DXes from WFGP & WISR are not positive at this time but listed anyway. All of the above DXes are eligible for double points in NRC BCB Contest if verified on the dates as they appear above.

CJEM-Edmundston, N.B. Here is that station, formerly CBAM, which we were all trying to hear a couple seasons ago, on the air with a big 2 hour DX Program for all clubs. We plan to have a good many of our Canadian friends on the air with DX programs this year, and this will be the first, and one of the best. The channel should be clear after 3AM coast to coast and this station will look good in many logs. So---everybody up and everybody send in a report. Please address them to Mr. Magliore Cagnon, Program Director, who OKed this program. Arranged by Bill Stone.

CKCH-Hull, Quebec Some of us may remember back a few years to the good old days when CKCH used to broadcast DX programs. We welcome this station again to the ranks of the DXing stations and the program will be dedicated to all DX Clubs. We have just learned that U.S. Army station WXLQ in Bermuda is on the air on this channel at that time, but they began to fade out about 5 AM or so which should give CKCH an easy time being heard by all of us. Dont forget those reports, fellows, and they go to Mr. Raymond Benoit, Directing Manager. Thank you Mr. Benoit and thank you Bill Stone for another fine DX Special. Arranged by Bill Stone

WATN-Watertown, N.Y. Well boys this time WATN will be operating on its pre-war rate of power, full 250 watts and Mr. Richter would appreciate many reports. This program will be dedicated to All DXers including those of the National Radio Club. If possible compare this report with Sept 29th.

 1470 WMBG Peoria, Ill hrd 10/14 3:40-4:20, then hrd ZESM loud. (Johanns)
 1480 KG CX Sydney, Mont f/c 2nd SAT 3-3:30, if conditions are bad they check
 then also on 3rd SAT 3:30-4AM. vs Quintin V Prochaska, ce (Horton)
 1485 Singapore has station here. Dont know power. (Thompson)
 1490 KPLT Paris, Tex had f/c 10/10 5-5:30 AM (Gerrard)
 WKVY Charleston, W Va checks 2nd WED 4-4:15 (Lefty) acc to Bill Stone)
 WKIX Columbia, S C To you boys who are waiting for veries from this
 station here is NEWS. Miss Betty Freeman formerly of WISE has
 been married and is now Mrs Mackie Quave. Betty and her husband
 are now announcer and control operator at WKIX. This info from
 Harold Green of WISE in a swell letter to Ralph Johanns. (The only
 trouble is, Betty never answered Ralphies reports from WISE) So
 we will give her the benifit of doubt, maybe she was Honeymooning.
 1590 WALB Albany, Ga test 10/28 2-2:15, A W Pratt, ce. Albany Thea Arcade.
 1600 WKWF Key West, Fal tested 10/12 at 1:20AM. (Lefty) / (Johanns)
 870 JOAK2 Tokyo, Jap hrd 10.12 4:37-5:05 EST. (150KW power-FCC) Wilkinson-NNRC)
 1010 KSAI Here is complete QRA- KSAI-Saipan Radio, Office War Information,
 % G H Chapman G-2 HQ W.P.B.C. APO 244 % P.M. San Francisco
 Calif. (This info phoned in by Nichols-NNRC)

For Veries etc write Mr. Bradford Smith-US Information Service-P.O. Box 3740
 Honolulu, T.H. OWI veries can be rec via the above office. (I imagine
 this for Army Stations in Pacific) info by Carl Horton.

NEW STATION info by Nichols-Kruse-D Cooper

- WMBC Macon, Miss, Miss Broadcasting Inc (either on 1400 or 1450, check-Pop)
 WPIK Alexandria, Va had permit to change Xmtrs so maybe not on air yet.
 1340 kc _____ Norton, Va 250 watts Blanfox Radio Co Inc.
 1450 kc _____ Oil City, Pa 250 watts share with WSAJ.

Below are some changes as listed by FCC-etc, dont know when they will take
 place but evidently these changes will be made in near future.

