From the Publisher ... Want to find out which NRC member logged his farthest and closest new stations in a manner of a few days? Check out DDXD in this issue!

E-DXN continues to be a work-in-progress, but we're still short of volunteers to help out. We still hope to install mail2forum in e-DXN so that the listserv would be replaced by a selectable electronic version, allowing e-DXN members to control exactly which forums they wanted to receive also via e-mail. Members would continue to post in the appropriate forum in e-DXN, and if they wished, they'd receive e-mails from selected forums.

Think of a soft drink dispensing machine: with e-DXN and mail2forum you will receive only the flavors you wish; with [NRC-am] you have been receiving everything, including that nasty red cream soda, whether you like it or not.

Mail2forum is still in the works. What we didn't count on was the human factor. At the moment we do not have a person available who can install mail2forum, nor any other add-ons to e-DXN, for various reasons. We're still waiting for volunteers to step forward to help us out with e-DXN and DXN (see #4, the October 24 issue for a list), and while we're waiting, "holes" in e-DXN and DXN will continue. In other words if you asked for something and it hasn't happened, it's because there's not enough manpower to do it. And as you should be aware, this club runs on volunteer power, not demands.

Now ... the only major difference between the current listsery, which is free to all, and the new system, will be that after December 31 you must be an NRC member to post and receive the e-mails generated by mail2forum. To current NRC/DXAS members, the membership/subscription cost will be \$5 extra; to those who wish to subscribe only to e-DXN, the cost will be \$15. And if you haven't noticed, DXN is now available via .pdf download from e-DXN.

Therefore, we invite all members to consider the different options we now offer, the newest being the .pdf as part of an e-DXN subscription. Those who had called for DXN to be available as a .pdf can now download it for a maximum subscription cost of \$15 (the "stand-alone" e-DXN subscription cost). Furthermore, those with failing eyesight can print out the .pdf version on legal-size paper ... DXN is laid out on a legal-size template and reduced to 59% for printing ... or reduce it to any percentage necessary to fit on a letter-size sheet.

Oh, yes - the paper DXN will not go away until the last person who subscribed to DXN decides to convert to electronic-only form. And that person could very well be me!

Welcome to this new member ... Henry Mittelman, Natick, MA. And a few random renewals ... Kermit Geary, 73 years; Ray Moore, 59 years; Ed Krejny, 49 years.

From the pages of DX News:

50 years ago ... from the November 19, 1955 DXN: It was announced that the 10th Anniversary Issue of the World Radio Handbook was on sale at \$2.00 per copy ... Bill Prater, Grimsley, TN reported that his best catch ever was heard on 10/19 when JOBB-830, Osaka, Japan, was logged with a solid \$-5 to -6 signal from 0418 to 0500.

25 years ago ... from the November 17, 1980 DXN: Ken Chatterton was appointed the new Publications Center Chairman

10 years ago ... from the November 13, 1995 DXN: Mark Connelly staged a loop "showdown" between the Kiwa and RSM-105 loops and added some observations about the Quantum Loop.

FROM THE VAST WESTLAND

- Croatia to Colona, it has been quite a trip for John Wilkins of Colorado! Writes John: "Just a few days after logging one of my most distant stations, Croatia (see IDXD #73-6 Ed.-WI), my Closest Unheard station (175 miles) popped thru this morning on overnight taping (see 1450 below Ed.-WI)." Congratulations, John, on these and other great loggings! And that, you might say, is the long and the short of it!
- The spectacular TA activity of the last couple of weeks has died down, but there is plenty of good domestic DX being heard. We welcome and look forward to reading *your* loggings. 73 Bill

- 567 **IRELAND** *RTÉ* Tullamore (53°17′N 07°22′W) OCT 28 0240 Good; talk program parallel to 252 kHz. OCT 31 0033 Very strong with romantic ballads, a fem announcer, and a man and

woman conversing in English. A consistent station lately and often parallel to 252 kHz. [Dangerfield-PA] OCT 30 0300 - *RTÉ Radio 1* mention, then "news at 3 o'clock with Anne Marie," mention of explosions in India, then a story about a woman killed in a road accident near Cork, the fourth highway fatality of the bank holiday weekend. Strong signal. NOV 2 0153 - '50s-era country vocal; to good peak over Spain. [Connelly-MA]

