Welcome to Los Angeles and the 1980 NRC Convention. Its been almost 10 years since the last NRC convention was held on the West Coast in 1971 up in Sacramento. With the activities planned, we hope this will be the best convention yet. Enjoy yourselves, for Los Angeles has much to offer. Your convention hosts this year are Greg Hardison and John Clements.

Eating Establishments

SCHEDULE OF EVENTS

THURSDAY

10:00 PM CALTECH SEISMOLOGY CENTER tour.

2:00 PM COLLINS RADIO TOUR. This company is located in Newport Beach (about 50 miles from the hotel).

NOTE: Due to the distances involved we will not return to the hotel after the CALTECH tour but will proceed directly to Collins.

FRIDAY

10:00 AM TRACON. This is a computerized Air Traffic Control system and is located a short distance from the hotel.

12:00 PM Convention officially begins.

2:00 PM XEGM/XEPRS Tour. These stations are located in Hollywood.

SATURDAY

9:00 PM Meeting Room opens. Possible visits to Griffith Park (has astronomy observatory in addition to park) and to Mount Wilson (has all the FM and TV antennas for Los Angeles--very impressive). Both give excellent view of the vastness of L.A.

4:00 PM Technical Panel Discussion. Bring your questions and try to stump the experts.

6:00 PM Banquet followed by business meeting and auction.

SUNDAY

9:00 AM Meeting room opens.

1:00 PM Technical discussion of loops by Grant Manning.

2:30 PM Technical discussion on propagation by Randy Seaver.

4:00 PM Technical discussion by Ron Schatz-various subjects.

MONDAY

9:00 PM Meeting room opens.

12:00 PM Convention officially ends.
