From the Publisher ... We were missing more than columns last week, as it turns out: letters from both the NRC and CPC chairmen never made it to Topeka, and so several tests in early March were never publicized in DXN. And feedback from other NRC members has convinced me that service from the USPS is at an all-time slow speed, which means that contributors and editors should allow an extra three or four days to be sure that items mailed make it to their destination before deadlines.

DX GTG ... Eric Bueneman is hosting a DX GTG April 16-17 at the Budgetel Hotel - 318 Taylor Rd - Hazelwood MO [(314) 731-4200 for reservations]. Several tours and special ham events are tentatively planned. Contact Eric at (314) 839-9751 or via Internet at drkx13a@prodigy.com for more details.

DX Time Machine

From the pages of DX News:

50 years ago ... from the Mar. 4, 1944 DXN: Dick Cooper, Kittanning, PA received an EKKO stamp and certificate of verification from WBBE-1330 to complete New York state. He also bagged a test from XEDF-790 with 350 watts ... From the March 11 DXN: Ernie Cooper reported that TGW-6409 had been S-9 most nights after the signoff of ZNS. Dick Cooper lead the contests with 166,795 points, and Frank Wheeler was second with 140,825.

25 years ago ... from the March 15, 1969 DXN: Jerry Starr's photos in his article entitled "Mechanical Filters for the HQ180" were the first to appear in any DX bulletin.

OTHERNESS

580 KSAZ AZ	Marana: silent station is ON THE AIR
-------------	--------------------------------------

680 WNZK MI	Dearborn Heights: night operation on this frequency is ON THE AIR. Operates with 2500 D3 daytime on 690 kHz and 2500 N2 nights here.
690 WPDQ FL	Jacksonville: station is still silent but we visited their night transmitter site in Baldwin and noted a number of new tower sections piled on the ground and a filled-to-overflowing dumpster next to the transmitter building, tracks in the mud driveway indicated lots of recent traffic here so watch this frequency.
710 WEGG NC	Rose Hill: silent station is ON THE AIR
820 KGNW WA	Burien-Seattle: day power is 50000 watts per station, corrects Log entry
840 WLPY VA	Purcellville: CP CANCELLED, call DELETED
880 WPIP NC	Winston-Salem: recently reported to be a new station on the air, we passed within 20 miles of Winston Salem twice in February and could not hear anything on 880; can somebody local tell us if this is really on and, if so, the format and address?
950 XEAM BC	Tijuana: silent station is ON THE AIR
990 WNRV VA	Narrows: unauthorized night operation is reported to be curtailed, can somebody confirm?
1010 WXTL FL	Jacksonville Beach: CP for 25000/10000 U4 in Baldwin, FL is NOT on, station remains 10000/140 U4 and still licensed to Jacksonville Beach.
1050 KMIS MO	Portageville: CP for 600/70 U1 is on
1150 WCEN MI	Mount Pleasant: station is SILENT, programming has been moved to WFYC-1280 Alma, MI until new transmitter location can be obtained
1170 WKFL FL	Bushnell: silent station is ON THE AIR, repeating programming from WTRR-1400 Sanford / WKIQ-1240 Eustis (WKIQ appears to carry a separate morning show, then joins the other two)
1180 KYET AZ	Williams: station is SILENT
1220 WMJK FL	Kissimmee: station is SILENT (despite numerous billboards in Orlando area urging you to tune to them for traveler's information)
1240 WWZQ MS	Aberdeen: station is SILENT
1280 WNAM WI	Neenah-Menasha: CP for 5000/5000 U4 is on
1320 WAMR FL	Venice: no longer rebroadcasting WMYR-1410, once again originating live local programming, mostly AC/talk, per visit
1330 WTRX MI	Flint: silent station is ON THE AIR repeating programming from WMAX-1440 Bay City, IM.
1340 WLAV MI	Grand Rapids: station is SILENT
1380 KZXT TX	Beaumont: call incorrectly listed as KZTX in the Log, my typo no doubt, sorry.
1390 WKHF FL	Avon Park: silent station MAY be ON THE AIR, we monitored a station in that area with C&W and live programming but NO ID, not even at the top of the hour, DJ rambled on about the nice wx, promo for upcoming sports broadcast, reviewed the previous music sweep and intro'd the next one but yakked right past the hour with no ID of any sort. Can anybody confirm?
1450 KIOV ID	Payette: silent station is ON THE AIR
KMHT TX	Marshall: silent station is ON THE AIR
1480 WABB AL	Mobile: CP for 4400 watts night is on
WDIX NC	Yadkinville: license CANCELLED, call DELETED (station had been silent and failed to respond to numerous FCC inquiries)
1520 WXYB FL	Indian Rocks Beach: silent station is ON THE AIR with Ethnic programming, mostly Greek
1560 WMRO TN	Gallatin: silent station is ON THE AIR
1570 KCVR CA	Lodi: CP for 5000/500 U4 is on
WNNQ CA	Ashburn: license CANCELLED, call DELETED
KTAT OK	Frederick: silent station is ON THE AIR

THANKS: Wayne Heinen, Tom Bryant and MSJ. Many of the above items the result of monitoring while on our rather busy trip to Florida for the Daytona 500 followed by a week of vacation. And, yes, the Yankee's from Youngstown managed to survive the run with the

Good Ol' Boys, a 19th place finish (out of 42 cars) after running out of gas with just a few laps to go. Oops. It was nasty to come home to more snow however.

Premium Grade Filter

Japan • Radio

NRD 515 525 535

Narrowband Filter Enhancement

Kiwa's premium grade filter is designed for improved narrowband reception. Manufactured to Kiwa specifications, these filters provide the required bandwidth, shape factor and ultimate selectivity for improved receiver performance.

The nominal bandwidth is 3.5 kHz (-6 dB BW). This is an ideal intermediate bandwidth between the stock 2.4 and 6 kHz bandwidths in the NRD 515 and 525/35 receivers. The excellent filter slope characteristics provides rejection of interference that is typically better than most mechanical filters.

Specifications: Shape Factor (-60 dB to -6 dB BW) ≤ 1.8 to 1 Typically 1.65 to 1 or less
Ultimate Selectivity ≥ 80 dB Typically > 85 dB

NRD 515 The PFM-515 is a plug in printed circuit board that replaces the optional filter board and filters CFL-230 and CFL-260. The Premium Filter (CLF-D2K) is installed in the CFL-260 location or the 0.6 kHz position. Space is provided on the board for mounting of a standard Kiwa Filter Module in the CFL-230 location or the Aux. position (not included- see Kiwa product literature for details).

PFM-515 \$73.00

The Premium Filter used in the PFM-515 may be purchased by itself to replace the stock wideband filter CLF-D6 identified as FL2 on the main circuit board. Pinout is identical to the original filter.

Premium Filter CLF-D2K \$63.00

NRD 525/535 The PFM-525/35 is a premium filter module/printed circuit board for installation on the CFH-36 IF Filter board. The PFM-525/35 replaces an optional filter that would be assigned to the Aux. or Nar. filter position.

PFM-525/35 \$73.00

The Premium Filter used in the PFM-525/35 may be purchased by itself. The Premium Filter (CLF-D2K) will replace the stock CLF-D6 (with some it is a Murata CPS 4551) wideband filter identified as FL3 on the CFH-36 IF filter board. Pinout is identical to the original filter.

Premium Filter CLF-D2K \$63.00

Each filter comes with complete instructions. The installation of the PFM-525/35 requires some soldering/desoldering. Kiwa offers filter installation for \$30.00. Please call our office for details.