- 576 **CANARY ISLANDS** // **SPAIN** *RNE5* synchros NOV 2 0152 Parallel 774 with man in Spanish; fair. [Connelly-MA]
- PORTUGAL *R.Renascença*, Braga (41°37′N 08°10′W) NOV 2 2211 Poor, but parallel to 594 with Catholic music and talking in Portuguese. Also heard lately on this frequency both Algeria and Spain, but not too well. [Dangerfield-PA]
- SPAIN RNE1 Madrid (40°28′N 03°52′W) OCT 30 0304 Spanish news; in WEZE slop. [Connelly-MA] NOV 2 2156 Very good with man and woman in Spanish and excerpts from various speeches by men and women. Loudest from this station in a while. [Dangerfield-PA] NOV 4 0400 Excellent; rock vocal into network news. [Conti-NH]
- PORTUGAL *R.Renascença*, Muge (39°05′N 08°41′W) NOV 2 2210 Very good with Catholic music and talking in Portuguese parallel to 576 kHz. Was alone at this time but later gave way to I think Morocco. [Dangerfield-PA]
- FRANCE France Info, Lyon (45°53′N 04°57′E) OCT 30 0230 Fair in mix with pop songs, male and female vocals, French announcements and parallel to others including 711, 945 and 1377 kHz. [Dangerfield-PA] OCT 30 0304 French news; fair over others. NOV 2 0147 Parallel 1206 with man and woman in French; poor to fair, over Spain and probable Madeira. [Connelly-MA]
- MOROCCO RTM A, Sebaâ-Aioun (33°54′N 05°23′W) NOV 2 2204 Arabic preaching by man; good. [Connelly-MA]
- CANARY ISLANDS // SPAIN RNE1 synchros, Santa Cruz de Tenerife et al. OCT 28 0228 Spanish news talk format. Frequently peaking to strong level throughout the evening! [Beu-TX] OCT 30 0305 Woman with ID, "Radio Nacional España, Informativa"; excellent. [Connelly-MA] NOV 2 2211 Good with same program as 585 kHz. [Dangerfield-PA]
- 639 **SPAIN** *RNE1* La Coruña et al. NOV 2 2206 Parallel 774 with fast Spanish talk; poor to fair. [Connelly-MA]
- 648 **SPAIN** *RNE1* Badajoz (38°53′N 06°58′W) NOV 4 0403 Poor; news in Spanish, fading to a weak het against 650 WSM. [Conti-NH]
- 657 **SPAIN** *RNE5* Madrid (40°28′N 03°52′W) NOV 2 0203 Fair; man and woman and *RNE1* news. [Dangerfield-PA]
- **SPAIN** *RNE1* Sevilla (37°12′N 05°55′W) OCT 28 0224 Very loud with men and a woman in conversation in Spanish and parallel to others including very good 585, 774 and 855 kHz. This is the best signal of this season from Seville. NOV 1 2354 Super with man and woman in Spanish. This station seems again to be the loudest of the *RNE1* stations and is showing up early. [Dangerfield-PA]
- 693 **UNITED KINGDOM** *BBC R. 5 Live,* Droitwich et al. OCT 22 0322-0328 Fair with ID, "On 9-0-9 and 6-9-3 AM... this is Five Live," and teletalk discussing Hurricane Wilma and its impact on Cozumel, Mexico. 690 CINF phase nulled. [DeLorenzo-MA] OCT 26 0259 Loud and clear with talk program and parallel to 882, 909 kHz. [Dangerfield-PA]
- TURKEY TRT Radyo 4, Catalca OCT 29 0145 Presumed; alternating Koranic recitations and announcements, loud and clear. Koranic recitations also noted weak on 1062 kHz, not parallel. News at 0200. Not parallel any of the TRT streaming audio channels either, so I'm not sure this was even Turkey. Koranic recitations still going at 0250. Morocco also possible, although none of the other typical Morocco frequencies were active such as 612, 711, 1044, 1053, and 1188 kHz. The 702 and 1062 signals faded after 0300, coinciding with Turkey sunrise. [Conti-NH]
- FRANCE France Info, Rennes (47°51′N 01°30′W) OCT 29 0137 Good; end of news, France Info network ID by a man and woman into music. [Conti-NH] NOV 2 2207 French talk by man and woman; good, over growl from 711.06 W.Sahara. [Connelly-MA]
- 747 **NETHERLANDS** 747AM Flevoland (52°23′N 05°25′E) OCT 30 0308 Dutch talk; slightly over Spanish-speaker. [Connelly-MA]
- GERMANY Deutschlandfunk, Braunschweig & Ravensburg OCT 30 0308 Classical music; fair. [Connelly-MA] OCT 31 0408 Good; man in German then into classical music. This one seems to be the most consistent German nowadays. [Dangerfield-PA]
- **SWITZERLAND** *RSR Option Musique*, Sottens (46°39′N 06°44′E) OCT 30 0309 Emotional French male vocal; excellent. OCT 31 2341 Old-fashioned French vocal; very good. [Connelly-MA] NOV 3 0249 Very good; woman in French and a program of what I would call modern European pop music. [Dangerfield-PA]
- 774 **EGYPT** Middle East Radio, Abis (30°45′N 30°57′E) OCT 26 2340 Clear with chanting and

