Dear DX'ers:

Greetings from Waterloo!!

Sorry it has been so long since we last corresponded. Enclosed you will find our KNWS bumper sticker, listening guide and coverage map. If you need any more information, feel free to write us.

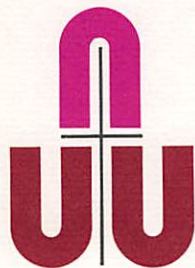

Hope you've had a pleasant and safe summer!

Sincerely,

Dave Dobes
KNWS Chief Engineer

Dear DX'ers:

Thank you very much one and all for taking part in KNWS-AM's second Golden West DX Test! As was the case with the first test run December 27, 1976, I am very pleased with the amount of response received from this second test. We all know that staying up half a Monday morning after the Sunday Easter festivities is sometimes a little inconvenient.....if not just plain hard!!!

The total number of responses to the second test more than doubled the results of the hardly-publicized first test. The responses received, as listed individually below, were:

Jacksonville, AL.....	Dan K. Phillips
Colorado Springs, CO.....	Wayne Heinen
Pensacola, FL.....	Gary Thomas
Bloomington, IL.....	Rick Carr
Springfield, IL.....	Marty Wright
Munden, KS.....	Gary Hovdek
Overland, KS.....	Rob Keeney
Louisville, KY.....	Gary Atkins
Brandenburg, KY.....	John Hoogerheide
Lansing, MI.....	Bill Whitacre
Croswell, MI.....	John Robinson
Rockford, MI.....	Jack Faulkner
Houston, MS.....	Michael A. Heppe
Tylertown, MS.....	Scott Mentzer
Montville, NJ.....	John Kromka
Pittman, NJ.....	James Hopkins
Rocky Mount, NC.....	Bill Coleman
Whitehall, OH.....	James Wallace
Redding, PA.....	David Fox
Memphis, TN.....	Brandon Jordan
Brighton, TN.....	Larry Van Horn
Chesapeake, VA.....	Edward Cotton
Richmond, VA.....	Kelly Andrews
Green Bay, WI.....	Gary Nuthals
Madison, WI.....	Ross Hansch

Oh, by the way, I think a special thanks should be awarded to Eddie Ryan, CPC Chairman, Golden West DX Association of Seattle, Washington who visited me personally for the actual running of the test; and Geoff Parrish, Golden West DX Association of Eugene, Oregon for his time in arranging a few odds and ends.

At the present time, our supply of miscellaneous materials such as maps, bumper stickers, listening guides, etc. is quite low. We are having more printed up; so we shall send them as soon as possible.

Sincerely,

Dave Dobes
KNWS Chief Engineer
