

WAKY/WVEZ

July 17, 1980

Kelly Andrews
1800 Windsong Trail
Richardson, Tx 75081

Dear Kelly;

Persistence pays off, and I am happy to verify your reception of WAKY December 12, 1975, between the hours of 4:00 - 4:25 pm CDT.

We are, in fact, in the same building on the river city mall that you spent time in front of. Our transmitter is east of Louisville about 15 miles. In the daytime we put 5,000 watts into two 1/2 wave towers to give us a east/west pattern, and at night we divide 1000 watts into four towers for a sharp west pattern.

Kelly, sorry about the delay of five years in this verification, but that was about three Chief Engineers ago, I've had this post about 8 months now.

Keep listening!

Sincerely,

Bob Newberry C.E.
