Mr. Kelly Anderws  
305 South Jefferson Street  
Goldsboro, North Carolina

Dear Sir:

I am pleased to acknowledge your reported reception of our AM facility. We are 1000 watts daytime and 250 watts nighttime. At the time of our frequency test however, we were operating on 1000 watts.

Thank you very much for your report and our best wishes to you.

Very truly yours,

  
Jim Fleming  
Chief Engineer