MEDIUM WAVE RAMBLINGS

- I was informed that my disk containing Issue 22 did not make it to Topeka in time for publication, so I have combined the material for Issues 22 and 23. Let's hope this makes it in time, or else we'll really have a barn-burner next issue. Here we go.
- I had the occasion to visit KBOI, after winning a coffee cup on the air, and enjoyed a nice visit with Bill Frahm, their Chief Engineer. He gave me the cook's tour, and showed me his file of reception reports. If some of these reports are indicative of the reports sent to other stations, I now understand why stations are reluctant to send QSLs. Most were handwritten, and a couple were illegible in both the handwriting and quality of print. One NRCer sent what looked like a Xerox copy, printing over the areas which didn't copy well. And demanded a reply. Well, folks, that's not how it's done. On the other hand, many were very well prepared and neat. I'm sure Bill will confirm those.
- Got a suggestion from Richard Clark (via Internet) to put reporter's names first. Well, OK. After rAmblings, the names come first, hi. And it's kind of redundant to repeat the state, except when not at the home QTH, so we'll try it sans MB, CA, AK, etc. for a while.
- A nice turnout here for you West Guys. Keep those cards, letters, and E-Mails coming. We're not doing taxes here, but Electronic Filing of DDXD-W reports may be addressed to MTFH12A on Prodigy, or MTFH12A@Prodigy.COM via Internet. Format as you see here.
- Since we're off the weekly schedule for the remainder of the Volume Year, here are the upcoming deadlines for DDXD-W for the rest of Volume 61:

Issue 24	March 25	Issue 25	April 9	Issue 26	May 7
Issue 27	June 4	Issue 28	July 2	Issue 29	July 30

SPECIAL

550 KSD MO St. Louis - Now simulcasts NBC-TV's Today Show and Nightly News, also simulcasts Newschannel 5 from KSDK-5 at 0600 and 1700 CLT in addition to their 1800 CLT newscast, and carries *Coast-to-Coast AM with Art Bell* from the USA Network overnight. CNN Headline News now heard 1000-1500 ELT weekdays. However, they continue to air *Flashback News* and *The Lost Lennon Tapes*. (EB-MO & -MO1)
 580 CKPR ON Thunder Bay - Per verie, now broadcasting in Stereo. (EB-MO)
 820 WSCR IL Chicago - Newspaper item says they are working on night authorization, which is expected in April. (KDF-IL)
 830 KIKI HI Honolulu - 2/28 0755 - Fair, with apparent call letter change coming. This is the new 830 - news, traffic, weather. New call believed KHPA. Old ID on the hour - KIKI. Into ABC News. (JW-OR)
 1210 WGSF TN Bartlett - Per verie, station is temporarily operating U1 2500/62 while new towers and transmitting equipment for U2 10000/250 are being installed. City of license change is also confirmed per verie, ex-Arlington, TN. (EB-MO)
 1240 KFMO MO Park Hills - ZIP code for this new city is 63901. (EB-MO)
 1290 WKLJ WI Sparta - Has dropped *Classic Country* for 2nd time and is now All-American Talk Radio with local talk plus Pat Buchanan, Larry King, sports talk, etc. Still MBS, and will carry *Milwaukee Brewers* broadcasts. The only scheduled music all week is a three hour polka program on Saturday. (JB-WI)
 1330 WPPI GA Carrollton - Per NRCer Bill Alisaukas, the station is silent due to their owners owing over \$100,000 in back taxes dating back to 1984, studios and transmitter are sealed off by order of the Internal Revenue Service. (EB-MO)
 1380 WKBQ MO ST. Louis - 2/23 1651 - Excellent with local ads, *WKBQ-FM Jerseyville*, *WKBQ St. Louis*, *The Planet's Best Music*, Q-104, into CHR. Ex-KASP. Now simulcasts *WKBQ-104.1 Jerseyville*, IL, which moved from 104.1 to 106.5 in Granite City, IL. Hot country-formatted *WKXX* is still CHR. *WKBQ*, *WKBQ-FM* and *WKXX* are all owned by Zimmer Broadcasting Company of Cape Girardeau, MO (KZIM-960/KEZS-102.9). (EB-MO)
 1470 KWSL IA Sioux City - Drops Unistar AM Only for AOR. Not // FM, satellite-fed, or automated. (JE-MN)
 KBCW MN Brooklyn Park - New owners now plan to simulcast *KLBB-1400*, probably beginning 3/1. (JE-MN)

A BIT HIGH

1280.16 KPRV OK Poteau - 2/17 2005 - Hetting 1280, with local KXKL nulled. PBP of *Lady Flyers vs Lady Bulldogs* college basketball. QRM from KDOL and a couple others; separable on upper sideband. New catch for OK #46. (JW-CO)

UNIDs and UNID HELP

680 WOGO? WI Hallie - Shawn Axelrod's unID in Issue 21 could likely be this, as they're now full time, and the CLs are closest to those heard. Unless he heard an AM/FM simulcast? (EB-MO)
 830 UNID ?? - 2/18 0400 - Loud classical piano music looping N-S, but it faded under R. Oz in 4 minutes. WCCO and Key-83 had disappeared, but returned. Alaska Public Radio? Absolutely no voice during reception time; gives hope of Alaska and TPs. (GS-BC)
 860 UNID ?? - 2/18 0220-0230 - French vocal music, looping NE to E. I suspect CBKF2, but CJBC is an outside possibility. WCCO-830 was loud at the time. This CBC FF programming has been audible here only on a few good reception nights. No CFPR, and KTRB had faded. (GS-BC)

1340 UNID ?? - 2/14 0300-0310 - TT for several minutes with no break. Never cleared the jumble. (BBMcC-TX)
 1490 UNID ?? - 2/10 1846 - Ad for Goodyear Tire Store on 8th Avenue and Highway 78. Jingle sounding like KFM 99.1 and into C&W music. (JW-CO)

TESTING 1-2-3

540 KIEZ+ CA Carmel Valley - 2/4 0300-0400 - Poor on Regular Schedule 0300-0329, fighting (XEWA?). At 0329, a jump in volume, playing a tape of Morse code followed by voice synthesizer saying OK 0400 - back to RS. (RK-CA)
 KIEZ+ CA Carmel Valley - 2/4 0330-0338 - Fair with CIDs only, making it through QRM. (CK-CO1)
 KIEZ+ CA Carmel Valley - 2/4 0331 - Fair, with KNOE & XEWA QRM, with CIDs and nothing else. CA #84. (JW-CO)
 KIEZ+ CA Carmel Valley - 2/4 0333-0400 - Fair with CID. (AM-WA)
 KIEZ+ CA Carmel Valley - 2/14 0330-0400 - Good signal, with several CIDs and some strange tones. (FA-ID)
 KIEZ+ CA Carmel Valley - 2/14 0325-0356 - OC on at 0329, with XEWA audible. Code IDs started at 0330, with occasional synthesized "OK"s. Code continued through my listening time, audible about 75% of the time. (GS-BC)
 KIEZ- CA Carmel Valley - 2/4 - Tried for, but not heard. (KDF-IL)
 WGTO+ FL Pine Hills - 2/14 0209-0230 - S9+, CIDs, VIDs, brief incoming phone messages from listeners (including mine). Some IDed as NRC members. (BBMcC-TX)
 WGTO+ FL Pine Hills - 2/14 0200-0212 - Poor-to-fair with CIDs and VIDs making it through KNOE/XEWA QRM. (CK-CO1)
 WGTO+ FL Pine Hills - 2/14 0202 - Fair-to-poor, with XEWA & KNOE QRM, with CIDs at 0202-0210. Nothing else 'til 0250, then more CIDs. Only 3rd FL here in 13 years! (JW-CO)
 WGTO+ FL Pine Hills - 2/14 0210 - Fair with code IDs only. (TR-IL)
 WGTO+ FL Pine Hills - 2/14 0200-0300 - Tentative, as heard slow CID, but letters I was able to make out didn't make any sense. Very weak signal. Will send a tentative report to them. (FA-ID)
 WGTO- FL Pine Hills - 2/14 0200-0300 - Not heard. CBK at 0202, and later two SS equally in mud (KIEZ & XEWA?). (RK-CA) CBK fairly strong with CBC news on the hour, followed by sports and then local weather to *Ted Deller's 0208* sign-off and *O Canada*. This left XEWA and a sub-audible het. Weak orchestral music heard at 0253, and a male announcer at 0255, but XEWA faded up again. (GS-BC) Not Heard. I wanted this one to get Florida. (JE-MN)
 550 KARI+ WA Blaine - 2/20 0409 - A bit of music, one promo and a long, clear Morse code transmission made it thru KCWR for a few minutes before fade under them. (BR-CA)
 KARI+ WA Blaine - 2/20 0400-0430 - Good with music, CID, and VID mentioning this test as *audio test*. (AM-WA)
 KARI+ WA Blaine - 2/20 0400-0500 - Tentatively heard with bits and pieces of slow code, but could not make positive ID in weak signal. (FA-ID)
 KARI- WA Blaine - 2/20 - Tried for, but not heard with KSD and WIND slop. (KDF-IL) 0400 - Tried for, but not heard. (JW-CO) Not heard. KFVR & WSAU only. (MBDXP)
 560 WFRB+ MD Frostburg - 1/31 0125 - TT & CIDs noted with good signal in WIND null. Unneeded here. (KDF-IL)
 WFRB+ MD Frostburg - 1/31 0100 - Heard CID under WIND at 0100. New state! (JE-MN)
 WFRB- MD Frostburg - 1/31 0100-0130 - Nothing heard. (FA-ID)
 WHND- MI Monroe - 2/28 0000 - Not heard. Only WIND. (TR-IL1)
 590 KGLE- MT Glendive - 2/21 0330-0400 - Not heard. No sign of tones, etc. (RK-CA) Not heard. KTHO/KAQQ/unID talk blocking the channel. KAQQ is one I had previously overlooked though, so at least I got a new logging out of the deal. (BR-CA) Not heard. Only WOW. (KDF-IL) Nothing heard which I could ID as a test. (FA-ID) Not heard. A no-show? (CK-CO1) Tried for, but not heard. (JW-CO)
 600 WFRM+ PA Coudersport - 1/31 0031 - Fair-to-good with band music, CID and VIDs. (KDF-IL)

