

January 9, 1978

Dear Kelly,

Thank you very much for your listener report of KCJJ on January 2, 1978. We appreciate reports out of our local listening area. We have received a few reports from the south, not many from the East Coast.

We have been on since January 15, 1977 using 1000 watts with a directional pattern.

Enclosed is a KCJJ bumper sticker, and a coverage map. Thanks again for your report.

Sincerely,

Richard Haendel
Station Engineer
