50,000 WATTS ERP

102.1 ON YOUR DIAL

REIDSVILLE, N. C. 27320

October 26, 1966

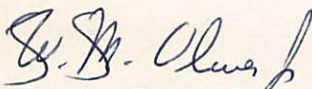

Mr. Kelly Andrews
305 South Jefferson Street
Goldsboro, North Carolina
Zip Code-27530

Dear Mr. Andrews:

Thank you for your letter and tape of October 24. We were very pleased to hear that our signal was able to reach you as well as it did, particularly using the type antennae that you are. We are now 50 thousand watts ERP for increased power in September of this year.

Perhaps if you use the higher gain directless antennae and a wave trap tuned to WECR, you would be able to DX us more often and clearer. We are returning your tape as you requested.

Sincerely,

W. M. Oliver Jr.
Chief Engineer - WREV