- WFRM+ PA Coudersport - 1/31 0038 - Good, with CMKV and splash from KFNS-590, with Code IDs. WTRN-1340 heard with a poor signal. (EB-MO)
- WFRM- PA Coudersport - 1/31 0030-0100 - Nothing heard. (FA-ID)
- 740 WJIB+ MA Cambridge - 1/24 0140 - Heard on 2nd test date with CIDs. (KDF-IL)
- 910 WNEZ- CT Farmington - 1/27 0000 - Not heard. (TR-IL1)
- KBLG+ MT Billings - 1/31 0216 - Drove to Arvada to get N/S loop bearing on local co-channel KPOF (taking advantage of the 25-mile radius), and heard CID at 0216 during pause between songs on KPOF. V/1 back already says they were running 63 watts during the test and modulating code at 40% in order to avoid interfering with their regular programming. KPOF is U1 5kw, 7 miles distant for Arvada. (CK-CO2)
- KBLG- MT Billings - 1/31 0200-0230 - Nothing heard. Was it on? (FA-ID)
- 930 WYNI- AL Monroeville - 2/1 0200-0230 - Nothing heard. (FA-ID)
- 940 WADV+ PA Lebanon - 1/29 0332 - Poor-to-fair with CIDs. (KDF-IL)
- WFAW- WI Fort Atkinson - 1/31 0200-0230 - Nothing heard. (FA-ID)
- 950 WHVW+ NY Hyde Park - 2/7 0007 - Poor with CIDs, through KPRC/KYGO. (EB-MO)
- WHVW- NY Hyde Park - 2/7 0000-0030 - Nothing heard. (FA-ID) Not heard. Only CFAM. (SA-MB)
- 960 KOVO+ UT Provo - 2/28 0159-0250 - Audible from 0206 to 0248 power cut. CFAC was on top, but KOVO's signal often came close. Sent a thank-you report by FAX. Utah #12. (GS-BC)
- KOVO+ UT Provo - 2/28 0200-0300 - Heard like a local 0205-0249 on 5 kw and faint/nothing on 1 kw. (BK-CA)
- KOVO+ UT Provo - 2/28 - Only KABL & CFAC jumble, but at 0224 copied weak KOVO CID, lasting 30 seconds, then back to KABL/CFAC jumble. Code popped in again at 0237 for another 30 seconds before dropping out again under KABL/CFAC. KLAD-OR copied way beneath with *Young Country*. (RO-AK)
- 1240 KOVO- UT Provo - 2/28 0200 - Not heard. (TR-IL1)
- WIAN+ MI Ishpeming - 2/7 0101 - Fair, through the mess, with CIDs. WDMJ-1320 in poorly, under WJAS/KELO, in KSIV null. (EB-MO)
- WIAN- MI Ishpeming - 2/7 0100 - Not heard. (SA-MB)
- 1260 WIAN+ MI Ishpeming - 2/7 0110 - Very poor with CIDs, gospel-type music. New. (TR-IL)
- WIAN- MI Ishpeming - 2/7 0100-0200 - Nothing heard. (FA-ID)
- WEKZ WI Monroe - 2/27 0104 - Several CIDs 0104-0133, also TTs. Generally poor, with KVSF/WIBV/KPOW QRM. New for WI #12. (JW-CO)
- WMUU SC Greenville - 2/28 0130 - Fair with CIDs only. (TR-IL1)
- KPOW- WY Powell - 2/20 0315-0330 - Tried for, but not heard. (KDF-IL) Heard only KPOW sign-off with fair signal. (FA-ID)
- 1270 WCGC+ NC Belmont - 12/20 0002-0020 - Fair-to-good with CW IDs, station promos. Previously heard at SSS. (KDF-IL)
- WMIZ- NJ Vineland - 1/2 0100-0200 - Not heard. (KDF-IL) [Editors note: the above loggings correct erroneous entries made by me in Issue 18.]
- 1300 KLER- ID Orofino - 2/20 0200-0300 - Not heard. KDOV & suspected KYNO fighting with at least two others. No sign of Morse code - did hear a steady tone 3-5 seconds one time. (RK-CA) Tried for, but not heard. All I picked up was very weak C&W music. Probably KMPS. (RO-AK) Had high hopes for this one, but other than a brief bit of apparent tone, only KDOV and KROP heard. (BR-CA) Test not heard. Only WTAQ/WOOD. (KDF-IL) Not heard. (TR-IL2) Nothing heard which I could ID as a test. (FA-ID) Not heard. A no-show? (CK-CO1) Tried for, but not heard. (JW-CO)
- 1320 WDMJ+ MI Marquette - 2/7 0120 - Very poor with gospel-type cuts. (TR-IL)
- WDMJ- MI Marquette - 2/7 0100-0200 - Nothing heard. (FA-ID) Not heard. (SA-MB) Tried for, but not heard. (JW-CO)
- 1340 KVBR+ MN Brainerd - 2/20 0100 - Poor with CIDs only. (TR-IL2)
- KVBR+ MN Brainerd - 2/20 0100 - Good with TT 0100 and 0103, CID at 0101, VID at 0103 with KVBR repeat many times. (MBDXP)
- KVBR+ MN Brainerd - 2/20 0100-0130 - Tentative. Heard some possible code under nulled KANR. (FA-ID)
- KVBR- MN Brainerd - 2/20 0100 - Tried for, but not heard. (JW-CO)
- WTRN- PA Tyrone - 1/31 0010-0030 - Not heard. (KDF-IL) Nothing heard. (FA-ID)
- 1400 WRDB- WI Reedsburg - 2/3 0300 - Tried for, but not heard. (JW-CO)

- 1450 WDLB- WI Marshfield - 2/21 0230-0300 - Heard some possible code and tones, but too weak to ID anything. (FA-ID) Not heard. (CK-CO1) Tried for, but not heard. (JW-CO)
- 1460 WIXN+ IL Dixon - 2/28 0135 - Poor, but CIDs punched thru for a new one. IL #26. QRM de KKPR/KENO/others. Test ended at 0100:00 in mid-ID. (JW-CO)
- WIXN+ IL Dixon - 2/28 0145 - Poor with CIDs and top-of-hour VID. (TR-IL1)

TIS & OTHER STUFF

- 530 WNW881 ND West Fargo - 2/19 1617 - Fair-to-poor with local events and thing to do. (MBDXP)
- KNEZ 390 WA Swamp Creek - 2/16 0950-0955 - KNEZ 390 and KOD 773 separable with the loop - first time both stations were identifiable at once. I found Swamp Creek on a Seattle-area street map; runs south into the north end of Lake Washington, west of Bothell. My son says that the signs on I-5 south for this TIS are well north of the junction of I-5 and 405 and reception in the car is good there, so transmitter location is probably well north of Lake Washington. Thanks for the help. (GS-BC)
- 1610 KNIG42 IL Chicago - 2/19 1914 - Fair-to-good with Illinois Dept. of Highways announcements mentioning *Hillside* and *Eisenhower*. (MBDXP) [I believe Hillside is a suburb, and Eisenhower is an expressway in the Windy - Ed.]
- WGN476 OR Santium Pass - Word from Mike Hardester (through Gary Jackson of IRCA) concerning this TIS station logged 12/6/93 by Jack Woods (Issue 13) is that it's operated by Forest Service and Oregon State University at Santium Pass, in Oregon's central Cascade Mountains, on US 20 about 35 miles west of Bend. Write to: Gene Skrine, McKenzie Ranger District, McKenzie Bridge, OR 97413. If you get a QSL, Jack, let us know. Thanks, Mike!
- 1620 WNW29 IL Bensonville - 2/19 1948 & 2/20 0035 - Poor with man giving out phone numbers for various town services, most starting with 250-34---. This sounds like a numbers station, because of at least 6 phone numbers in a short time space. (MBDXP)
- WNYT218? IL Glen Ellyn - 2/20 0440 - Very poor and hard-to-copy, under WNW29 with man giving info on Illinois. (MBDXP)

