Dear Mr. Andrews:

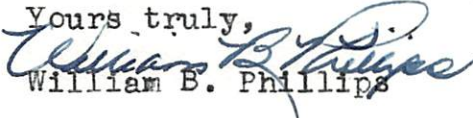

You may use this letter as a verification of your reception report for our station dated Sept. 19, 1967.

Items and announcements were correct as listed, but as you will notice from this letterhead, station call letters are WICO, not WIOC as noted in your letter.

We are a full time country-western music daylight station. We operate on a year round basis from 5:45 AM until sunset. We have inclosed a brochure for your information.

Thank you for your interesting report.

Yours truly,

William B. Phillips
