Dear Member:

I am very sorry that we should be so late in getting out the convention news, but as all of you know that the wife has been very sick and a few weeks ago she was moved to the Hospital and I was not sure as to how her sickness would turn out, so I had to hold up all news on the convention until this date.

A little news about the convention, word has just been received here that Randolph Hunt will arrive in Buffalo New York August 28 to pay Ray Edge a visit and will be in Erie for the convention. Leo Herz Eldon Addy and party will be down from Chicago also. Also had word from our Old Friend Arthur Brackbill saying that he might be here this year, and we all will welcome Art. Word was also received from Charles Black York Penna saying he is planning on a trip down this way. We haven't mention anything about the Cleveland or Buffalo Boys, Dick Cooper Joe Becker, Grant Batson or the three Horse's you know who I mean. New faces at the Erie Convention will be Walter and Ruth Butts of Worthington Ohio, we also heard that Matt and Zana Kndle of Chicago will attend, I only hope that all the Chicago boys and gals attend, as they are a real bunch of DX'ers, how about it Gail OM. Hi. Heres some news we expect several SWLs from up around Painsville Ohio, this word comes from Willis Richardson Secr., of the Painsville Radio Club.
