Mr. Kelly Andrews

Goldsboro, North Carolina

Dear Mr. Andrews:

We were happy to hear from you regarding our sign off at 1945 on June 4, 1966, especially the young man who signed off.

We have played the tape you sent, and find it has his voice quite good for this distance. He is Donald Houser, a high school student who is doing unusually well at announcing.

We have all heard the tape and are returning it to you herewith.

Thanks very much for your efforts and the tape report. We wish for you many more fine receptions.

Very truly yours,
