Kelly Andrews
819 Tipperary Drive
Greensboro, NC 27406

Dear Mr. Andrews,

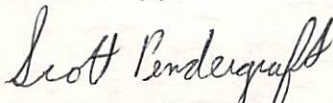

Thank you very much for your reception report of December 16th. I have checked our logs and found that the information you gave is correct, and therefore I can verify your reception of WWNS on December 15, 1975 from 0148 to whenever it was that you tuned out, EST. We were running 1000 watts for this test, except from 0155 to 0158, when we ran 250 watts. No one heard us at all, then.

We were glad to run the test for the NRC, as we have been quite pleased with the 31 reception reports so far, as well as the 5 phone calls we got during the test, one of them from Canada.

I have enclosed some information about Statesboro and a sketch of our tower facilities that may be of interest to you.

Again, thank you for the report, and have a Happy New Year.

Sincerely,

Scott Pendergraft
Chief Engineer