- | | | | | | | | |
|--------|------|--------------|--------------|---------|------|----------------|-----------|
| 550 kc | CHLN | # Rivers | from 1450kc | 1150 kc | CHLP | Montreal Que | from 1490 |
| 680 kc | CKGB | Tammonds, | Ont frm 1470 | 1220 kc | CKCW | Moncton NB | from 1400 |
| 900 kc | CHLT | Sherbrooke | Ont frm 1240 | 1350 kc | CHGB | St Anne de la | |
| | CJVI | Victoria B C | 1480 | | | Pocatiere Que | from 1230 |
| 920 kc | CJCH | Halifax, N S | from 1320 | 1470 kc | CFOS | Owen Sound Ont | fm 1400 |

So boys be on the watch for the above changes. CJVI has already changed.

NATIONAL RADIO CLUB DX NEWS

Page 4 _____ TIPS and LPO REPORTS _____ October 20 1945

BOB SPENCER-BUFFALO N Y A couple of veries back, CBJ and WATN to start the season off. Reports out to a few, WKLA-KOTA both very good here. KOTA's directional antenna is very effective as they were just barely audible, impossible to copy before 2AM, also WSM and I need a lot of 50 KW ones yet. Also to WKAQ who were told not to verify as I just wanted them to know I heard their test. We had a strong gale here about a week ago and I find that I no longer have an outside antenna. Well it was a makeshift affair anyway. Next time I will try to get a ladder and really put up an all copper wire from point of house to garage if possible, if not will use an inside copper strand 40 ft doublet, leadin off center. If I do not get to drop Dick a line, here is my ideas for the log. If possible the paper should be so you can write on it in ink and not soak thru. I like the idea of a separate sheet for each freq and suggest some spare space left for remarks on each one. Any up to date list you put out will meet with approval here.

ARNOLD GERRARD-MIAMISBURG O Two nights at the dials the past week resulted in the logging of ~~KPRG-KWBR-KPAS-KPLT-KOCY-KRIS-KWRC-CJVI-KGMB-WGGA-WGAU~~. Verie in from ~~KTYW~~ by W F Howe, ce; KTNM f/c is 2nf THURS 3-3:15, vs Lloyd Spencer; ~~Clyde L Walkden~~ at ~~WWPF~~ writes they have f/c the 4th MON 1-1:30 The only time on air after MDT. Other recent veries are KVOP-KFUO-KTMS-WEEI-WMLT-KOVO to make total 818 with 16 reports out for Oct. On 10/14 hrd KRIS s/off at 3:05 and WGAU was on with test at 3:30; CJVI was coming in strong at 3 to 3:30 and at 3:45 picked up KGMB for the first time after many a try. (OK Arnold, but is CJVI CST or EST?? Would like to have all the boys list their times in EST so it would all be the same-Pop)

HOWARD KEMP-WATERBURY CONN Not much to brag about but here it is. WBTA & CJBC on reg sked. Waterbury merchant has applied for a station on 1490 kc with 250 watts unlt'd in Danbury, Conn. Will try to keep you boys posted.

S/SGT AL MALEY-HIGHLAND FALLS N Y On 10/13 TIEP at 11:57PM; 10/14 WROK-KGNC s/off at 1AM; KILO 1-1:07 s/off; KOMA in clear 1:07-1:30 s/off; CMBQ at 1:46; KWSC 1:55-2:30 and R-8; XESM at 2:15; XEMX at 2:30; CMHB testing on 1410 at 2:45-3AM s/off. WHO WAS on 1290 kc around 3:25 AM?? KGVO?? WNHC hrd s/off reg sked 5:45PM on 10/14 covering up WLS. (He Al I think you mean WHNC-Pop) WCOU like local on 1240 at 5PM on 10/14; Reports out to KOTA-WLAT-WSAP-WOAI-WMSA-KTNM-WJHP-KGVO-KOMA-KWSC-KILO-WHNC-XESM-CMBQ-HJAN-TIPG-CMW-CMCD-CMJK-CJCH-CMCK-CMHB. KFBB hrd from 1:09-1:30 on 10/14 but HJAK made decent report v'impossible. WFAS wont DX for us because Manager doesnt want to overwork busy staff. WXLQ also heard plainly on phones.

