WGIL-GALESBURG, ILL. Mr Dale L. Emery, chief engineer wrote Air-mail Special that he had been asked to check on Dec 24th instead of the 25th last month as schedule. He is anxious to do this months show for us as he would like many reports. So remember Friday morning Jan 22nd from 4 to 4:20 AM EWT and not 2:30-3 as published in last weeks bulletin. Now that WMBR has given up broadcasting all night we dont anticipate any trouble in hearing clearly this frequency check program. Lets all send a report-lets do better than we have been. Remember we've got to make up for the boys in service, so please do your part. After all the program is for you.  
Arranged by E. Cooper.

KFUN-LAS VEGAS N MEX. This station will definitely be on from 3:00 to 3:30 AM EWT January 23rd. It is almost certain they will dedicate to us. Time doesnt permit another exchange of letters between Lakewood and Las Vegas but Bill Gabriel tells us that Mr E.N. Thwaites, manager of KFUN is much interested in DX reports and in DXers. Also, he used to live in Lakewood. The first 5 minutes 3-3:05 should be the easiest to hear for WITH has a news period then. The portion of the program from 3:15-3:30 is KFUN's regular 4th Friday frequency check. They may stay on till 4:00AM. Address your reports to Mr. E.N. Thwaites, manager KFUN, Las Vegas, New Mexico.  
Arranged by Wm Gabriel Jr.

KGVO MISSOULA, MONT. Mr. Wamble the chief engineer wrote saying that they will not be on for us January 31st. The manager og KGVO is all het up about a new site for their Xmitter and Mr. Wamble will be busy for the next couple months, but wants to announce that he is very, very sorry and he will go on for the whole NRC Gang in 2 months. Wm Gabriel Jr.

TIPS and LPO REPORTS

January 16 1943

ERIC BRISTOW-CHICAGO ILL. Say Jack I may be a lucky cuss in some ways but I am still looking for that over due VERIE from WTAM-Hi-Hi. I have the following in for the contest, WJEJ a new one and WOR-wmL-KFBK-KVOR. I have a card from CFRB which only verifies daytime reception, at night is taken over by CFRX on 6070 kcs. (Its not 500 miles from Chicago-Ray) I heard the following new ones, WRLC-WABY-wmOB-WMBH-WMIN-WGL-WSLB-WFTC-WHBY-WLBC-WORD-KVOX-KFPW-KGER-KIUP-KTOK. (Nice going Eric)

FRED VAN VOORHEES-KANSAS CITY MO Still cant get into the swing of things but I did get a bunch of follow-up letters written. Was up only on Sunday morning and logged only WJW. Say, can anyone tell me how I can get WKBW. I still need them in my log. (Say Fred you arnt kidding are you? WKBW is on 1520 kcs and all night-Ray) 50,000 watts too-oo

LEFTY COOPER-BROOKLYN N.Y. One more verie in, WLOF explaining their announcer forgot what he was doing and gave the s-off message at 4:15 instead of 4:30 and played the National Anthem with the c.e. Jenkins calling the studio frantically on the phone. They do finish their test usually at 4:15, anyway the announcer didnt answer the phone until s-off message was finished so they had to sign then instead of 4:30. Not much doing here as I have had the Grippe. 1/7 9 Europeans hrd between 2:30 & 3:30 my log book is about 3 years old so here they are, correct me if I am wrong, 904-Hamburg; 913-Toulouse; 995-Hilversum; 1077-Bordeaux; 1185-Nice; 1195-Frankfort; 1385-??? (could be either Konigsburg, Ger or Hal-singborg, Sweden as both are listed on 1384kcs -Ray) 1393-Lyon; 1474-Cleveland. Also heard KTHI-W300-WLBJ test as reported in Kilocycle Komment. WHYN stated on card they definitely would test 1st Thursday from 2:30 then they didnt show up. To FRANK WHEELER-I have 1,011 verified stations and I keep no heard log. To BILL HERMAN-I know you, you play second base for my DODGERS. (Sorry to hear you were ill, hope your better now)

FRANCIS GEBLINER-WINDSOR ONT. I have converted my Howard 470 over to 25 cycles using a Rogers power supply which isnt strong enough to run the amplifier section so I use fones quite a bit of the time. Am using bed springs for an antenna. I dont know how much longer I'll be here. Had word from my draft board yesterday that I would be deferred until after Feb 1st but I dont know how much after. I'm 1-A as it stands now. I will notify you when I change my GRA. No slow up of bulletins, here every Monday morning. I've just completed a log book derived from several sources plus the NRC which seems to bring it up pretty well to date. I had quite a time broadcasting over CKLW on the college radio show. They have a nice layout there. Joe Gentile puts on a show every AM from 6-9:30AM, remember he used to run the alnite record show? CKLW is on from 6AM to 4:30 AM. WJR is on from 5:30am to 5:00AM-23 1/2 hours a day and they test every Friday at 5:20AM for 5 minutes. Thats all the dope for now except the only verie received since I've been here is one from W45D the fm station on 44500 kcs in Detroit, (well Fran it was swell to hear from you, hope you were home for the holidays as thats where the bulletins went for one week. Glad to hear that they are arriving OK in Canada. Best wishes-Ray)