- singing over and under RNE. [Dangerfield-PA] OCT 31 0002 Fast Arabic talk by man; signal popped up over Spain. [Connelly-MA]
- **SPAIN** *RNE1* synchros OCT 30 0310 Rock music parallel other RNE's. NOV 1 0001 Echoey Spanish news; slightly over Egypt. [Connelly-MA]
- MAURITANIA R. Mauritanie, Nouakchott (18°07′N 15°57′W) OCT 31 2344 Parallel 4845 with Arabic religious vocal, then talk mentioning Islam; fair over CFDR splash. [Connelly-MA]
- 783 **PORTUGAL** *R.Nacional,* Miramar OCT 26 0236 Poor in mix but with pop songs and seemingly parallel to a much stronger 1035 kHz. [Dangerfield-PA]
- 5YRIA Tartus (34°55′N 35°52′E) OCT 28 0315 Clear and alone with Koran at sign on, then man in Arabic. Mauritania had signed off earlier even though on late for Ramadan (SW 4845 was off) and between I had signals from Portugal and Germany. I had verified Tartus, Syria in 1964 when they were on 786 kHz. [Dangerfield-PA]
- FRANCE France Info, Limoges (45°56′N 01°10′E) NOV 4 0220 Good; news/feature in French, then instrumental music, splatter from 790 *R.Reloj* Cuba. [Conti-NH]
- 819 **EGYPT** *ERTU* Batra (31°09′N 31°27′E) NOV 4 0230 Good; speaker and Koranic recitations. [Conti-NH]
- 837 **CANARY ISLANDS** // **SPAIN** *COPE* synchros OCT 30 0311 Spanish talk; in mess. [Connelly-MA]
- FRANCE France Info, Nancy (48°53′N 06°14′E) NOV 4 0237 Fair, well over COPE; orchestral instrumental parallel 792 kHz. [Conti-NH]
- FRANCE France Bleu, Villebon-sur-Yvette (48°41′N 02°14′E) OCT 30 0312 Reggae-influenced French vocal dance music; good. OCT 31 2338 "Let It Be" by the Beatles; good, over Egypt. [Connelly-MA]
- GERMANY *AFN* Frankfort OCT 26 0317 Poor in mix with Spain with World Series. I see the air base near there is going to close so I suppose that means the end of *AFN* Frankfort. [Dangerfield-PA]
- SPAIN SER synchros OCT 30 0312 Fast Spanish talk; good. NOV 1 2152 Parallel 1116 with news interview; good. [Connelly-MA] NOV 3 0228 Very loud and clear with man and woman in Spanish. [Dangerfield-PA]
- UNITED KINGDOM *BBC R.Wales*, Washford (51°10′N 03°21′W) OCT 28 0210 Loud and clear with *BBC* talk program parallel to others and subject to some slop from WCBS. This station really gets out well but I think it is beamed across the Bristol Channel toward Wales and thus gets into the great circle path to North America. [Dangerfield-PA] OCT 30 0313 Talk about "troubles experienced by courageous people 25 years ago who went public about their politics and religion"; fair to good. NOV 2 2212 Rock music, man in English; very good, over *COPE* synchros. [Connelly-MA] NOV 4 0300 Fair; time pips into news, over time pips from *COPE*. [Conti-NH]
- 909 **UNITED KINGDOM** *BBC R.5 Live* synchros OCT 30 0315 "Sports on Radio 5 Live"; to good peak. [Connelly-MA]
- 927 **PORTUGAL** *R.Renascença*, Evora (38°32′N 07°54′W) NOV 2 2214 Music interrupted by apparent Portuguese talk; poor, in tough 930 slop. [Connelly-MA]
- FRANCE France Info, Toulouse (43°21′N 01°20E) OCT 31 2322 French interview; good. [Connelly-MA] NOV 4 0325 Excellent; light French vocal, 0330 woman with news, parallel 792 kHz. Interestingly no signal on 1206 kHz at the moment. [Conti-NH]
- 963 **PORTUGAL** *R.Renascença*, Seixal (38°38′N 09°05′W) NOV 3 2246 Men in Portuguese, semireligious music, Catholic program parallel to 594 kHz. Fair signal. [Dangerfield-PA]
- LIBYA Libyan Jamahiriya BC, Sirte NOV 2 2308 In mix. Woman in Arabic (sounds like it) and North African-Mid East type music. Took me a while to get this far with this station. I had music which I thought might be Hamburg but a check of DXtuners on Hamburg had them with pop songs. So Libya is somewhat tentative so far. [Dangerfield-PA]
- 981 **PORTUGAL** *R.Renascença* synchros NOV 2241 Men talking in Portuguese, semi-religious music, Catholic program parallel to 594 kHz. Fair signal over Algeria. [Dangerfield-PA]
- 999 **SPAIN** *COPE* Madrid (40°28′N 03°52′W) OCT 30 0316 Man and woman in Spanish; good. OCT 31 2323 Music, Spanish talk; over other. NOV 1 2138 Sports-related shouting; loud. [Connelly-MA]
- 1008 **CANARY ISLANDS** *Punto Radio*, Las Palmas NOV 2 0140 Non-SER Spanish talk; fair. [Connelly-MA]
- 1017 **TURKEY** *TRT Radyo 1*, Mundanya (40°21′N 28°41′E) OCT 30 0317 Atop the pack with Middle East female vocal; good. [Connelly-MA]
- PORTUGAL *R.Clube Português*, Belmonte OCT 26 0236 Big signal with pop songs and vocals. If I were some of you guys I might be able to identify the songs! Seemingly parallel to 783 kHz. [Dangerfield-PA]