PI-RATE

- 1250 "KTLN" CO Arvada - 2/17 0245 - With OLD, jingles, old ads (one for Hertz) Anncr at 0325 said *We're going to be wrapping things up here on KTLN 1250 . . . followed by one more oldie, a long-winded jingle ending with something like . . . here in Denver where the living's right, then dropped carrier. Heard almost nightly, usually between local midnight and 1:00 AM. Traced to very near the intersection of Wadsworth and 72nd Ave in Arvada (Arvada Green Apts?). John Wilkins has logged this on 1370 kHz in 1990. (CK-CO2)*

MIDNIGHT TO 0800 HOURS ELT

- 530 CIAO ON Brampton - 2/19 0046 - Poor with talk in unID language . . . suspect Asian. (TR-IL2) [Thomas. Where did you get the notion this was CHIN, as reported? CHIN is on 1540 - Ed.]
- 550 KTSA TX San Antonio - 2/20 0400 - Female with area news, weather, then *Texas USA* network talk show. Fair over QRM while looking for no-show KARI test. (JW-CO)
- 580 CKPR ON Thunder Bay - 1/26 0316 - Good-to-poor, with CKY/WELO and light KFNS-590 splash, with calls, local ads and AC. (EB-MO)
- 620 KINK OR Portland - 2/21 0431-0500 - Two - at times three - stations on 620; KIPA strongest. An interview/discussion programme on Russian politics in the KIPA null kept fading in and out. It turned out to be KINK, which returned to its usual music format at 0500. Third station was probably CKCK. (GS-BC)
- WTMJ WI Milwaukee - 2/19 0048 - Fair with talk about Federal Housing Administration problems. (TR-IL2)
- 680 KKYX TX San Antonio - 3/1 1915 - Fair-to-poor with intermittent \$, over KFEQ/WJCE/WOGO with WMAQ-670 splash, with C&W music, CL ID and mention of the KKYX *Lone Star Hour*. *Country music with a Texas accent. #4* from the Alamo City. (EB-MO)

- 730 WJMT WI Merrill - 1/28 0725 - AC gold, nostalgia, and polka music. Weather sponsored by the Double R Realty, school lunch menus, and The G&J Bakery Birthday Show. (JE-MN)
- 800 CKDR ON Dryden - 2/14 0716 - Poor, with no CHAB or CKLW, with CLs and very lively small-town sound. New. (JJR-WI)
- 850 KHLO HI Hilo - 2/28 0748 - Very good signal over KOA. Ad for Hilo Income Tax Service and other Hilo ads. PSAs for IRS forms and Hawaii National Guard. (JW-OR)
- 920 KSHO OR Lebanon - 2/21 0255-0306 - Pretty decent older pop music (*Music of all times*) with an ID of KSHO in Lebanon-Corvallis at 0300. Oregon station #26. (GS-BC)
- 940 CJIB BC Vernon - 2/19 0000-0040 - Fair, over KFRE with LA Lakers game, with local news and sports from 0025. ID as This is CJIB News. (AM-WA)
- KIXZ TX Amarillo - 2/24 0726-0731 - Fair with ad for United Super Stores, record Wake The Town and Tell The People, then CLs, weather and news. (JB-WI)
- 960 KLAD OR Klamath Falls - 2/28 0309-0332 - In and out several times, along with two unIDs, with C&W. One unID tester was there briefly at 0315 with a TT and a quick K-call ID. Another station (also unID) had Washington on File with Gerry Hughes, and then UPI news update at 0330. (GS-BC)
- 990 WNRV VA Narrows-Petersburg - 2/14 0115 - Tentative with C&W music, Cool Country 990 AM, 100.7 FM IDs as reported elsewhere. Through CBW/WWCM. (KDF-IL)
- 1010 WGUN GA Atlanta - 2/14 0706 - Out of CBS News into many News-Talk 1010 WGLN IDs. Alone with fair signal. Rare. (JJR-WI)
- CFRB ON Toronto - 2/19 0051 - Fair with talk on Medellin drug cartel. (TR-IL2)
- 1030 KBEQ MO Blue Springs - 2/15 0300 - ID as AM 1030 KBEQ, Kansas City's Radio Station for 1994. No mention as Blue Springs as the City-of-License. (JB-TX)
- 1070 KFDI KS WICHITA - 3/4 1928 - Fair-to-poor with intermittent \$, mixing with CHOK, with C&W music, Radio Ranch KFDI ID, talk on the song previously played (The Tennessee Waltz). Lost at 1930 power cut/pattern change. #300 from this QTH, #207 for 1993-94 with a little more than three weeks to go in my DX season! (EB-MO)
- 1080 WKGX NC Lenoir - 2/14 0657 - Poor, though steady, with calls and request line number. C&W format. New. (JJR-WI)
- 1100 KNZZ CO Grand Junction - 2/19 0105-0120 - Fair, fighting with KFAX. 0113 ad for National Insurance Consumer Line followed by promo with ID as At three, here on KNZZ. CO #3. (AM-WA)
- 1140 KSOO SD Sioux Falls - 3/1 1929 - Good-to-fair, in WRVA null, with News-Talk AM 1140 KSOO IDs, local and state news, mention of the Sioux Falls Skyforce of the Continental BKB League, weather 4cast and into Talknet. Gone at 1933 pattern change/power cut. (EB-MO)
- 1190 KBCO CO Boulder - 3/1 1935 - Fair-to-poor, in WOWO null, with AOR, Ninety Seven Three KBCO ID (referring to their FM). (EB-MO)
- 1210 KGYN OK Guyton - 2/9 0715-0745 - AgraNet News, Country and AC music, ad for First National Bank of Guyton at 0723, Clem The Farm Want-Ad Man at 0731. Report sent. (JE-MN)
- 1230 KNUZ TX Houston - 2/14 0754-0800 - Male announcer with national news & weather forecast for Houston/Galveston. Ad for Ponds Medicated Skin Cream. Female with Good morning to you on Dateline Houston on AM 1230 KNUZ into city news. Occasionally heard, but not this good of a signal. (JB-TX)
- 1240 WOMT WI Manitowoc - 2/20 0800 - Fair in fade, with WIBU and others, with WOMT Manitowoc ID. (MBDXP)
- 1290 WIRL IL Peoria - 2/20 0038 - Fair with CL ID into lite rock music(?). Over/under CIFX. (MBDXP)
- 1320 WILS MI Lansing - 2/7 0106 - Fair in fade-up with WILS 1320 ID while listening for WDMJ test. New. (SA-MB)
- WILS MI Lansing - 2/19 0058 - Fair with oldies. (TR-IL2)
- 1360 KSCJ IA Sioux City - 1/26 0132 - Fair-to-poor, with WGEE/WSAL, with We've got the whole town talking on AM 1360 KSCJ ID, into Bruce Williams. (EB-MO)
- 1390 KSLM OR Salem - 2/18 0325-0332 - Promo at 0330 said Salem's Solid Gold Rock and Roll, but I wouldn't consider Rolf Harris (at 0325) as R&R. Later music was mild rock. (GS-BC) [Hey, c'mon. Tie Me Kangaroo Down, Sport is a great R&R oldie... at least to me, hi - Ed.]