STAN MORSS-BRADFORD MASS Reports out to WJBY-WBML-WKLA-on NRC DX-WMBO-WFIG-WSAV-WHA-WRDO. Veries in from WBAC-KWSC-WBML-WATN on NRC DX-WRDO-WKWF. On 10/12 WFOY was testing and rebroadcasting another station-WWDC, never hrd this done before. At 3:18 WBLK testing and an R-8. 3:22-3:30 WSAV breaking thru everything on 1340; WFIG an R-9 at 3:50-4; They also over all others. WHA much stronger than WAAT at 4.

SID STEELE-LOUISVILLE KY Finally got under way in DXing with a report to KOTA on their special on 10/6. Also ran into WMGA on same morning at 3:45 just concluding a test program. Was enough for a verie which took only 5 days. 10/14 WGAU logged for a new one testing at 3:45. Seemed like a good morning but nothing else new and different seemed to be on.

CARL HORTON-ATHOL MASS Am waiting for a new set and expect it within a wk or so, then you'll get some reports. (OK Carl we will be looking for them) Am now using a Comet Pro & Howard 430 and DX just isnt coming in. Conditions very poor here. Hrd WAGE at 1:28 AM today for just the announcements, then KTAR blotted them out entirely. Tried FCC checks but no luck to date. (Carl I have written FCC in regard to their resuming checks, but to date no answer received, but it is believed they will again start them-Pop)

REMEMBER OUR NRC BCB CONTEST. GET IN BEFORE END OF MONTH. SEND 25¢ FEE NOW.

BOB BUGGAN-MACON GA Have recently logged KONP-KOAL-KFRE-KTNM-KTUC and abt 40 other new ones for my log. WMSA-WLEE-WKWF and this AM KABC(680). Verie signers are WLVA John T Orth; WIL-Edward Goodberlet, ce; KNET-Bill Laurig; WHBY-G E Merkl, ce; KVFD-D C Sinclair, ce; WAIR-L C King, ce; WJNO-O C Wright; WKAT-J L Prosser, Gen Man; WHBU-Carl Phleger Jr; KGNO-Ralph Hickman; WSPB-J E Grant, ce; (ex W9GIO-W5JUD); CMBQ-Jorge L Cuervo, Admtr; WJW-W E Scholz, Spvsr; WABY-Beuel Richards, asst man; WHBB T F Kenny Jr; KWLC-Marilyn Eit-trein, Asst op; WHB-H E Goldenberg, ce; KOVO-Parley Rasmussen, ce; WSSV-G W Tomlinson, ann; KSO-F E Bartlett, ce; WDAN-T G Magin; WSAU-R W Richardt; I logged KOTA-WKLA on DXes; WLEE s/on at 6AM. My log is now 353 veries and 583 heard. WNEL easy, at s/on 5AM; Am using an RCA R-28 with 5 tubes as my set is in shop for fewxdays. Listed vc because I never seen em before.

PAT REILLEY-JAMESTOWN N Y I want to thank all the boys who voted for me for the Board of Directors and I've finally decided to do a little DXing in spite of a bad cold. Have reported to KVOP-KWBR and to WKLA on their DX. KALE can be caught on 1330ckc with news before 3. How many on 1340 today? Just catch a whistle that no respectable dog would answer to. Ont 9 WIOD on 610 at 3:55; WJMC on check at 3:30-3:40; WFOY 3:40-3:50; 10/10 WINK testing at 3:53 and the west coasters were good. 10/13 Cold better so I DXed, WENT-WBAC and WFEB caught for new ones on 1340 kc between 2 and 2:30; XERB on 1090 with organ music till a little after 3 s/off; KVOP verie back. Paul Garwood the ce of WKLA pitched for 1944 Batavia Clippers of the Pony league. (Pat Garwood is not the ce-Pop) 10/14 shut alarm off. 10/15 WLAY most all AM on 1450; WMBD testing at 3:30; WASK-WBRW-WORD checks.