- MOROCCO Sebaa-Aioun (33°54′N 05°23′W) NOV 1 2302 Fair; Berber music over Spain. Had to wait until WBZ shut off their IBOC before I could get decent audio. [Dangerfield-PA]
- SPAIN SER synchros OCT 30 0317 Spanish newstalk; good. [Connelly-MA]
- SPAIN COPE synchros NOV 2 0138 Spanish talk, music; over UK and others. [Connelly-MA]
- TURKEY TRT Radyo 4, Diyarbakir (37°49′N 40°19′E) OCT 29 0150 Weak; Koranic recitations. See 702 kHz. [Conti-NH]
- unID OCT 30 0320 Rock music; to good peak. Denmark not on 'til 0350 UTC per EMWG. [Connelly-MA]
- 1089 **ALBANIA** *RTV Shqiptar 1*, Shijak (41°18′N 19°28′E) NOV 2 2221 Mideast-sounding music; low growl against UK. [Connelly-MA]
- UNITED KINGDOM *TalkSport* synchros OCT 25 0129 Audio detected. I thought I could hear some English language audio but signal not quite strong enough to be for certain, most likely England. [Beu-TX] NOV 2 0136 Numbers for phone-ins; to fair peak. At 2222 sports talk; slightly over Albania. [Connelly-MA]
- 1098 **SPAIN** *RNE5* synchros NOV 2 2223 Parallel 1107 with echoey Spanish talk; fair. [Connelly-MA]
- 1107 **SPAIN** *RNE5* synchros NOV 2 0135 Parallel 774 with fast Spanish talk by two men; loud. [Connelly-MA]
- SPAIN SER synchros NOV 1 2152 Parallel 873 with Spanish news; excellent. Slight growl from something on approximately 1115.83 (Angola?). [Connelly-MA]
- 1134 **CROATIA** *Glas Hrvatske*, Zadar (44°06′N 15°15′E) OCT 24 0254-0350 Fair with vocal and instrumental ballads, news, in and out. [Taylor-WA] OCT 24 0322 Tentative. Talk by manand woman in unID Euro language, music from 0340 to 0358. Heavy slop from 1130 KWKH made for difficult copy. Good readable signal peaks. [Beu-TX]
- 1134 **SPAIN** *COPE* synchros NOV 2 2225 *COPE* net Spanish talk; over Croatia. [Connelly-MA]
- 1170 **UNITED ARAB EMIRATES** *R.Sawa*, Al Dhabiya (24°11′N 54°14′E) OCT 28 2340 Poor through 1169 het in WWVA null; Middle Eastern music. [Conti-NH]
- SWEDEN *R.Sweden Int'l*, Sölvesborg (55°59′N 14°40′E) OCT 30 2159-2216 Loud and clear parallel to 6065 kHz with interval signal, ID by woman in Swedish, interval signal again, news by woman in Swedish. 1180 WHAM phase nulled. Thanks to Brent Taylor for tip! [DeLorenzo-MA]
