RIP: Another long-time NRC member, John Tudenham of Joplin, Missouri, passed away on January 28. John was 91 and was active and in good health until recent weeks. He co-hosted the 1961 NRC Amarillo convention with John Callarman and Jack Hathaway. Our condolences to his family and friends.

DX Tests: WNJC-1360 Washington Township NJ has concluded its January tests but still plans to keep regular DX tests going into February. CE Duke Hamann will post updates on Facebook at <https://www.facebook.com/groups/wnjc1360dx>

From NRC HQ: How would you like a new 2021 WRTH, a US\$49.95 list price book, for \$20 post-paid? (I know it was \$13 last year, but USPS raised the rates again.) This is for USA members or members that have availability of a US mailing address; sorry, the cost of postage to everywhere else is prohibitive! The NRC has 4 copies that will be available through a raffle.

To receive a chance at the drawing, just send a postcard or letter to NRC WRTH Drawing, PO Box 473251, Aurora, CO 80047-3251. We'll draw 4 names of National Radio Club members in good standing (*your subscription to DX NEWS or e-DXN.com must be current*) and notify the winner by phone, provided you supply your phone number. The 4 lucky winners will receive the WRTH after they send us \$20 shipping and handling (and a buck or two for the NRC Treasury). Deadline for your response in the PO Box will be Saturday February 27.

Also please note a change to the pricing for the *NRC AM Log* and the *NRC Antenna Pattern Book* for shipments outside the United States, due to an increase in postal rates. The new prices are reflected in this issue (see pages 5, 34).

From the Publisher: We're continuing to work through our backlog of material for publication and are starting to see light at the end of the tunnel. Please be patient with mail delivery – my *DXN* has been arriving a week or more late here in metro DC.

La Mega Group in Massachusetts & Connecticut Bruce Conti

"I'm on the case. Listening Friday evening, the top of the hour ID on 890 WAMG and 1400 WLLH was for all four radio stations: WAMG, WLLH, WORC, and WLAT, plus FM translators. Listening Saturday morning, tropical music and DJ announcements are the same on WAMG, WLLH, and WORC. I can't hear 910 WLAT at the moment due to interference from my local 900 WGHM which is three miles away from me. La Mega operates like a network in which there are local breaks, as it wouldn't make much sense to advertise businesses in Lawrence MA on a radio station in Connecticut. For example, I caught a local commercial break this morning in which WLLH was different than WORC, and when music returned, they were the same again."

- 1490 KTEL WA Walla Walla – 10/28 2058 – Talk programming, local ad or PSA for Walla Walla, and ID. 529 miles. Relog.
- 1490 KUGR WY Green River – 10/29 0558 – ID: “KUGR Green River . . . the Radio Network”. (Odd slogan, but I've heard it many times on this station in the past). Jingle ID: “KUGR Green River Wyoming” is easy to hear through the slop; I've even caught it from home. 296 miles. Relog.
- 1500 KJIM TX Sherman – 10/29 0800 – Way under KSTP, with CBS News. Listed 500 Watts PSRA. 1038 miles. Relog.
- 1510 KPLS CO Littleton – 10/29 0558 – Religious songs, with periods of dead air revealing KFNN underneath. Slogan “K-plus”, runs SRN News. 482 miles. Relog.
- 1510 KMND TX Midland – 10/29 0759 – Fox Sports, way under KPLS. Top-of-hour ID mentioned translator on 99.5 FM. Listed 140 Watts PSRA. 830 miles. Relog.
- 1520 KKZZ CA Port Hueneme – 10/30 2059 – Male announcer with Spanish-language PSAs for Ventura County, non-ID in Spanish mentioning ‘FM 96.3’, then back to TuDN Radio liner, followed by English AM/FM ID by female announcer and back to Spanish language sports. 439 miles. Relog.
- 1520 KOKC OK Oklahoma City – 10/28 2159 – High school football: Moore Lions @ Owasso Rams. 944 miles. Relog.

