Dear Mr. Andrews:

Don asked me to verify your WMBG contact report of May 28, 1978, which I am happy to do.

WMBG is located two miles west of Williamsburg and is on the air from sunrise to sunset. Sign-off for the months of May, June and July is 8:30 P. M. The transmitter is a Collins 550A (500 Watts) and is operating into a 400' antenna.

Thank you for your report and also your favorable comments on WBCI programming.

Sincerely,

George V. Ramsey
