3417 Chalfont Dr.  
Richmond, Virginia 23224

Dear Kelly,

Please consider this a letter of verification of your letter dated 8/9/76. We were very pleased to receive your letter and glad to know we come in loud and clear on a nice summer eve in Richmond, Virginia. Enclosed you will find a rate card for WGLX and WQLX-FM, plus a WGLX coverage map. You indicated in your letter our AM'er is 500 watts, well actually, it is a 250 watt directional signal and, although you can receive it in Virginia, it is basically aimed for Mt. Vernon, Ohio, which you will notice on the map. Thank you very much for your letter, we indeed, appreciate it.

Sincerely,

MAUMEE VALLEY BROADCASTING
