Mr. Kelly Andrews

Goldsboro, N. C.

Dear Sir:

I am pleased to hear of your reception of our signal as indicated by your letter. There must have been a quirk of circumstances since normally we have trouble covering Raleigh at night when we are broadcasting on low power.

Whatever the contributing circumstances were, we are glad to acknowledge your report.

If you would move to Raleigh, we will be happy to have you listen all the time but with limited daytime power and only 250 watts at night, I am sure you understand our problems.

Sincerely,

Chief Engineer
