

ARKANSAS EDUCATIONAL TELEVISION
COMMISSION

June 12, 1968

Mr. Kelly Andrews
305 S. Jefferson
Goldsboro, North Carolina

Dear Mr. Andrews:

We certainly appreciate having your letter about receiving KETS, Channel 2 from Conway.

What may be of interest to you is the fact that we had a letter from Grand Forks AFB, North Dakota, in which he had received the signal the same day and he indicated that at times our signal was clearer than the local television, but, of course, would fade.

We would like to confirm the fact that we did have the Boston Symphony produced by WGBH-TV and distributed by Southern Educational Communications Association and it was followed by a presentation from the Chicago Civic Center. The date was May 28th.

Thank you for letting us hear from you.

Yours sincerely,

LEE REAVES
Director
