Richmond, Virginia 23225

Dear Kelly:

Appreciate your letter of reception of WENR on Monday May 2...  
and glad to say it is correct.

Our engineer, James C. Sliger was doing some work on the  
transmitter and was on the air for testing.

I am enclosing a coverage map and some information on the station  
for your files.

Sincerely,

(Mrs) Sue Kean  
President and General Manager
