

The National Radio Club - DX Audio Service

September 4-6
1998 DXCon
San Antonio, Tx

ABOUT THE CONVENTION

We are excited to welcome you to the 1998 National Radio Club / DX Audio Service Convention being held September 4-6, 1998, in San Antonio, Texas.

We would like to take this opportunity to thank the kindness and cooperation of: the many radio stations in the San Antonio area as well as around the U.S.; the many businesses who donated goods or services; the many NRC / DXAS members whose efforts in providing materials and auction items will prove to be a great success; to the special guest speakers we have lined up for your enjoyment this weekend; to Linda and John Bowker and Fred Vobbie who have provided continued guidance through the past year; and to all who attend this conference.

Without you, this weekend would not be possible.

San Antonio is a beautiful city, 10th largest in the U.S. with a population of over 1,000,000 people. It is a city with many sites and flavors to experience. For the history buff there is the Alamo and the Missions to visit or if you prefer to cool off in this Texas Heat, there is the Six Flags/Fiesta Theme Park or Sea World. Also, there is the beautiful River Walk and River Center Mall - lined with shops and restaurants. Whatever your flavor, San Antonio is sure to have it. Enjoy!

Thank you very much for coming and we hope you enjoy your travel to Texas.