- 1206 **FRANCE** *France Info*, Bordeaux (44°57′N 00°11′W) OCT 28 0611 Audio detected of man talking but not strong enough to identify language, most likely France. [Beu-TX] OCT 31 2321 Woman in French, then phone-in; very good. [Connelly-MA]
- 1214.83 **ALBANIA** Fllake NOV 2 2226 Presumed this with unknown language talk; sometimes stronger than 1215 Spain/UK. [Connelly-MA]
- 1215 **SPAIN** *COPE* synchros NOV 1 2158 Fast Spanish talk; over UK. [Connelly-MA]
- 1215 **UNITED KINGDOM** *Virgin R.* synchros OCT 30 0332 Talk "taking our audience through the night," Virgin Radio ID, then "You Can Call Me Al" by Paul Simon; good. NOV 2 0133 Alanis Morissette song; over/under Spain. [Connelly-MA]
- 1251 **LIBYA** *Libyan Jamahiriya*, Tripoli (32°50′N 13°00′E) OCT 30 0334 Arabic talk; fair. [Connelly-MA]
- **SPAIN** *SER* synchros OCT 31 2314 Parallel 873 with droning monotone talk by man in Spanish; good. [Connelly-MA]
- NORWAY NRK Kvitsøy (59°03′N 05°26′E) OCT 25 0205 Fair at best with ballads and minimal talk to its 0239 disappearance. [Taylor-WA] OCT 30 0337 Country vocal, then man in Norwegian; very good. [Connelly-MA]
- NORTHERN IRELAND BBC R. Ulster, Lisnagarvey (54°30′N 06°04′W) OCT 30 0338 English discussion; to fair peak. [Connelly-MA]
- 1377 **FRANCE** *France Info*, Lille (50°31′N 02°59′E) OCT 30 0338 Lush instrumental music; better than parallel 1206 kHz. NOV 1 2201 French news; excellent. [Connelly-MA]
- 1385.92 **GUINEA** *R.Rurale,* Labe NOV 1 2205 Religious-themed talk in an Arabic-related dialect, then chanting; fair to good. [Connelly-MA]
- 1394.81 **ALBANIA** *TWR* Fllakë (40°57′N 19°40′E) OCT 28 2055-2058 Man in Albanian or some Slavic language, probably a religious program, followed by soft, choral music. [Dangerfield-PA] OCT 29 2040 Presumed; preaching in an unID language. Faded before top of the hour. Seemed to be over a second signal, perhaps due to being slightly off frequency. [Conti-NH] Heard here also, Bruce... actually reading it here at 1394.81 kHz, and it appeared to sign off with a few interval signals at exactly 2100. [Taylor-NB]
- ALGERIA Algiers (36°40′N 03°09′E) NOV 1 2208 Man in French; loud, way over Germany. [Connelly-MA]
- 1458 UNITED KINGDOM Sunrise Radio, Brookmans Park (51°44'N 00°11'W) OCT 29 0050 -

