Hi Kelly,

Sure appreciate you taking time to let us know you recieved our signal up in Virginia.

We are real pleased with the coverage our Gates (HARRIS) MW-1 Transmitter gets. We easly cover a 35 mile radius which makes it easy to sell in 3 larger markets than our hometown of Soperton which is only 3,500 population. But, with our coverage we are able to serve 110,000 people.

We are right proud to be one of the first "solid state station" in the Southeast. (Not a tube in the whole station)

Enclosed please find our coverage map.

Lots of good luck to you in the future.

Sincerely,

Fred Tippett
