Dear Mr. Andrews,

Thank you for your letter and the report on our signal.
I verify that we were transmitting the program you received

You may be interested in some facts about the Caribbean Radio Lighthouse. We are a non-commercial, Christian broadcasting station located on the island of Antigua in the West Indies. The station is owned and operated by Baptist International Missions, Inc., Chattanooga, Tenn., U.S.A. Our purpose is to honor and glorify the Lord Jesus Christ in message and music and to present the Gospel and principles of His word to the people of the Eastern Caribbean.

We began broadcasting on August 27, 1975. Our current schedule is from 1000 to 1300 GMT, and from 1600 to 0200 GMT daily. We are using a CCA 10,000D transmitter, and our antenna is a 320 foot (97.5m), shunt-fed, omnidirectional tower.

If you know that Jesus Christ is your Lord and Savior, and that you have eternal life through Him, we would appreciate your prayers for us. If you have no assurance of salvation, we encourage you to listen to our broadcasts, and to write to us for more information.

Wishing you God's best for your life,

(OVER)

Mr. Andrews,

It's good to get a reception report from "home country", being from Greenville, S.C. (I worked at WFBC until last year)! In fact, some of our equipment was donated to us by WSOC in Charlotte.

Sorry to be so long in answering your report, but with this a new station, and myself the only engineer here now, my hands have been full with technical matters and my correspondence has suffered.

Thanks for your good letter.

Sincerely yours,

Curt Waite

P.S. If you should write back for any reason, I'd be interested to know where you did come up with our address!