JOE LIPPINCOTT-CELO N. CAROLINA. Have now heard 199 stations on my 6 tube battery set from here. DX-Jan 5th, KLO at sign off 2:15AM; KWON R7-8 XESM at 3AM; XEMX at 3:18, station on 1360 at 3:30, who was it? 1/6 KFEL at 1:30 didnt sign off then; XEMC on 1590 at 2AM; KLO again a little better than previous day. Station on 1430 at 2:22, who was it? Then to a great surprise Radio Lyons on 1393, never expected a TA on this set and from here. It was R7 1/2 better than KEkN and KmO hrd just afterward. KmO signed at 3, expected to hear KGB but didnt, KmO was new one for me. Never even hrd it on my big set. Latest veries WBAL-WGSt-WTIC-WOPI-WFLA with EKKO stamp-WTMA-WALB and that is all though I have 26 reports out just now. (well Joe its also swell to see a report from you, I remember seeing those swell TA reports a few years back-Ray)

BILL GABRIEL JR-LAKEWOOD O. Not much listening here, reports out to KVGB WALL for some time (better send a follow-up card Bill, I had to-Ray) WBTH CKMO-KEVE-WATW-WAIM-CHEX-WTSP. None of these too recent. VERIES in from WHIT-CKRN finally-KRIS-WDOD with long letter-WLOF-WSTV-KTOK-WNBF all letters. Cards from KFUN-KATH-WSOY all fb. Oh yes, nice letter from KTUC and signed by C Livingston Ch. Op. Have contacted them for a program too. WDOD came back later with a nice Xmas card showing station and lo and behold, XEH sent a beautiful New Years card passed by censor. WNBF-WSTV-WCMI-WKWK were all hrd around New Years with flood reports. Reception wasn't good enough to hear KWRC but logged CHEX R3-9 (4. Following are a few comments of the Frequency Data. (Sorry Bill but I overlooked these when setting up that column, you will also not the heading changed, I see that the Victory News has a column under that title of Kilocycle-Komments and they used it first, something that I over looked so I have changed our column, makes no difference just as long as items can be inserted under some heading that will separate it from the reg reports) I will insert 2 of them as they can be used this week, the other 2 will be included next week. 1230 WAIM hrd test 4th Mon 3-3:15 AM EWT and Allan Doyle eng signs - 1340 WSOY also on 4th Fri 3:30-4 AM

JOE BECKER-HAMILTON O Reception has been very good of late but there has been nothing new on for me. Tried for KOVO 1/12 but too much WJW, hope they move to 350 soon. KLS must have 2 stations, one on 1310 and the other on 900, one is Cigar Box Review and the other midnight Rendezvous. (Are you sure that the one on 910 isn't KLA? No reply from CHEX and the only report out to date. Have reported to all stations dedicating to the club and I really got some swell letters from them. Generally all stations are well pleased with the reports they receive especially from the NRC members. No luck on hearing WTTM on Sundays at 7:30 AM. Seems to be a strong Cuban on there then. KWKW went on the air regularly on Sept 12 1942, thought I hrd KWRC but guess I was all wet. Did you hear WLBK on the 7th dedicating to our club? I sent a 26 minute report, and didn't know that they were going to be on. (No one else did either I guess-Ray) Also hrd WJWC on with story about the Bowling Alley fire. Very glad to see so many contributing to the Service Members Fund and hope eventually all of them will contribute something no matter how small, all helps. 1/13 Heard a station on 1340 kcs this am which may have been KPRE, there was a gang on the air for freq checks, hrd WCOV-WCOL-KALB-KKIC-WSAJ-WGAC WKOK-WBIR and several others. I stuck around long enough to hear KBUR & will listen again when they are on for the club in March.

NORM MAGUIRE-ALBUQUERQUE N MEX. Had a fine time back East and hrd a lot of new stations that were not on the air when I was here before. However the best DX was in the form of tuning in those TAs again. Boy it sure reminded me of those mornings in Bethlehem, Pa when they used to be all over the dial. That and a friend of mine with about all of them verified and me with none. Was too lazy to report them and I was after the SAs and I guess that I will always regret not verifying them. Reported to ZNS-WJLB-WSTV-CFCN-KXOK-WAOV-WKAR. Seems funny to have had to go back East to hear KXOK, well but I did it. Also reported to WTMA-WNAB-WISN WISH-WIBC sent some more out to Indiana. Also hrd WTTM-WDHH but no reports to them. Reported to KWON on fine special and also WIP, about the 10th to that one. Logged 6 Costa Ricans-2 Columbians-2 Venezuelans & 1 Argentinian. Too much trouble to copy Spanish. DX was sure good but there was too much interference due to near-by defense plant going 24 hrs day. Veries in from KPAS-WISN-WIBC-WISH while back here. KPAS was unsigned WISH by Stokes Gresham Jr; WIBC-H E Adams c.o.; But KPAS QRA is Pacific Coast Broadcasting Co., 1401 S Oak Knoll Ave-Pasadena, Calif. Weather in the East was rotten, about 10-15 below for a week and snow and more snow. Boy now that Sunshine felt back in New Mexico.