JOE BRAUNER-WILLIAMSVILLE N Y New stations logged since last report, WMSA testing most of morning 10/11. N&t hrd since. KALL on reg sked 1:30-2:05 AM; WXLQ and WKVM. Missed out on both WENT and KOAL (Me too Joe) WKVM hrd on 10/15 3:30-4 checking with RCA. On 10/13 missed WENT, hrd WFEB with a strong signal at 2:20 on f/c. Too much static for KOAL, no luck with KOVO either and KVAN barely audible. Looks like WJOL is out now with WBRW coming on at 6AM and is my chances of getting WNHC at 6:30. One new verie in from KWBR's fine letter.

DAVID THOMAS-PROCTORVILLE O If you look over past 3 years in your NRC bulletins you fellows will notice that in 1942 I said that for next 2 years and maybe 3 the Europeans would be the best on 10 years--this statement proved itself as the reports all show on TA during the past 2 years--now here is my finding for the coming season and part of 1947. The Europeans will drop way below the reception level of past 2 years--but the TP will reach the same level or thereabouts as in 1932-33. TP will be well received during this and next winter, and the ratio for this will be 8TPs to 2TAs (Said be about 10-1 on TRs over TRs last year and that was almost on the head) Put these figures down somewhere and see how far this is off. Reception here has been hot during past 2 weeks with a report out to Radio Budapest (which was returned other day marked, service suspended) So that one country reports still cannot be sent to. Other reports out to 5CK-BBC-CFCY-4QN-AFRS, few other TOs including one which will be one of my best, VU2ST testing a new transmitter. Sent him an airmail report, sure hope to hear from him as using 25w and I cannot believe it myself, but sure did send him the dope. Received a beautiful verification from ZJM (Jerusalem) for 2 receptions on 668 kcs. special program for some tribes in Africa. WKLA was OK here on NRC DX. 1YA is easy any AM thats any good at all, so you all should get him this winter. TNX DeRosa for tip on WENT, received OK on 1/13 and he was one that I needed.

Remember boys, RETURN POSTAGE FROM CANADA TO THE U.S. is 4¢, so always enclose at least a 4¢ CANADIAN STAMP for a coin of an equal amount. Let us all be sure to get up and report to all our specials. Reports received by these stations means they have not DXed for you in vain, & Remember stamps.

LEFTY COOPER-BROOKLYN N Y Rpts out to WBAC-WMSA-WKWF-KWBR-WXLQ-WTTM-KMAC-WENT-WPAT. Veries in from CKBY-KTYW, total now 1054. Move over boys. Air-mail letter from Jesus A Garcia, ce of WKVM brought, instead of a verie a request in Spanish for info. (I got onectoo Lefty and have answered it) I refered it to Maguire our expert on matters in Spanish. Plenty of DX this past week. 10/10 Hrd WBAC s/off 2:15; No sign of either WGKV or WJEF. WEOA checking back of WJLB at 2:35 and one other, both playing marches. KGKO had a good R-8 sig on 570 kc checking 2:15-2:30; 10/11 Up at 3:10 and had the luck of running into test from WMSA. Our boy Ralphie was getting a plug, there too. It was quite a battle here with WHAT and WEXL. WEXL came out poorest and WHAT & WMSA about even. WFOY was on at 3:33 testing; 10/12 Tuned over to first SW band to try for WKWF and there he was at 1:18 R-9 but with an open hall tone quality, testing. Got a rpt on WBAC which included 2 AMs of listening. Mystery station, no announcing on 1240, hrd around 2:47 playing classics and then at 3:03 rebroadcasting WWDC briefly. What goes on? This couldnt have been WUMS could it? WXLQ puts in a good sig R-6 or so at 4:30 but static made definite address impossible to copy, so I sent duplicate reports, one direct airmail to Hamilton, Bermuda and other to % P.M. N Y C. I hope one of them reaches WXLQ. It'll be a new country, my 21st. Also rpted KWBR. WNEL now on at 4:58 ruining any chance of hearing CJCH s/on an hour later. 10/13 Up all AM again hrd KMAC at 1:30 for rpt I managed to get a rpt to WENT which left air at 2:11 with WHAT-WEXL-WBAC all on. Station testing with terrible tone on 1430 at 2:50. Who was testing, playing marches on 600 from 3:30-3:45? Heavy summery QRN made him impossible to identify. 10/14 Up until 3:30. WTAD s/off at 1:06 easy to log then. WBLK goes off at 1:30 on SUN and back at 8. Could have sworn KWSC announced as KSCW at 2:30 but at 3 it was KWSC. Each of 3 AMs ~~ixxxxx~~ WPAT had its carrier on around 1:30 for short while; All these 3 AMs I fooled around 1400 trying to hear WHGB either s/off or on and I even tried eves to try for a station break, but I've hrd most everything else including WCBM. Pop and Fred, When does WHGB broadcast 11AM-Noon?? (I dont know, ask Ralph-Pop) 10/15 Up for KOAL bet "KOAL not os HOT" due to R-8 QRN and WASK on till 3:30 testing. Someone else on 1450 went off at 3:25. A small report on KOAL and hers hoping. To "Long Hair" Maley-KICA is on all AM every SAT in Clovis-not "Saltus" hi. As to my reporting CMZ-1 I could not get call letters thru local WEAJ-but they do come in behind him almost every night. Sorry to hear its CMBC-I already have them verified.