- 1520 KQRR OR Oregon City – 10/28 2100 – Weak, but on top of channel, with female announcer in Russian. 618 miles. Relog.
- 1530 KQNK KS Norton – 10/29 0759 – Way under KFBK, with classic hits, ID mentioning KQNK-FM 106.7 and translator on 102.5, and AP News (I don't know very many stations that still air AP News). Listed 500 Watts PSRA. 757 miles. Relog.
- 1530 WCKY OH Cincinnati – 10/29 0004 – Over KFBK, with ESPN programming // KSTP-1500. Noted frequently this year after hardly being heard at all on last year's DXpedition. The following night at this time, there was a noticeable echo on WCKY's ESPN programming on my ENE wire, but I don't know of any other station running ESPN on 1530. 10/30 2059 – High school football playoffs: St. Xavier Bombers @ West Chester Lakota West Firebirds. 1571 miles. Relog.
- 1540 KMPC CA Los Angeles – 10/30 0200 – Variety of music, female announcer, 3+1 time pips almost five seconds late (usually KMPC is on time, and similar station KXPA is early), and trademark cornball ID: “50,000 Watts maximum power!” over Indiana Jones-style music. 413 miles. Relog.
- 1540 KEDA TX San Antonio – 10/29 0558 – Older Mexican music, ID including translator on 99.9, also mentions “. . . part of the Jalapeño Network, a service of Claro Communications”. 1116 miles. Relog.
- 1540 KZMP TX University Park – 10/29 0802 – Faded up over KMPC and KXEL, with older Mexican music, “NBC-style” chimes (the three NBC chimes plus one higher note at the end), usual jingle and “la ranchera” slogans. 1039 miles. Relog.
- 1550 KXEX CA Fresno – 10/29 0558 – Over KQNM, with talk program and ID: “The Central Valley's home for ABC News, KXEX Fresno”. Prior to the format swap with KGED-1680, KXEX had been running day rig 24/7 for years. This morning their level was reasonable, only slightly stronger than I would expect. (Their day rig is a flamethrower in my direction; their night rig is very low power and should throw almost nothing at me, but they have been the dominant station on this channel for many years). 356 miles. Relog.
- 1550 KICS NE Hastings – 10/29 0759 – Multi-station ID (with KXPB-1460) under KXEX. Listed 387 Watts PSRA. 836 miles. Relog.

- 1570 KTAT OK Frederick – 10/31 2159 – Fighting XERF with ID: “Timeless Classics KTAT 15-70 AM, Frederick”. Listed 6 Watts nights (even the day rig is only 250 Watts). 890 miles. Relog.
- 1580 KQFN AZ Tempe – 10/30 2200 – ID including two translators, followed by start of “Arizona Preps 365 High School Football Game of the Week: Chandler Wolves @ Peoria Centennial Coyotes”, sponsored by ‘NextCare Urgent Care’. 398 miles. Relog.
- 1580 KFCS CO Colorado Springs – 10/30 2202 – Regional Mexican music, multi-station ID, jingle and slogan: “Tigre FM, tocando puras buenas”. 501 miles. Relog.
- 1580 KAMI NE Cozad – 10/30 2059 – Local ad for Cozad. Way under KBLA and a station running network news. Listed 17 Watts nights. 756 miles. Relog.
- 1580 KGAL OR Lebanon – 10/28 2058 – Good signal over KBLA, with ‘Joe Pags Show’, ad for local tractor dealer, ID: “The Mid-Valley's home for smart talk, 15-80 KBAL Lebanon-Corvallis”. 594 miles. Relog.

PAN-AMERICAN DX

- 600 **COLOMBIA** *HJHJ R.Libertad*, Barranquilla JAN 27 0059 – Checking for the VOA relay about which little has been seen since first report last September 19 of this way to get into Venezuela without using any short wave. Nothing about this in WRTH 2021 under Colombia, but VOA Spanish under USA shows only 600 site 0000-0200 Sat/Sun, 0000-0300 M-F. Interference from piano riffs likely *R.Rebelde* Cuba, but dominant is Spanish news, mentioned buenos dias, so maybe still replaying podcast of morning edition. No ID for HJHJ on the hour, but 0101 switch to different woman and man with news about USA and COVID; ID in passing as La Voz de América. A Venezuelan MW transmitter was supposedly pressed into service to jam this, also about which nothing further has been reported, but if VOA/HJHJ get into Bonaire, probably also into Caracas. At 0105, "Enlace Internacional" now the program name, but taking a pause for some music. [Hauser-BES]
- 710 **CUBA** *R.Rebelde*, multiple sites JAN 24 0058 – Good. Romantic-sounding vocal, *R.Rebelde* organ theme music, "Rebelde La Habana emisora de la revolución," followed by reverb. Parallel 530, 1180, 1620 kHz. [Knight-CO]

- 760 **COLOMBIA** *HJAJ, RCN*, Barranquilla JAN 24 0058 – Good. Many ads, "Tutti Frutti" ad a couple of times, man with "RCN Radio" slogans in between ads, "RCN Radio en casa contigo" was one slogan. Alone on frequency. [Knight-CO]
- 770 **MEXICO** *XEACH Monterrey*, NL JAN 24 0058 – Good peak. "Radio Fórmula Monterrey" slogan by man, woman talk, promo for fútbol. [Knight-CO] JAN 25 0129 – Full ID, *R.Fórmula*; fair on an evening when 770 was alive; NL #12. [Jeziorski-QRO]
- 770 **MEXICO** *XEANT La Voz de las Huastecas*, Tancanhuitz de los Santos, SLP JAN 25 0104 – Several full ID's and slogan, personal message to listener, signoff in multiple languages ending with Spanish that took nearly 10 minutes, anthem by very unpolished children's chorus starting at 1911; good; SLP #4. [Jeziorski-QRO]

