Dear Kelly:

This letter is to confirm your reception of WHGI on February 4, 1979.

Briar Creek Broadcasting Corporation completed purchasing WHGI on March 5th of this year, but from information I've received and checking the program log, you're reception information was accurate.

I always get a kick out of hearing from people who've been able to monitor a station I'm associated with in far-off areas of the country. Best of luck with your future DXing.

Sincerely,

Tom Barclay
Operations Manager