LEN KRUSE-DUBUQUE IA The past week was rather light in the DX field at this location. However I can say I took another scoop--the first to log WJOL formerly WCLS, Joliet, Ill. This was logged on SUN 10/14 with their reg sked s/on at 8AM. The only other one added to log was KOOS, Coos Bay, Ore with their reg 2nd TUES f/c 3:30-3:45, logged beneath WCPO. The only veries in was a letter from WHFC's ce E P Hayes who stated WHFC does not have any sked f/c program or test programs. Also letter from KTYW by W F Howe, ce. Following is a release from FCC, "On file for action shortly by the Commission are 513 applications for new FM stations, 129 applications for commercial television stations, 265 applications for new AM stations, 147 applications for changes in existing standard broadcast stations. With a limited staff, the Commission expects to work day and night to give the industry service in disposition of these applications, Paul Porter, Ch F.C.C.

SGT JIM MCGREGOR-GERMANY Am still getting bulletins OK and get a lot of pleasure reading about the fellows DXing. Hope to be back in states by 1st of year and get in on the DX Season, that is whats left of it. Will seem strange to sit down to a good receiver and start logging a station, its been about 38 months now that I've been away from it. I do wish the gang the best of DX the coming season and hope to be a civilian next time I write which shouldnt bee too long now. (OK Jim and you can be sure that all of us too hope that you will be back home very soon, lots of good luck)

AL BARTHOLOMEW-CORNING, N.Y. First new verie in 2 weeks from WHGB. Sent follow ups to WKIX-WLAT-WHCU, only other old one out is XERB and KALL. H. Glenwood Schlegel is ce and vc for WHGB. Oct has been one swell month and if it only continues, best in 5 years as far as reception conditions are concerned. Have arose nearly AM at 4 trying for TPs and only occasionally before that hour. Quite a few sigs but pretty weak here yet with exception of 1YA-4YA. 4YA seems to be good every morn. Caught WKVM testing 10/9 at 3:38 AM. Quite easy to copy. 10/5 hrd WXLQ for 1st time and have hrd them loud on 10/12. They s/on 1 or 2 min before 4:30. 10/6 copied KOTA for rpt WMSA hrd testing THURS AM and stated they would take the air 10/12 and wanted to hear from DXers. Same AM KSAI hrd for first time 4:55-5:30 with American dance program. Hrd again on 14th even louder than on 12th and as early as 4:30. On 1340 kc hrd WHNC s/on several times at 6:30, seems to top the heap here. At 6 it is a battle with WINX-WGH-WCMI-WJOL all s/on. Hrd WJOL give call SAT AM but no more. 10/14 arose 2:30 and got enough dope on KNAK 3:52-4:15, my interference was from WLW. Static seemed to disappear entirely near 5AM. 4YA on 790 kc was even louder than KGO on 810. 4YA had a program of classical music and was so darn good I couldnt seem to snar any other TPs that I needed so stayed with them and at 5:30 who should come on but Armed Forces Radio in Canal Zone. Boy what a wallop. Copied em till 5:47 when 4YA shoved them off the channel with a program of regimental band selections, then at 5:58 4YA very nicely announced their call letters, 4YA-Dunedin-Hi. Thought maybe I could snare a new TP after all before daylight so tuned to 1300 and at 6:09 2TM rolled in with a faint sig and copied em till broad daylight at 6:32. Then went to bed really satisfied. Utah finally completed, a new country added in Canal Zone (Already have Panama but Zone is seperate. A new Aussie; Hurrah. Now to add Greenland and I guess I'll have them all that are possible on east coast. 10/14 TPs better than ever, stronger sigs. Hrd 4QN but KFI overlapped too much 5-5:15; 4YA easy; 4QE breaking thru, also 1Yap. 2SM-4BK-2TM-3AW all hrd between 5:30-6. Need 3AW but couldnt clear static enough. Verie in from KWBR, nice letter. 10/16 No Aussies or Zedders but did land a honey in Armed Forces Radio on 1045 kc in New Hebrides. Sent rpt direct & dup to Los Angeles, logged 4:24-5:10 lots of date including newscast-musical selections-station ann etc. No static and fading was shallow and rapid. Come in better than Saipan. To DICK; At what time of night is best for VRTQ. They should be hrd here if you can hear them in Kittanning. I am for that BCB loose leaf log book 100% and I think it is a swell idea. (OK Al let them reports come, there welcome) On WED 10/17 Canal Zone on at 5:30 and loud and clear, no other TPs hrd.

