Conn.)
- *720 Colombia. R. República, pop mx and ads at 0115, no more info given. (Objio, D.R.)
- 728 East Germany. Schwerin hrd fading in and out, good at times, male announcer w/nx pgm hrd at 2205 on 9/10. (Silvera, Jamaica)
- 737 Spain. RNE, Barcelona strongest TA at 0030 9/11; perfect copy. (Ed)
- 750 Nicaragua. YNX, Managua, "Estacion X", very loud w/occasional WSB QRM. Solid copy for report 0007-0115 9/8. Even played Guy Lombardo's "Managua, Managua" along with other pop tunes but very few announcements. (Reynolds, Calif.)
- 780 Barbados. R. Barbados w/"Midnight Rendezvous" at 0020. S/off at 0100. (Objio, D.R.)
- 790 Venezuela. YVKC, R. Difusora Venezuela, Caracas hrd at 0005, this seems to be extended sked, this stn used to s/off at 2300. (Objio, D.R.)

- 800 North Korea. Pyongyang in Korean w/political talk // 850A at 0715. (Wood, Hawaii)
Bonaire. Radio Nederland relay hrd w/QRM from CKLW on this channel; also hrd w/
 Trans World Radio programming 2315 w/same QRM. (Montefusco, Conn.)
- **809 England. The transmitter carrying French Service 0630-0715 is Crowborough ex-
 1295. (Benelux DXC)
- 820 Colombia. HJED, La Voz de Rio Cauca hrd 0330 w/good signals. (Montefusco, Conn.)
Chile. CB-82, R. El Pacifico, Santiago must be SS speaker hrd at good level u/
 HJED w/light mx 0045 on 9/11; often got briefly atop latter. Would be one of my
 best catches as HJED hrd even in daytime here. (Silvera, Jamaica)
- 830 Argentina. LT8, R. Rosario, Rosario hrd w/pgm of tangos at 0420. (Objfo, D.R.)
Japan. JOBB, Osaka, quite loud 0703 9/10 w/NHK2 pgm; unkn. here. (Reynolds, Ca.)
- ** British Honduras. Radio Belize is now here from 834. (Dangerfield, Pa.)
- 835 China. Nanchang, Kiangsi province hrd 0700 9/10 but too much fade for report;
 half the strength of 1040. (Reynolds, Calif.)
- **840 South Korea. HLKY, Soule hrd w/man talking in Korean (sounded like sermon) 0745
 on 9/10. I hung on until after 0840 but just couldn't get enough decent copy.
 Only S3 level. (Reynolds, Calif.)
- El Salvador. YSF w/call ID and as "R. Vanguardia" at s/off 7/23 at 0310. No QRM
 this SM at all. (Godwin, Colo., IRCA)
- 850A North Korea. Pyongyang // 800 and louder at 0715. (Wood, Hawaii)
- 854 Peru. OAX4A, "R. Nacional del Peru", Lima fading in and out around 2330 9/7.
 Tried a little earlier 9/8 and found them doing fine w/pop mx for a report.
 (Reynolds, Calif.)
- 871 Ecuador. HCN2, Guayaquil w/frequent "R. Cristal" ID's SM 7/23 0227-0328; some
 QRM from Cuban on 870. (Godwin, Colo., IRCA)
- 872 Spain/Germany/Unid. EAJ101, R. Zatozoza mixing it up with AFN, Frankfurt until
 latter s/off 1907; third weak carrier visible at times, seemed to go off around
 1900, hopefully is the 10 kw Canary Islands outlet reported to be on this freq.
 EAJ101 all alone by 1907 and hrd w/good signal all evening. (Ed)
- 877 North Korea. Pyongyang hrd near 0700 9/10 w/weak, fading signal. (Reynolds, Ca.)
- **920 Colombia. HJAF, Emisora Fuentes, Cartagena now back to assigned freq from 927.
 (Silvera, Jamaica)
- Venezuela. YVOX, R. Nueva Esparta, Porlamar hrd on a Saturday evening at 2340.
 This stn is rarely hrd here; freq usually covered by Aruba. (Objfo, D.R.)
- 926 Belgium. Brussels II was the TA running EC 1820 on 9/11; TT's, etc. (Ed)
- 935 Germany/Morocco/Unid. Burg and Agadir making hash of each other 1823 9/11;
 a third carrier in there also but no audio, probably RNE. (Ed)
- 950 Argentina. R. Belgrano, Buenos Aires w/ID and freqs at 0159, then out or off.
 (Objfo, D.R.)
- 953 Spain. EAJ29, R. Intercontinental, Madrid loud and clear at s/on 2358 9/11;
 rather involved s/on format. (Ed)
- 980 Guatemala. TGCQ, R. Central, Guatemala w/R&R mx and ID's as "El Discoteco
 Guatamaltec"; QRM from HJES, hrd 0040 to 0056 s/off 9/4. (Silvera, Jamaica)
- Mexico. XETU, R. Tampico, Tampico noted w/signoff clearly 0105 9/4. (Silvera)
- 1000 Mexico. XEOY, "R. Mil de la Ciudad de México" w/this slogan and ads at 0156.
 (Objfo, D.R.)
- 1010 Venezuela. YVPC, R. Aragua s/off 2332 on a Saturday evening. (Objfo, D.R.)
- 1015 El Salvador. YSC, R. Internacional hrd very well for report 0617-0634 9/10 w/
 very positive ID as "YSC, Radio Internacional" at 0631. Also hrd in evenings
 w/HOU44 QRM. (Reynolds, Calif.)
- 1020 Dominican Republic. HIJP, R. Comercial, in a ding-dong battle w/KDKA from 1859-
 1909 on 9/4 w/talk, ID, and pgm of EE R&R records. (Rugg, Que.)
- Argentina. LT10, Santa Fe was surely my unid SS MM 7/10 at 0547, mentioning
 "La Universidad del Litoral". While glancing through IDXD I noted that someone
 received a QSL from R. Univ. del Litoral here; taped report sent. (Godwin, IRCA)
- 1035 Panama. HOS21, R. Union w/weak signals 2330 9/2; too noisy for rpt. (Reynolds)
- 1040 China. Radio Peking hrd quite loud 0645 9/10 w/woman talking, then mx. (Reynolds)
 Peking Foreign Service, strident propaganda in Japanese, noted 0600, 0700, 0800
 every night. Semilocal strength even on the inefficient portable I am using
 until main rx arrives. (Wood, Hawaii)

