

WAKE FOREST COLLEGE

WINSTON-SALEM, NORTH CAROLINA 27106

RADIO STATION WFDD-FM

May 12, 1967

Mr. Kelly Andrews  
305 South Jefferson Street  
Goldsboro, North Carolina

Dear Mr. Andrews:

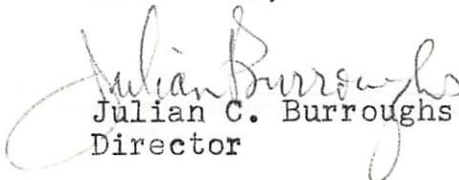

Thank you for your letter of April 25, reporting reception of WFDD-FM.

WFDD-FM increased its power to 36,000 watts on April 20. We operate at 88.5 m.c. We operate from five o'clock in the afternoon until midnight on Monday through Friday and during the afternoon and evening on Saturday and Sunday. I am sending you a copy of our program bulletin.

Our transmitter is a Gates 10 KW and our antenna is an RCA Super-Turnstile with three bays. The antenna is 385 feet above average terrain.

Thank you again for your report. We will put you on our mailing list.

Sincerely,

  
Julian C. Burroughs, Jr.  
Director