- 780 **COLOMBIA** HJZG Cali JAN 18 0005 – Colombian music, 0006 male and female say "electronica... facebook... La Voz de Dios Cali..." XEXY underneath with regional Mexican music. - 1120 **COLOMBIA** HJGH Bucaramanga JAN 1 1001 – Weak music, then male says "Tropicana. En la 7 con 20 a.m." (per translation from RealDX group) followed by sung "Radio Tropical." Fair signal with interference from XEGTO. Per wikipedia, "A finales de octubre Tropicana llegan las frecuencias 930 AM de Manizales y 980 AM de Cúcuta ambas en reemplazo de la señal AM de Bésame, retransmitiendo simultáneamente la señales originales de sus frecuencias 105.7 y 89.7 FM respectivamente. En Bucaramanga, Tropicana AM llegó a la frecuencia 1120 AM reemplazando al sistema Radio Reloj. Tropicana AM en Bucaramanga cuenta con una programación informativa, musical variada y popular." New, Colombia #25. [Niven-TX]
- 1130 **MEXICO** XECHAP Chapingo, Mex. JAN 27 2321 – Block of jazz music, "Universidad Autónoma de Chapingo," then block of blues, parallel web stream; poor; Mex. #4. I chased this station nightly for a week after catching the Chapingo university anthem (available on YouTube) close to 0100 UTC. The window between when they fade up on skywave and when KWKH crushes the channel is very narrow. Per web stream they start the voice signoff a bit early (~0055), then play the Chapingo and national anthems. [Jeziorski-QRO]

Radio Cadena Habana
EMISORA DE LA MÚSICA CUBANA

Mike Jeziorski comments: After returning to the dials in November, I have become aware of the handful of Mexican AM's that are pseudo-daytimers, signing off around 0100 and often carrying indigenous programming. Recently I have been targeting those daytimers while sunset is still relatively early, and logged five in the last half of January. Unlike many other XE's that are on networks, these indigenous stations give a true feel of local programming, something that is difficult to find on the AM band these days. A particular pleasure was hearing 770 XEANT, before starting its long signoff, mentioning a listener by name and telling her that someone in Monterrey needed to get in touch with her. The XEANT national anthem sounded like it was sung by a kindergarten class that had never sung the anthem before.

Wayne Heinen – Aurora CO

My log moved from 523 to 540, I need 98 away from the 2019-2020 total of 638. Picking up with some that made it into this year's log. Started on the evening of 11/29 at 1900 out of oldies "KDRI ... 101.7 FM and AM 830 is The Drive Drive time" Taped the call change last logged as KFLT. Later on 1590 at midnight a brief KWBG call ID was heard just under KVGB. 11/30 on 730 at 0600 "You're listening to KWOA Worthington..." surfaced over CKDM, last logged in 2005. Then at 0800 "AM 540 KWMT Fort Dodge" to Fox News - Tape added to the collection as they powered up. This was last logged down in Colorado Springs back in the 90's. SS music as heard topping WGN final ID'd at 0802 "KSAH" in accented EE "Norteño FM 104.1" "La Estacion de la Raza" and mentions of San Antonio. Later that evening XEB-1220 surfaced under local KLDC with SS Talk and XEB calls at 2200. 12/02 on 1260 Out of Ricky Nelson's "Garden Party" to station ID KKOO Weiser, a translator in Boise and "101.5 KOOL FM" slogan Taped call change (ex-KTRP) Locally, KEZW-1430 has dropped NOS/OLD for Sports carrying Entercom's new BetQL network and CBS Sports. Seems to mean just a little less adjacent channel slop over. Denver is rather sports heavy on AM already with KKSE-950 Fox Sports and KEPN-1600 ESPN and many local sports features on KOA-850. As I was finishing up the columns for this issue, I reviewed lots a tapes for the morning of January 31, specifically 1230 KHz looking for any sign of the KCUP DX test. No such luck with that one. Only on Graveyard station from Oregon, KQIK Lakeview back in 1980 when the now defunct station had a regular frequency check. Enough reminiscing for now Till next time 73 & Good DX!

Unreported Domestic Stations

Only one station was reported to DDXD this issue for the first time since at least Volume 67 (1999-2000): WNLA-1390. That leaves 269 stations (not counting LPRT and HAR/TIS stations of less than 100 watts). in the United States and Canada not reported to DDXD at all during this period. Can you log and report one for next issue? The most recent list was published in issue #1 – if you'd like an updated list by e-mail, send a request to the publisher at NRCDXNews@gmail.com.

Barry Finkel, 10314 S. Oakley, Chicago IL 60643-2409, bsfinkel@att.net

Here is National Hockey League (NHL) flagship information for the 2020/2021 season from Internet searches. I looked for networks, and below are all those I found. As many sites had no dates, I have no idea if the network lists I found are for this season or for a previous season. If a list was different than the list I downloaded last season, then I treated the list as new for this season. I am not sure that I have all of the foreign-language stations correct.

Please send me any additions and/or corrections that you find.

a It appears that 570 KLAC is not broadcasting the Los Angeles Kings' games; the games are broadcast via an iHeartRadio app.

b All of the New York Islanders' games will be broadcast on 87.7 WRHU-NY. Some of the games will be broadcast also on 103.9 WRCN-NY, 1050 WEPN-NY, and 98.7 WEPN-NY. I am assuming that 98.7 WEPN-NY will not carry the Islanders when there is a Rangers' game. <https://www.nhl.com/islanders/multimedia/radio-schedule> has the schedule of which stations carry which games.