- 1045 Panama. HOJ2, Ondas del Canajagua, Las Tablas hrd w/native Indian mx 2310; only S3 w/low voiced announcements and lots of 1050 splash. 9/7. (Reynolds, Calif.)
- **1100 Venezuela. Radio Tovar, Tovar-Estado Merida now being hrd announcing a new name, "Radio Occidente" and using this channel and adding "Diez mil vatios de potencia" on MW. This new name has been hrd since the Caracas earthquake and programming has been only classical mx, stopping for ID's and news about quake damage and deaths. (Objío, D.R., NASWA)
- 1125 Costa Rica. TISRHB, R. Popular w/very good steady signal 2230 9/2. Verified last April. (Reynolds, Calif.)
- 1130 Hawaii. KLEI, Kailua. Weak w/CKWX nulled; announcements in Japanese and English. 0218-0247 9/9. (Northam, Or.)
- 1135 Colombia. HJAC, Emisora Riomar, Barranquilla from 2100 on 8/29; strong signal and thanks to FET amplifier separable from strong WRVA splatter; chime IS, a major chord played one note at a time. (Conrad, Ky.) Excellent signal for good report 2215 9/2; freq closer to 1136 this day. (Reynolds, Calif.)
- 1140 Philippines. VOA, San Fernando. Noted w/Vietnamese 0700; quite good strength even on portable. (Wood, Hawaii)

R A N D O M N E S S . . . Had a great time at the Convention, the post-Convention, and visiting Mike Northam in Portland... Was some good DX logged in Eugene - KFQD, KICY, Peking-1040, Brazil-1040, and maybe the Zedder on 660... Admiral Nelson promises to supply at least 10 TA's for the Boston Convention-goers... Good DX and keep the reports coming...

Admiral Nelson