- 1440 WMAX MI Bay City - 2/14 0519 - Fair, over others, with 1440 WMAX into network talk. Heard last as WRDD eons ago. (JJR-WI)
- 1460 WBRN MI Big Rapids - 1/19 0707 - Big Rapids and Michigan news, CLs at 0707. Weak-to-fair with KDMA, KDMI, others. Another one logged in KBCW's silence. (JE-MN)
- KCKX OR Stayton - 2/14 0050-0137 - Fair, fighting with local KARR, with C&W music and ID as Country 1460, KCKX, Stayton. (AM-WA)
- 1520 KOMA OK Oklahoma City - 1/26 0144 - Good-to-fair, with intermittent \$ over WWKB with WLAC-1510 splash, with frequent All Oldies KOMA and Ko-Ma IDs, Oldies from the '50s and '60s // KOMA-FM 92.5. (EB-MO)
- 1550 WIRV KY Irvine - 2/14 0650 - Fair, over others, with local ads and station promo. (JJR-WI)
- 1560 WQXY KY Hazard - 2/14 0643 - Poor, with flutter, with local weather and calls. Many Good Morning Hazard slogans. (JJR-WI)
- 1590 WTOQ WI Platteville - 2/14 0741 - With bank ad and school lunch menu. Long fades. No WAKR/WONX. Rare here. (JJR-WI)
- 1600 KWMX CO Lakewood - 2/19 0043-0053 - Fair with ID as Mix 107.5 and phone number for The Love Line. CO #2. (AM-WA)
- WARU IN Peru - 2/14 0633 - Good with WARU Classic Hits jingle and 50s/60s oldies. (JJR-WI)
- 0800 TO 1600 HOURS ELT
- 620 KIPA HI Hilo - 2/16 0956-1002 - Oriental singing, ID on the hour, then a woman announcer in a foreign language. First time heard at LSR, suggesting better long-distance reception conditions coming. No other Hawaiians audible at the time. (GS-BC)
- 700 WLW OH Cincinnati - 2/22 1214 - Fair with Paul Harvey News. (TR-IL1)
- KMJY WA Newport - 3/3 1006-1028 - C&W after a news report. Many local and Spokane ads at 1025. Weak, and often faded, under KGRV. Usual KFAM absent. Still no Alaska. (GS-BC)
- 800 KSOS UT Brigham City - 3/4 0938-0944 - Unneeded, but first time heard at LSR. KSOS Friday News Desk and then oldies. Faded under KPDQ. (GS-BC)
- 820 KORC OR Waldport - 3/4 1002-1027 - Heard on its new frequency; decent but way under a very strong KGNW. Local Waldport news items and an Oregon highway report. (GS-BC)
- 830 KNCO CA Grass Valley - 2/16 1012-1022 - Morning drive show with news, traffic reports, weather. (GS-BC)
- 1280 KCNI NE Broken Bow - 2/18 0828 - Trading Post just ending, local ads, and Auction Block program at 0832. Fair in null of local KXKL, with KDOL QRM. New, for NE #43. Was my Closest Unheard on a Non-GY Frequency. That honor now goes to KMER-950. (JW-CO)
- KDOL NV Henderson - 2/17 2115 - Fair, in local KXKL's null, with Latin music, Radio Latina slogans. New catch for NV #15. (JW-CO)
- 1390 KLUP TX El Campo - 2/11 0834-0841 - Texas State Network News into state and local news & weather, . . . and that's it for KLUP weather into sports, 7:41 TC. Slogan is First in Country. (JB-TX)
- KBEC TX Waxahachie - 2/11 0802-0815 - C&W, ad for L & M Muffler, C&W into This is AM Radio KBEC. 7:15 TC into The 7:15 Morning News. (JB-TX)
- 1500 CKAY BC Duncan - 2/20 0835 - Good, briefly up in the clear with lite rock & CKAY ID. (MBDXP)
- 1600 TO 2400 HOURS ELT
- 710 KEEL LA Shreveport - 2/20 1930-1933 - Loud and clear, with a Jimmie Rodgers record, followed by station ID. No sign of usual WHB. (JB-WI)
- 840 KDBS OR Eugene - 2/24 1833 - Fair with Liddy show. Ad for Oregon Electric Station Lounge. ID at 1845 as KDBS Eugene, Talk to us. (JW-OR)

- 1000 KFLG AZ Bullhead City - 2/2 1957 - C&W music, female announcer with ID at 1959:55 as All-American Country from K-Flag, KFLG, KFLG-FM Bullhead City, Arizona - Laughlin-Lake Havasu City, and 101.5 FM Kingman. ABC News at 2000. Briefly good, but soon lost to XEFV. (JW-CO)

- 1240 CJAR MB The Pas - 2/19 1919 - Good with CJAR 1240 - 590 ID. Lite rock music. Couldn't hear 590. (MBDXP)
- 1250 KDHI CA Twentynine Palms - 2/20 2110 - With OLD (Beatles) and ID as Your station for good-time rock-n-roll oldies, KDHI. (CK-CO3)
- WTAE PA Pittsburgh - 1/29 2359 - Legal ID, ABC Update, and a jingle. Weak with WEMP. (JE-MN)
- 1440 KMAJ KS Topeka - 2/23 2215 - Post-game wrap-up of Kansas University vs Nebraska Big-8 bkb game. Generally fair. Will try (4th time) again for a verie. Any suggestions, Paul? (JW-CO)
- 1470 KERE KS Atchison - 1/28 2305 - Sign-off mentioning 1,000 watts, etc. Heard during KBCW's silence. (JE-MN)
- 1490 KYCA AZ Prescott - 2/10 1859 - Local ad, legal ID & TC, then CBS News at 1900. Fair-to-poor in QRM in null of semi-local KBOL. Haven't heard in a while. (JW-CO)
- KVAC WA Forks - 2/15 1950-2033 - Old Fibber McGee show to 2012, then into c&w. On the afternoon of 1/30, I heard KVAC well from Jordan River; surprisingly, it was inaudible in Port Renfrew on the car radio. The only unusual log at Port Renfrew was a clear CJIB-940 (usually just KFRE in Victoria). (GS-BC)
- 1530 KDSN IA Denison - 1/30 2042 - Request OLD and Country // FM. Lotsa mic feedback. Legal ID says AM-FM, but Log says this station is D1. ABC News. Fair-to-strong. (JE-MN)

International DX Digest

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

One week out of town and my mailbox is literally stuffed with reports. We especially welcome first-time reporter Allan Radella of Rochester PA (we call that the "other Rochester" up here!). Allan hopes his logs "are good enough to include" in IDXD. Allan, everything sent in has been included since I started doing this!

Lots of great Eastern European loggings from Ben Dangerfield. He uses the exact same equipment as I, so how come I never hear this stuff? I live in a very noisy urban environment, that's why. Plus I only get to listen about once per week. ¡Qué lástima!

TRANS-ATLANTIC DX

- 567 IRELAND Tullamore, FEB 4 2313 - poor to fair with EE talk. [Connelly-MA]
- 576 BULGARIA Vidin, FEB 8 0327 - Woman in Bulgarian in well for a short time // 828. Never heard this one before. [Dangerfield-PA]
- 621 CANARY ISLANDS Santa Cruz, Tenerife, FEB 4 2315 - news by woman in SS; EXCELLENT signal. FEB 9 2235 - SS talk, strong het. [Connelly-MA]

- 639 SPAIN La Coruna et al., FEB 4 2316 - man & woman in SS; poor to fair. [Connelly-MA]
- 685 UNID Het against Seville-684 on several occasions. Possible man's voice and vocal on JAN 29 0340. Loops TA or CA, but was only noticed when TA's were coming in, not LA's (as mid FEB). Could it be the new Lithuanian testing? On the same nights I had second signals on 666 and 1107 (both Lithuanian frequencies). [Dangerfield-PA] (Can someone across the Atlantic shed some light on this one for Ben? - Jim)
- 747 HOLLAND Flevoiland, FEB 4 2317 - mellow pop music (Michael Bolton), over SS station. [Connelly-MA]
- 765 SENEGAL Dakar, FEB 9 2230 - African music & shouting, fair during apparent aurora. Europe poor at the time. [Connelly-MA]
- 774 SPAIN, FEB 4 2318 - man in SS, fair in WABC/CFDR slop. [Connelly-MA]
- 828 BULGARIA Shumen, FEB 8 0308 - Clear signal with classical music by a chorus and concert orchestra. Later noted // 576. [Dangerfield-PA]
- 837 AZORES Barossa, FEB 4 2319 - atop channel with PP talk by man. [Connelly-MA]
- 846 ITALY Roma, JAN 25 0045 - Good with variety music, news on the hour. [Dangerfield-PA]

 1575 SPAIN, FEB 10 0341 - SER SS news // 1584; fair to good over rumble. [Connelly-MA]
 1584 SPAIN, FEB 10 0340 - fair with man in SS. [Connelly-MA]

Ben speaks: "We seem to have reached a period of "blah" reception following a short auroral spell in mid-February and some interesting Eastern European reception earlier in the month. The East Europe signals were hard to dig out, though, and there weren't many really big signals. And the low end of the band hasn't been good since December. I am satisfied with my set-up but am giving some thought to acquiring a KIWA loop if I can scare up the money. I'm not sure, though, that it would be worth the cost as I feel that I get pretty good results."