TED SALING-ESTACADA ORE Only veries in since last report are CKNW and KOVO. My technique must be faulty as I've worked harder than usual. My best catch so far this season is WSPB, hrd with hurricane reports on 9/16. I have rpts out to KVAN on their 3rd MON f/c 4-4:15-KWBR-KID-KVOP on 1st THURS f/c 3:30-3:45-KSAI-WHAS-KOTA-KLBM. I couldnt pull WKLA thru the heavy static and dropped them a card to that effect. KLBM busted in 4-4:14 with special f/c. KTKN hrd checking freq 10/1 1st MON from 4:15-4:45 and later. They were reported 1st MON in Sept too so looks like a 1st MON check. (OK Ted and hope those forms get you plenty of veries)

NOEM MAGUIRE-E HARTFORD CONN No real DX of latex, other than Start Point the other evening for over an hour thru WHN and WMSA on their test. Hrd them as they signed on and sent rpt. The old Silvertone down in Stamford still brings them in as I added several new stations on it. WBAC was R-7 on their test 10/13 at 2:15. Veries in, WHCU-CFRN. Dont recall mentioning them before. Was quite shocked to learn that the perspiring Senor of Kittanning had not hrd of WTPA. Sorry that he has not received the station as veries will be hard to get, especially since the signer has moved and I have no late information on WTPA's verie policy. (Yep Dick Ray got the call OK)

Come on boys get in our RCB Contest. Send 25¢ and notice before Oct 31st.

TIPS and LPO REPORTS

October 20 1945

The is a list of all US Forces Radio Stations in Pacific.

620 WVTX	Iwo Jima "Radio Iwo"	1320 WXLE	Eniwetok, Marshall Islands
660 WXLD	Saipan, Marianas, Islands	WVTA	Aitape, New Guinea
670	Bodgainville, Soloman Is	1340 WVTY	Asor Ulithi, Caroline Is
680 WXLH	Okinawa, Japan	WXLF	Tarawa, Gilbert Islands
690 WVUQ	Guadalcanal, Solomon Is	1380 WXLI	Guam, Marianas, Islands
790 [REDACTED]	Quarry Hgts, Canal Zone	1400 WVTF	Hollandia, New Guinea
800 NQMI	Midway, Islands	1415 WVTH	Lae, New Guinea
850 WXLG	Narsarsuak, Greenland	1420 WSMS	Natal, Brazil
975 WVUS	Noumea, New Caledonia	1440 WXLG	Kwajalein, Marshall Is.
1010 [REDACTED]	Saipan, Marianas Islands	1450 WXLB	Adak, Aleution Islands
1045 WVUR	Espiritu, Santo, New Hebrides	WVTG	Biak, New Guinea
1060 WXLH	Okinawa, Japan	WVTB	Nadzab, New Guinea
1086 AEF	Casablanca, Morocco	1480 WVTD	Manus, Admiralty Islands
1240 [REDACTED]	Kindley Field, Bermuda	WVTC	Milne Bay, New Guinea
1300 VU2ZV	Decca, Indai	1510 WVTK	Leyte, P. Islands
WVTM	Manila, P. Islands	1520 WSIG	Okinawa, Japan.