- Presumed; music that might best be described as subcontinental urban contemporary, at 0107 a woman with news in English ending with an announcement about the London Underground, then "Rock solid" and a jingle. There was a second UK station with adult contemporary music. Hard to tell what was what through the top of the hour news. [Conti-NH]
- FRANCE *TWR* Roumoules (43°47′N 06°09′E) OCT 23 2238 Good; Reverend Billy Graham's "Hour of Decision" giving mailing address. [Conti-NH] OCT 30 0158-0205 Readable quality (if I understood Arabic) on and off between with pops (female DJ), news (male), and then a Mid-Eastern piece of music. [Taylor-WA]

Ben speaks: It looks like the current TA cycle will continue. The TAs have been penetrating into the interior of the country and that's good news. Signals are showing up well before local sunset and lasting late. I'm not about to list all that I've heard as I know others will be reporting the same stations. My nightly TA frequency count has run from the 60's into the 80's and remember, many of these are multi-station. And while I count some that are just hets - like the 1 and 2 kHz separations in a few cases, most have brought a fair to good degree of audio. October 28 a new one was 783 Syria, heard at their 0315 sign-on. I say "new" but I did verify this station over 40 years ago. The UK stations have been great and also several French and the lower half Spanish. 1575 R.Farda has been in every night although Sawa on 1548 and 1431 not as strong as last season.

TA reception on the low end of the band has been the case of late (the high end being only so-so in comparison) and on Nov 2nd I was getting loud and clear audio from stations in the 500s, 600s and 700s well before sunset. Like 549 Algeria, 585 Spain, 594 Portugal and 621 Canaries. I was beginning to think that my wires were no longer long enough for good low band results. And TAs are coming on the scene an hour to half hour before sunset. Nov 1, there were 26 frequencies noted prior to sunset at 1700. Before I went up to bed I counted 65 frequencies. I just wish I could do better in separating the stations on them. And just as when tuning in Europe, the stations on a given frequency come and go rapidly. So we should never assume that a station we hear on any frequency is always the same one.

Willis speaks: October 25; 612 strong het at 0045, 621 very strong het, S9, no audio, and 639 very strong het, no audio at 0040, 648 very strong het at 0041.

Network listings for team sports stations

Here is 2005/2006 National Basketball Association (NBA) flagship information from the Internet via Ken Onyschuk. I have listed the size of the network in parentheses after the announcers' names. Note that the New Orleans Hornets will play 35 games in Oklahoma City. I have the Trailblazers' network list (via Ward Church) and the Lakers' Spanish Language Network (via Steve Kennedy). Please send me any network lists you may have. This flagship list may not contain information on all of the Spanish language broadcasts. And I am still collecting the National Hockey League (NHL) network lists. Thanks.