PAN-AMERICAN DX

526 BAHAMAS ZLS Stella Maris, FEB 24 0613 - Good, steady beacon signal. [Renfrew*NC]
 535 TURKS AND CAICOS, FEB 10 0056 - R. Visión Cristiana good with SS talk. [Connelly-MA]
 FEB 20 1015 - Good, SS language religious programming. They seem to be on again. [DX*MB]

540 MEXICO XEWA, San Luis Potosí SLP/Monterrey NL, FEB 13 1458 - "Super Estelar W-A", ads, música cumbia/norteña audible here in Brownsville all day, has two transmitters, the main one being 150 kW just outside of San Luis Potosí, also has a 500-watt channel booster in Monterrey. During daylight hours both are heard with fair signals and are separable on my Superadio III, at night only the main transmitter is heard blasting in at +40 dB over S9. [Wiseblood-TX] FEB 27 0600 - Heard in mess with national anthem. WETC-540, by the way, has some SS programming, but I heard them sign-off quite early one night at 0206. [Renfrew*NC]

560 JAMAICA JBC Kingston, FEB 27 0604 - Heard // to 750 with Carib-accent man speaking, very weak. [Renfrew*NC]

570 MEXICO XEVX Comalcalco TAB, JAN 30 1516 - Man announcer taking requests, Mexican contemporary rock music, ads, timecheck, mentions of Comalcalco and Tabasco. Poor-fair in null of XEJB-Monterrey, but opposite to KLIF-Dallas. WRTH-93 lists as 1 kW, so good over the Gulf path at 540 miles. [Wiseblood-TX]

590 COSTA RICA TIRN San Jose, FEB 7 1030-1034 - SS talk, series of chimes of different tones, mentioned Nacional and Costa Roca, good to 1033 when unID SS took over. [Trelford-JAM]

600 CUBA R. Rebelde, FEB 13 0613 - Strong signals // 620, música salsa/tropical, announcements by man and woman, "Rebelde" IDs. [Wiseblood-TX]

620 CUBA CMGN Colón, FEB 9 0358 - Fair, SS music, SS news, new. [Reiser-IL] FEB 13 0603 - "Rebelde" IDs, much weaker than // 600. Listed as 30 kW, sounds more like 10 kW. [Wiseblood-TX]

630 MEXICO XEERO Altamira TAMS, FEB 5 2104 - "Radio Tamaulipas", slogans, PSA's, promos, into "La Voz de los Maestros" with educational program. Fair. New station, sounds like about 1 kW, daily. [Wiseblood-TX]

640 GUADELOUPE Point-a-Pitre, FEB 2 2330 - Man in FF (of course), then pop music. This was underneath the Cuban when loop set to SE. [Dangerfield-PA]

640 CUBA CMBC Guanabacoa, FEB 9 0330 - Excellent with Radio Progreso Cadena Nacional ID, reference to Santiago de Cuba. [Reiser-IL] FEB 23 0455 - Fair over unID SS station with SS talk by male and female speakers, Progreso ID at 0459. [Sorensen/K-ON]

- 920 MEXICO XEU Veracruz VER, JAN 28 2342 - "Es La U" jingles, música romántica/salsa, mention of 10 kW, good daytime signal. [Wiseblood-TX]
- 940 COLOMBIA HJTL RCN Cucutá, FEB 14 0723 - Fair-good in SS with apparent item from VOA mentioning LA Voz de Los Estados Unidos de America, then musical bridge, Colombia mention and IDs as "Radio Nacional" and "RCN". [Sorensen/S-ON] (Haven't seen this one in a while, usually reports are for Venezuela - Jim)
- 950 DOMINICAN REPUBLIC HIG Santo Domingo, FEB 2 0232-0250 - LA pop music, ID as "R. Popular", good, light interference from R. Reloj. [Trelford-JAM]
- 950 CUBA R. Reloj, Sancti Spiritus, FEB 27 0618 - Never heard in NY because of local WBBF, weak in domestic mess with pips. [Renfrew*NC]
- 960 COLOMBIA CARACOL Magangue, FEB 24 0514 - Heard weak under WFYR with program // 760, 770, 1000, 1176. [Renfrew*NC]
- 990 MEXICO XEFP Xalpa ZAC, FEB 11 0253 - "R. Alegría" slogans, "5 mil watts de potencia", música banda/cumbia norteña. [Wiseblood-TX]
- 1000 COLOMBIA / BRAZIL, FEB 10 0025 - RCN network and HJAQ (Cartagena) call ID atop PP talk likely from São Paulo. [Connelly-MA] FEB 16 0025, FEB 17 0100 - Strong atop frequency with man using Radio Mil often. Had sports the second day. RCN network. [Dangerfield-PA] (Isn't R. Mil Mexico, and Cartagena RCN? - Jim)
- 1000 U. S. VIRGIN ISLANDS WVWI Charlotte Amalie, FEB 12 1045-1056 - Pop music, ad for Paradise motors with financing at Chase Manhattan Bank and Bank of Nova Scotia, good, fading by 1050. [Trelford-JAM] (Maybe CKBW instead! - Jim)
- 1000 MEXICO R. Mil, FEB 24 0518 - During simultaneous break in WMVP and CARACOL programs I heard a clear Radio Mil ID. [Renfrew*NC]

- 1300 NETHERLANDS ANTILLES PJD-2 St. Maarten, FEB 20 0706-0745 - Oldies instrumental music, piano solos, woman announcer but almost unreadable as audio sounded like it was going through water. Older DXers, especially Canadians, will know what I mean, if they heard, for instance, in the late '30's and early '40's the King's Christmas message which was relayed from shortwave on CBC. Was looking for KLER test, so all was not lost. [Trelford-JAM]
- 1330 MEXICO XEWQ Monclova COAH, JAN 30 0802 - "La Super Estación", PSA's, promos, fair-good. [Wiseblood-TX]

- 1350 MEXICO XEQK Mexico DF, JAN 23 0725 - "La Hora Exacta" with time pips every minute, promos, PSA's, noticias. [Wiseblood-TX]

- 1610 ANGUILLA The Valley, FEB 4 2346 - religious vocal in a folk style similar to that of Jackson Browne and James Taylor. [Connelly-MA] FEB 20 0115 - Good with religious program and music, in all night but fighting a TIS from Chicago at times. [DX*MB]
- 1704.0 UNID FEB 14 0940-1002 - Man in SS with occasional vocal/instrumental music. Very poor level, and not even a remote idea of an ID. Loop S-SW. Not garbled. Checked 852 and 568 kHz, but no // noted. Rest of 1600-1800 area basically dead this AM, except for Anguilla 1610, MERE 1685 (mis-keying), and 2 MEDFERS. [Hardester-NC]
- 1760h CUBA R. Progreso, Pinar de Rio, FEB 16 0240-0244 - Good with SS vocals, male DJ with ID // fundamental (2 * 880). [Krueger-FL]

Joe speaks: "Conditions have recently been definitely auroral! 8 new ones bagged on FEB 12, including a new country, ZJB 885. That evening only one domestic could be heard on clear channels (WYFX-1040). WSB, WSM, WBT, etc. were all gone. Also not enough for a report on the strong hets on or about 1500, 1520 and 1540 on FEB 8 at sunset. Definitely heard Arabic on 1521 for about 30 seconds (Saudi Arabia?), but nothing in the way of an ID."

Terry speaks: "Concerning Rich Frcho's inquiry in #61-19, the acronym SODRE stands for Servicio Oficial de Difusion Radio Elctra."

TRANS-PACIFIC DX

- 1008t JAPAN JONR Osaka, FEB 20 1240 - Poor with man and woman in JJ, no ID heard, but who else? [DX*MB]

- 1008t NEW ZEALAND 1ZD Tauranga, FEB 20 1315 - Very poor, man in accented EE, but very weak. [DX*MB]

Sluton speaks: Hets heard 1215-1315 on FEB 20 also included: 738, 747, 756, 774, 828, 1008, 1026, 1107, 1116, 1035. Big aurora about 0500, whole sky was green and tips of red, didn't help DX, but was a great show.

