U.S.A.

Dear Kelly,

Thankyou for your letter Dated MAY 18, 1978, adressed to MR. Jim Hiltz. I am now the Continuity and Promotion Director at CKLY, and as it happens, I was the person giving the news on the Monday morning you heard CKLY. It is very possible that you heard the news at 12:57AM, as I recall, that we were having some difficulty with our clocks at that time, and had to reset them. We normally give the news at 1:00 AM EST for 5 minutes, followed by our sign off.

Under normal circumstances, your response would come by QSO sheet from our Program Director..but under the circumstances, I decided that I would mail you this brief letter. In case you wouldlike to know what a Continuity Director is...it simply means I write Commercials. I also occasionally fill in for the announcers, or new persons.

I hope this letter will be of some assistance to you,

Yours sincerely

Mrs. Nancy (Richards) Stauffer
