Dear Kelly;

Your report on WGAD for Saturday March 27th was correct. Your reception of our station accurately reflected our program log.

We're always interested in what other stations sound like from around the country. If you have the facilities I would appreciate a return favor. I would like to get an aircheck of the stations serving the Greensboro area.

If you can do it ..great! But please don't go to any unnecessary trouble.

Once again thanks!

Sincerely

Ron Burton