John Vervoort - 102 Northside Drive Unit 2D - Madisonville, KY 42431-6158

Well, here I am out in W KY again. The main reason for the move this time was a recent death in my family which has emotionally devestated me a great deal. I could not handle NYC much longer because of too many bad memories. I've discovered that Madisonville is a DXer's paradise for both broadcast radio and TV. I only have 2 locals, WFMW-730 and WTTL-1310. WFMW runs a mere 215 watts at night, and WTTL's night power is just 500 watts. WTTL is slightly more further away from my location then WFMW which is just south of me on US 41. WTTL can be easily nulled out at night. On 10/16 WTTL was running an open carrier only so WISE was easily logged as a result of that. Aside from the 2 locals, the AM band is entirely open here including the 6 graveyard channels at night. In just 14 days and nights of DXing here, I've already grabbed 107 domestics including 18 Xbanders! All of this was achieved without any external antennas or other extras. My favorite logging so far was "daytimer" KYMN-1080 which I caught during a sunset skip session on 10/17. Actually, a large portion of my 107 loggings were caught during the twilight-sunset period when most stations were probably still on their day facilities. On TV, NTSC Ch. 2-6 (VHF low band) is entirely open here which will come in very handy for the spring/summer E-Skip season. (Best of luck at your new location, John, and keep us posted on your DX doings-DWS)

Bill Alisauskas - 105 Schneider Pond Road - Milford, PA 18337

Greetings! Since MUSINGS have been a bit skimpy, I guess its time for a word or two. Hope all enjoyed the convention; a last-minute problem snafued my attendance. Re-intro wise: I'm 57 years old and mostly "on" as a member since 1965 through JERRY BOND's suggestion. I am now living in PA when I'm home. My job has me working all over the country delivering phone books, so I'm gone a lot of the time. Of course, I hear A LOT of radio! A couple of notes: WWLF-1340 appears to be silent, was there for a week, 1340 was empty. Format change for WNNJ-1360 from country to oldies. This comes with the loss for Clear Channel of the lease for WDLC/WTSX in Port Jervic, NY. The son of the founder, Bob Wein, has taken the place back, emphasizing local info and advertising; format is still oldies, but there may be a change. AM will continue to simulcast the FM (for a while anyway-DS). There is also some rumbling about an AM'er for Milford; stay tuned! (Field Measurements for this will start 'soon'; more to come-DS) Guess thats all for now, good to see FRANK MERRILL a couple of weeks ago! Til later, 73's (Thanks, Bill, I will be in touch!-DS)

Lewis Rickerson, Sr. - P O Box 134 - Parrott, GA 39877

Here is my hand-printed report (my son has my computer at college right now). I am a semi-retired radio and television engineer. I presently do engineering work with the TV ministry at my church. I had a great career with GA Public TV & Radio. I first became interested in radio and electronics as a teenager and got my ham ticket, which expired some years ago, but may soon get myself another ticket. I became interested in AM MW DX when my wife gave me a GE Superadio III for Christmas in 1999. When I first listened to the Superadio, I was pleasantly shocked at its level of performance and didn't realize that someone was still making radios, other than expensive communications receivers, that actually have a tuned RF amplifier and adequate RF stages. I recently purchased a CC RadioPlatinum Edition, but it is no better on AM than the Superadio. The only advantage is that I can tell exactly what frequency I am listening to. The disadvantage of the CC Radio are the microprosser clock noise that an external antenna receives and sends back to the receiver circuits and the front end overload and resulting intermod from short wave stations. Please don't get me wrong, the CC Radio is very good on AM as long as no external antenna is attached. And of course, the Weather, FM and TV bands are very good. A few years ago, a friend of mine told me about the NRC and I have been a member for about a year now. I just never knew that the NRC was in existence! Perhaps the NRC could find some way to publicise itself more. 73 (And a big welcome to the NRC, Lewis, and we trust we'll be hearing from you as your DXing adventures continue!-DWS)

Dave Schmidt - P O Box 3111 - Scranton, PA 18505

It's nice to get reports from members I've known for many years, such as Bill, but its also great to get reports from new members also. I managed to scope out the area where I'll be moving to a little more but I should be able to get a couple of wires up and put my MARK CONNELLY Phase unit to the test, with a couple of wires facing west. The noise level is far, far less then here, which I'm happy about! Still no sign of WCDL-1440 as of this writing. Still, one of the more interesting stations I've heard in my travels is WHVW-950, an interesting blen of music from oldies that weren't played that much when they were new to some great 78's in the afternoon with Pirate Joe. Since I work for the people putting on the 1450 station in Milford, PA (in Bill's backyard!), I'll keep everyone posted on this one. It's great to see someone doing something with AM radio; it's still fun! Remember, YOUR reports are welcomed. 73