STATION NEWS

AUSTRALIA: I posted Tom Williamson's 1PPP catch on the Fido Shortwave echo and received two messages from Australia which informed me that 1PPP Canberra (formerly 1RPI1) will be on the air on 1620 until May or June. Then it will move to the main mediumwave band or possibly to the FM band. Other "print-handicapped" public service stations have all since been moved from the 1620-1629 region. [Funkenhauser-ON]

COLOMBIA: According to Antonio Pardo Garcia at RCN in Bogotá the stations on 760, 770, 980 and 990 are now broadcasting with a power of 100 kW using new solid state transmitters from Harris. [HK in UKVK in ARC FEB 18]

CUBA: Radio Havana Cuba's Arnie Coro clarified the confusion about some Cuban broadcasts. During power shortages, Radio Rebelj programs are aired on certain Rebelde frequencies in metropolitan areas. Rebelde uses multiple frequencies allowing both programs to be heard in the same coverage areas. [Funkenhauser-ON]

GRENADA: Radio Grenada 535 has two 5 kW transmitters that can be combined for 10 kW total, but they are using only one. They have a two tower directional (phased) antenna in N-S orientation. They have very poor modulation. Harbor Light 1400 is using a 100% solid state 5 kW Nautel transmitter. The antenna is a quarter-wave, series-fed, top-loaded, monopole 55 meters in height with above-ground tuned radial ground system which uses only 4 wires 55 meters in length perpendicular to each other and raised 5 meters above the ground for the frequency of 1400 kHz. Operating schedule: 1000-0130 Mo-Fr, 1000-1600, 2045-0145 Sa, 1000-1630, 2100-0200 Su. [Ole Alm in ARC FEB 18] (Did they explain why they shifted to 1405 kHz for a time? - Jim)

NETHERLANDS: Radio 10 Gold new since JAN 28 with 24 hour schedule, format is Golden Oldies, new address: Vijzelgracht 55, 1017 HP Amsterdam. 1395 will be used by AM News with 120 or 500 kW. [SDXL in ARC FEB 18]

RUSSIA: VOA 648 Ussuriysk (1000 kW) 1300-1400. [VOA sked via MV-Eko JAN 14 in Distance FEB 1]

ST. HELENA: The next Radio St. Helena Day is scheduled for October 14, 1994, per verie report for hearing their SW transmitter on 11092.5 kHz in USB on October 15, 1993, which is activated only once per year. It will likely be relayed on their 1548 kHz outlet (450 watts). [Bueneman-MO]

VATICAN: E-mail from two sources, Andy Sennit via the Fido Shortwave echo and from Murray ????? via Internet informed me that Vatican Radio is again back on 1611 kHz. Facilities used for both 546 kHz and 1611 kHz were damaged but have recently been repaired. 1611 transmissions are now broadcast from Santa Maria de Galeria which is in Italy unlike in the past when Vatican City proper antennas were used. [Funkenhauser-ON]

QSL INFORMATION

MEXICO: XEW-900, same address as XEX and same signer, Ing. Miguel Ange Barrientos Valdez, for report of NOV 93, also sent XEWA bumper sticker, so perhaps he will take reports for them as well? [Trelford-JAM]

TURKS AND CAICOS ISLANDS: CCR 1020, f/d card in 6 weeks from West Indies Broadcasting Services, Ltd., PO Box 200, Grand Turk, report sent to PO Box 3, DeLand FL 32721. Country #70 verified. [Rugg-ON] The same, for \$2 and a taped report. [Straus-NJ] The same, in 3 weeks for a mint stamp. V/s is Jay Kiefer. Country #22 verified. [Ross-ON] Same. [Trelford-JAM]

PETER WEEKS - 49E CRESCENT PARK - HEATON NORRIS - STOCKPORT - CHESHIRE SK4 2JD
- - - - - ENGLAND

On this half-sabbatical, starting this January, my wife & I have moved from our usual location in Predickton, NB to Stockport at the edge of Manchester, England, not far from Liverpool or N Wales. For DXing, I bought the new Grundig Yachtboy 400 in Toronto for \$300 Canadian. It has turned out to be an effective compact portable. It features MW & LW, double conversion for SW, SSB, switchable steps of 1hz, 5hz, 9hz or 10hz, stereo reception through headphones of FM, also 40 memories. A nifty feature is a fishing-rod type reel for a pull-out antenna for SW that can be plugged in. The audio is quite good, and the selectivity decent, especially with the narrow 5khz setting, quite effective getting around adjacent-channel splatter, probably unusual for a compact portable. The sensitivity seems quite good on LW, MW but I'm not sure how the SW compares with other portables of its price range. Anyone got observations? There is of course, great variety on LW & MW, which I have surveyed in a bandscan which I sent in. Though many channels are a muddle, including a couple on LW, quite a few are effective clear channels from different countries, especially Norway, France, Luxembourg, Ireland, Italy, Spain, Belgium, Germany, Albania. The furthest to date has been Egypt & Russia. The salt-water path on the W part of Britain must be quite influential, as Spain, Algeria, Morocco are relatively strong here, with Spain audible all day using an external loop. Since I was last in Britain in 1988, I sure noticed the flood of low-power commercial stations, many with strong regional accents which I find fascinating. Though I have used the radio's internal ferrite-rod for the loggings, I did bring a collapsible loop which I built to fit a small suitcase. As a passive tunable loop, when you set it up, it brings a dramatic boost in sensitivity. As I remember receiving Saudi Arabia-1521 so often at home with the Yaesu FRG7700 & the Connelly phasing unit, I expected it to flood in here, but I have no sign of it so far. Same with Senegal-765. I shall look for TA's, as I can shift to the 1 khz steps. I note that Algeria-981 is quite a lot stronger than Algeria-891. A new twist is a relay of Trans-World Radio via Tirana, Albania-1395. I was surprised to hear an English news broadcast from Radio Moscow World Service-1323 with a reasonable signal at 9AM (with the external loop). A disappointment is getting such a poor signal on this side of England from the BBC World Service-648 despite its 500kw. One is better off with SW but due to skip distance, we are better off receiving it in E Canada' (We'll continue with Peter's fine report, a rundown of the BBC doings, with the next edition of MUSINGS!-DWS)

JON ELLIS - 221 W EAGLE LAKE DRIVE - MAPLE GROVE, MN 55369-6149

Hi! I joined the NRC in late Nov. I'm a Jr. at Osseo Senior High in Osseo, MN. I've been DXing for a few years now. I first discovered the hobby about 4 years ago when I was tuning around and heard WBBM-780. I didn't know that anything like that happened on AM, so I was very excited. Now I know that WBBM is probably some of the easiest DX heard here, so it was an appropriate station to begin with. I also DX FM & TV, but not as often as DX is not as common there. During the summer, I take many camping trips in MN, IA & WI. I record (on tape) extensively & write everything down. All of this information goes into computer files by state, which I update as the info comes in. This summer, trips are being planned to N MN & the Canadian border, Mankato & Eau Claire. There is also the usual trips to the cabin in Burnett County, WI & the Des Moines area to visit family. I DX with a Sharp 8 band radio that I don't know much about (I bought it from my mom's cousin). I think it's about 10 to 15 years old, it has a meter & works fine, the model # is FY411. Since I live in a townhouse, I can't use antennas that much, but I do a lot of that at the cabin. SKIP LABELSTEIN invited me to the Jan. meeting of the MN DX Club (MDXC), and I joined at that meeting. I also joined IRCA recently. (Welcome to the NRC, Jon, we look forward to your reports and your future DX doings!-DWS)

DON TRELFOED - PO BOX 170 - ST. ANNS BAY - JAMAICA, WI

Can't remember the last time I MUSED, but it was some time ago. Anyway, we have been here over a year now and its a lot better than the cold weather your getting there! DX is different down here, one night all the SA's and the next night, all NA's, then practically dead other nights! During the daylight hours, no NA stations come in, only Jamaica, Cuba & occasionally Haiti. The last few weeks have found it difficult to get some US stations (always the same ones, verified or not, but reports out to them!) Have had poor luck with the CPC TESTS only got WDAS (no reply yet). KXXY (nice letter, a real catch here!) & WYLS. Have added some W states to the verie list, with KOA, KXXY, KCWW & WNAH. Have also added some countries, Costa Rica with H'RA, they also sent a nice agenda book,

but it was for 1993, ZDK-Antigua, HJKH-Columbia (everyone seems to be hearing from them). But I have not heard any Canadian stations' DX NEWS usually arrives in about 4 days, but not always. #16 came yesterday (2/7) so I missed out on a bunch of 2/7 TESTS. JOHN BOWKER: I have not forgotten, I am still working on it. CHARLES REH: I would write you if I had your postal code. I don't have a phone as yet, promised one in March, after 4 years of waiting! And "Hi!" to KERMIT GEARY, we miss your reports! More later. 73

BOB HARRISON - 166 RENNER AVENUE - UNION, NJ 07083-8839
 - - - - - A milestone was reached here in the wee hours of the morning of 1/17 when station #1000 was heard, as 250-watt WJIB-740 came through very nicely during their scheduled DX TEST. They sent a nice card, too! This has been a great DX season, although conditions have deteriorated in Feb. Best catches: CKX-1150 during their 12/6 TEST (was very surprised to learn they were on a directional pattern, and that they weren't widely heard), WAYR-550 (dominating the freq. on 12/5 while trying for the KSD TEST & per verie, WAYR was using only 60 watts at the time), & WNPT-1440 on 12/17 at sunset (no verie yet on this one). Also caught NJ Turnpike Highway Advisory Radio Station WPAS759 on 1610khz during a test transmission from Woodbridge on 12/23. It was heard in the null of WPAS758, Elizabeth, another Turnpike HAR. Per verie, WPAS759 is a portable unit which can be set up anywhere along the roadway during emergencies. As far as I know, it is the only portable broadcasting station in the MW band anywhere in the world today, although portable broadcasters were commonplace during the 20's. (DELDOT has used a portable unit within the last 2 years and often sets that up during race weekends at Dover Downs, Dover, DE, on 530 khz). Haven't been able to catch the Roosevelt Island FIS on 1620 yet, even though it's been heard as far away as NC, and I'm only 15 miles away from it. If I do hear it, I'll send my report to the NYC Convention & Visitors Bureau, 2 Columbus Circle, NY, NY 10019. If they're not operating this station, I'm sure they'll know who it is! It always amazes me to read about DXers here in the states logging stations from Europe "dominating the frequency" or "coming in like blockbusters". I hit the 1000 mark without ever hearing so much as a peep from Europe. What am I doing wrong? Also, I've never heard KS, NE, the Dakotas or CA. And I've also never heard anything you could call DX on the FM band either, or anything other than local beacons on LW. As the kids say today, "Go Figure!" That's it for now! PS: Thanks very much for the WMIZ-1270 verification certificate, it makes a welcome addition to the collection!

