Dear Mr. Andrews:

It was good to hear from a listener in North Carolina. Sorry to say that you're not as far away as some listeners we've had. You'd be surprised to know that we have at times gotten reception reports from Europe. Can you believe that?

I hope you'll try to listen to us in the future. But next time, please get my name right...Lee PERRYMAN.

Enclosed is one of our reception verification cards. We hope to hear from you again in the future.

Sincerely,

Lee Perryman