## NATIONAL RADIO CLUB DX NEWS

BCB Page 5 \_\_\_\_\_ TIPS and LPO REPORTS \_\_\_\_\_ January 16 1943

JOE ENZ-BROOKLYN N.Y. CHEX came in fine for the club on their DX. Veries are slow in coming in. I heard three new ones. WSUN-WOOD-KVFD banging in, R-9 in Ft Dodge Iowa at 2:35 AM EWT on their FCC check. The station behind WEXL on Xmas AM was not CHAD, it was CKCV as I hrd the sign off at 5 AM. KVOX faint behind WEXL on 1340 on a FCC check at 4:25 AM, all I could get was OX ?? New Mexico, not enough for a report tho. I wonder who was on 540 kc Sunday and Monday all AM. I listened over an hour but gave it up. WJW is a 24 hour station also a Mexican is raising the devil with WNOE. Expect to move to Long Island this spring, hope to be able to get a good DX spot. DX is funny at times. I have found living in Wantagh L.I. KDKA and WGY come in better than NY stations.

GRANT BATSON-WESTFIELD N.Y. Only 1 report the past week to KELA, card signed by Ellwood Lippincott c.e., any relation Joe? Reports sent to 1/6 KICD-1240 testing 3:23-3:44, nearly cleaned out WJW. 1/9 2nd Sat KIT on 1280 6-6:15 Q4 R9 on clear channel, never hrd this one before. 1/10 pm 900 kc CKBI at 2:05-2:14 at sign off for a Q4 R-9. Sunday AM at this time seems to be the only time to get this one as XEW soaks up that freq to s-off at 2AM. 1/10 KWJJ on 1080 2:16-2:35AM Q3-4 R5-7, WBAL and KNX inclined to overpower them and weaken their signal. Also CBA-1070 kcs at 12:27-1:30 DM for daytime distance Q2-4 R 6-9, does anyone my distance away get this one days? (Kenny how about it?) VONF covered up ZNS, that station hrd as early as 8PM to 10PM sign off. Who leaves carrier on 550 nights? (Well Grant that is KFYR-Ray) Early Sunday AM picks on 1380 and 1390 kcs, any one know who they were? They are not US stations. Yes on 1240 Jan 11th who was French station 5:30-6AM, might be in Quebec.

JIM WEDEWEH-DYERSVILLE IA-WASHINGTON D.C. Got you mixed up with your home QRA Jim. Very little DXing done on any bands lately, but here is a little news. Latest veries are KLCN-KGW-KTOK all out for several months. KLCN verified on self addressed postal and was for daylight reception. Will send in a contest report to Kenny soon. HJCU over rides WGN sometimes here evenings. No late reports out. Glad to hear that CHPS and CJFX are going to DX for us. I wont miss them if I can help it. How about DXes from CFNB-CHSJ or what is best time to hear them. (CHSJ on 1150 kcs in on in clear at 6AM EWT each week day) Havent hrd any TAs yet.

DON MEYER-BOSTON N.Y. Didnt wake up for KWON for the 3rd time. Havent woke up for DX before 4 AM since 12/5 any way. I get up at 4AM but crawl in before 9:30-10PM so sleep fast. Have caught quite a few on barn set generally dont have time to copy. 1/6 KWBN on reg check; 12/5 WSNJ reg check 5:45-6 on 1st Mon of month. 1/9 KLPM on reg check; 1/10 WBAB on sign on; 1/11 KFPW test at 4:30; KABR on reg check; 1/12 WRRF testing & WHBY on reg check. Recent reports to WHLD-CHEX on special-WGST-WBBA-WPAB WSTV on a note for flood-KXEL-WTTM-WSNJ-KLPM-WNOX-WBAB-WBFA-KABR-WHB and veries from WHIT-WLIB-WGBC-WDBJ-KXYZ-WISR-WGST-WBBA-WSTV-KXEL & cd WHDL

HERB CAMPBELL-ATHENS PA Verie rec from WLOF, Unusual in coming back with wx and interesting in explanation of why the program was not longer. Up too New Years this seasons veries are WNBH-WHAZ-WTRY-WBBA-WGNY-WKNY-WMAN CKRN-KWAL-WHIT-WALL-KWON most of which are NRC Specials on which I largely depend. Always have taken a leisurely pace in the game for I am just in it for fun. Here are some statistics which I compiled about my veri results. Of correct reports, SW Broadcasters verified 73%. Foreign Hams 59%. BCB 91% and best of them all the old High Frequencies AM stations came thru 100%. I think they were best sport of all but the old BCB proved pretty safe. (OK Herb-Dont think it would have went on a card-Hi)

AL BARTHOLOMEW-BRADFORD N.Y. See that you caught KOWK. Only 1 verie in past week, a 2nd from KWLK. Still waiting for WALL. Guess a follow up is in order. Havent DXed in nearly a week, have a touch of grippe, Letter came back from CJMH, marked no such station in medicine Hat. Have to cross that off. Dont forget WTCM special. KROY on 1240 kc easy on Mon AMs.
