THE PALM BEACHES MOST POWERFUL RADIO STATION

WIRK

1290 RADIO

WEST PALM BEACH, FLORIDA

5000 WATTS DAY - 1000 WATTS NIGHT

AUGUST 13, 1965

Mr. Kelly T. Andrews
305 S. Jefferson Street
Goldsboro, N.C.

Dear Kelly,

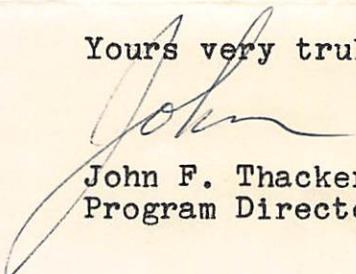

After comparing your report with our program log for August 9, 1965 we find that you were receiving this station and wish to confirm your report. We are happy that you heard us since we are directional away from you.

Although we do not publish a program schedule, we are on the air 24 hours a day with the exception of Sunday Morning when we sign-off at 2 a.m., and return to the air at 7a.m.

We appreciate your report, and suggest you try listening for us around 5 a.m. each morning when we change our power from 1 kilowatt to 5 kilowatts, and go non-directional.

If we can be of any further service to you, please drop me a line and I will attempt to aid you personally.

Yours very truly

John F. Thacker, WA8KVO/4
Program Director