A reminder that NOVA SCOTIA and BRITISH COLUMBIA holds elections. N.S. on October 23rd and B.C. on October 25th, so maybe plenty of Canadians. from NNRC.

PHIL NICHOLS-E HARTFORD CONN Veries at 1231 with KNAK back with nice letter. 10/12 rptd WKWF 1-2AM again and WXLQ on 1240 from 4:28-5:15 or later, very poor sig here but plenty of dope. Faded out pretty much by 5:15; Eve of 15th was fortunate to find TI4NRH on 725 kc coming thru at 9:30PM. Up to 10:30 had some trouble seperating it from WGN and Canadian on 730, but from 10:30 11:05 had perfect reception withvno side band interference. Then at 12:55AM TUES AM WLEE burst thru with final 5 min newscast. Have a peculiar was of announcing call letters. S/off at 1AM.

RALPH JOHANNIS-BUFFALO N Y Today its warm, yesterday cold and sox is the DX-ing. 10/18 hrd WAGA s/on 5:55; WKZO at 5:56 on 590 kcs; At 5:58 WSGN s/on putting WIP out; KQV-1410 s/on 6:45; WSNJ-600 s/on 6:01 but WCAO is louder. Also hrd KSFO-560 3:15 s/off; KOH-630 s/off 3:01; 10/17 hung on 1240 kc trying to find out who was on from 4:15-4:30, but carrier and its notes queered its calls. Some answers are slow in coming and so KSFO-KSCJ-WSBC-WJAX-WLOF-KFDM-KMO-WIBG-WCRS-WTAX-KFRU-WELL-WREC-KRIS-CKCO-WCPO-WKVM-WGOV-WHFC-WINX-CMJL-CMHI-XEW-XEMX-XEMO-XELO and a few old old timers rae holding up the "DX NEWS" dope-Hi. Sorry Phil but circumstances beyond my control, kepps me from accepting your private DX duel, but (may) try you on the NRC BCB Contest if I can get a new Hammarlund HQ-129-X (new honey coming out soon) I also saw the RME-45 here and it dont look so bad--Frank Wheeler says, baby is fine but makes it hard to DX(I got a seperate room, Frank, and mine dont sl-epp unless I DX)Hi. Hey LEN-69 of em, have pity. Tnx Dick, picture OK. WATN promises dedications on 10/29 test and DX. Hrd WIBX on 10/3 and ce says it was so good. account of 2 feet of water in xmtr room, maybe made better sig. Mohawk in Utica overflowed. Verie letters rec, nice one from KOTA on 10/6 DX by A.E. Griffiths, says good one on 11/3; CKLW also verified-HI POP) WISE , Harold says sked 6:30(SUN 8)-1AM, is going to M.S. of T. by Xmas. Wisdon in Service Endures, stands for WISE. WDSU by Fred Weber; KRSC by E Carlson; CFCN-airmail for 10/10 by E Bruce; KRKO-WIBX-WALB-WJEJ who tests around 2PM with W.I.T. says Geo W McIntyre, ce and have little of other tests. Sked is 6:45(Sun 8)-11:20PM. WMFD sked 7:30AM-11PM. S H Jones, ce. R A Dunlea, mgr.

To all members;-A plan for the elimination of confliction in the arrangement of courtesy program is being considered and the cooperation of all the Clubs is hoped for. To date the NNRC-VRC and NRC are creating a committee from each to get together and try to work out a plan that will be suitable to all. Up to date nothing has been heard as to whether the URDXC intends to cooperate or not. It is hoped they will. Anyway lets wish for success
