PHONE: 912-982-4142

March 3, 1978

Mr. Kelly Andrews
7016 Montaul Drive
Richmond, Virginia 23225

Dear Mr. Andrews:

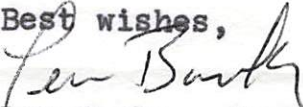

Thank you for your report, dated February 21st, 1978, with a log of reception, of the WGSR regular monthly Frequency Measurement broadcast.

Your log matches ours, and we gladly verify your report.

Congratulations on the all 4 - 1570 Georgia stations. That does sound like quite a rarity.

Also, thanks for the Richmond information. You may be interested in knowing that in recent months, we have received reports from "Manhattan", New York City that is, Wichita, Kansas, Tylertown, Mississippi, and now yours from Richmond. Thanks to all of you, all members of the NRC.

If you should ever be in this part of the country, feel free to come by and see us.

Best wishes,

Lew Banks - Manager