RAY ARRUDA - 47 BURT STREET - ACUSHNET, MA 02743-1939
 - - - - - DX TESTS were not tried for on the weekend of 2/10-2/21 as I didn't think I had a chance to receive these stations. Other test results have been sent to DAVE BRAUN's DDXD. TEST veries have come in from WGT0-540, WHVW-950, & CKX-1150 (12/6). On 2/20, we motored to ERC's in near 60 degree weather (just a tease lasting only 2 days and then back into the deep freeze) and had a great time as always. We are happy to report that everyone is in great shape and that "Peaches" is living a life of leisure! See you in Nashua, NH for NRC 94! 73

BRUCE REYNOLDS - 917 GOODWIN AVENUE - SAN JOSE, CA 95128
 - - - - - Greetings! The 2/28 KOVO-960 DX TEST was in like a ton of bricks in the null of KABL. The demise of AM CW radio in CA, which I commented on last time, continues apace as KRAK-1140 switch to KHFK & "Hot Talk" on 2/28. Among other things, they are carrying the Imus morning show & G. Gordon Liddy. Also they are promoting the fact that they will carry Kings basketball next season. For the time being, they still have the all night truckers CW show. XEKAM-950 has returned to the r, as they were noted one recent evening in Spanish with a long list of network affiliated stations as the top of the hour. Local classical music lovers continue to petition Westinghouse Broadcasting & the FCC over the pending sale & expected format change of KHHI. It will be interesting to see what the new station on 1200 in Sequel will do. Judging from the number of format switches, the Monterey-Salinas market seems overly competitive already. The call change to KBOQ seems to suggest they are considering a classical format, but if so, KSUR-700 beat them to it. 73

ERNEST COOPER - 5 ANTHONY STREET - PROVINCETOWN, MA 02657
 - - - - - 2 veries have come in: WCCS-1160 & WHVW-950-TEST. I'm not sure of the exact count at the moment, as I've been reindexing my veries, which are kept in separate books by state & I've found 2 stations listed twice, one in PA & one in AL. So the 2 new veries listed above should keep my totals at 4448- right? Wrong! When I went to insert my new WHVW verie in its alphabetical place, I found to my surprise, I already had a WHVW verie, from 1960, in my Brooklyn days, so I think my total is now 4447. I had a very enjoyable visit from RAY & ARLENE ARRUDA, who drove the 100-miles-each-way on a recent Sunday afternoon. Some DXing here, but no more twilighting, because it stays light too late, and we eat supper around 5 or 5:15PM. After dinner, the TV goes on til beddy-bye time at 9PM. 1/27, a real oddity, on 1700khz, with sort-of-off-the-wall talk show IDs at 1:27AM as, get this, CFNY-102.5! STAN MORSS also heard this and believes it is somebody in the Toronto

area rebroadcasting various local stations, as he heard a Rochester station on this 1700 frequency. 2/8 on 1590 at 1AM, IDs from 2 unneeded stations, about equal in volume, WAKR & WPTP. Then to 910, & WTMZ was breaking through several others, including WLAS, on a mildly auroral morning. 2/11 that one on 1620 was in again, mentioning things like "we thank you for understanding" (but I don't understand!) & "The NY Radio Station", "Entertainment will be provided", "Long Island residents" & "Thank you for tuning in to(WNCD??), the NY Radio Station". 2/15 a report to WASB-1590, finally definitely IDed. And a report to WOEW-1560 to Del De Montreux, whom I recall from my days in Brooklyn and he was a DJ for the old WHY-1050. He's now the graveyard shift jock on WOEW. 2/20 while looking for WSVW-1350, instead in sailed CKDO for a report, my first new Canadian newie this season. 2/23 again on 910, unneeded WLAS with the slogan "The Super Station", H'mm, almost as conceited as Rush Limburger! (WSSJ has been calling themselves the Super Station for years, and from a technical stand-point, they sound Super... Super BAD!-DWS). WCMF-990 on top for a change with rock, not enough for a report. Usually WZZD is tops there in the wee hours. 2/24 Unneeded WKRI-1450 topping that spot, a rarity here. WSBH-1230 was riding atop that crowded channel at 1:48AM. Unneeded WSUA-1260 was riding atop WR7E at 1:56AM. 2/27 no chance for the WERZ TEST as WEZE had non-stop music that entire half hour. 2/28 no sign of the WTXN-1460 test, all WGNA/CKRB/WZNY. That's the way it goes (or doesn't go) so Forward-March!

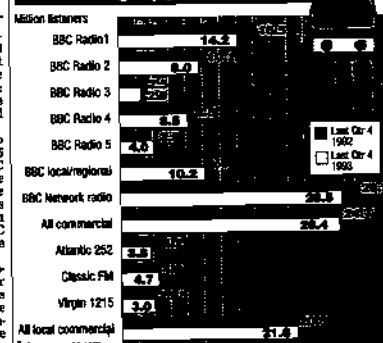

DAVE SCHMIDT - P O BOX 11502 - WILMINGTON, DE 19850
 - - - - - We're still trying to get back up to speed following the bad weather spell in Feb., a bout with some nasty virus/flu/colds and lots of weird after-effects of ice-falling-from-the-towers, which generally destroys anything in it's downward path when a tower defrosts. The highlight of the 3/7 tests was a tentative ID twice on CKX-1150. We've got a certificate to send for the WCEI TEST, thanks to JOE PATTI, and they'll be in the mail in the next few days. Sorry for the delay in getting them out. Now that we're off the weeklies, there is still some good DX to be heard, especially states in the E, during the early morning hours. Make sure you send in your reports to the various columns and let us know of your DX doings! CUN7x2! 73

Radio 1 suffers large drop in listeners as commercial stations begin to bite

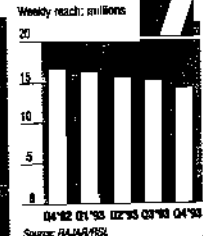

The Guardian - via Peter Weeks

Listening appeal

Radio 1FM

ers last year. Figures for Radio 1 and Radio 4 remained almost unchanged.

BBC local and regional radio, which has seen a conversion to mainly speech content, enjoyed a rise from 9.49 million to 10.26 million listeners.

Mr Green said the 4 per cent decline in weekly reach for all BBC services was the result of a more crowded marketplace and of the transitional phase being experienced by BBC Radio.

The Radio Advertising Bureau said that commercial radio had experienced a 31 per cent swing from the BBC, gaining 35 million listening hours, while the BBC lost 44 million.

Classic FM continued its growth, gaining 423,000 listeners. Virgin 1215, which launched last year, saw a steady increase on the previous quarter, reaching 3,055 million listeners.

Nicky Campbell, is not reflected in yesterday's figures from Radio Joint Audience Research Ltd (RAJAR), which revealed the first year-on-year comparisons under the new research system.

Mr Bamister said he expected the figures to decline further before levelling out. "Any changes cause the audience to be upset. I hope there will be stabilisation in the short or medium term."

Radio 5, which is to be replaced by Radio Five Live, the 34-hour news and sports

network, on March 28, recorded a 523,000 increase in listeners. The BBC said the rise was accounted for by sports programmes including David Millar's Six-O-Six and Trevor Brookings' Football Night, both of which increased their audience by 25 per cent.

Michael Green, deputy managing director of BBC network radio, said sports coverage would be fully protected on the new network, which would build on a weekly audience of 4.075 million from its launch. Radio 5 gained 368,000 listeners.
