

Dear Kelly

after 2 years & a lot of Digging thru old records I came across your letter Dated 3-10-76. It had been set aside by one of the other personnel & has been lost for almost 2 years. I dont even know if you are still interested in SWL'ing, but I felt your letter should be answered even after 2 yrs. I checked the records & old Program logs from 3-9-76 & your copy is correct. I was quite surprised to be heard in N.C. We operate WIKW DR-D with our main love of Power directed toward Wheeling W.VA. We have a main coverage area of Washington Pa. w/ a small lobe going into the Pgh. Market. We have a MOR Format & a big emphasis on Local News. Again sorry about the Delay

Happy SWL'ing
