Dear DXer:

This will verify your report of reception of WROV on **February 13, 1965** at **0141** EST. Many thanks for the report. It is nice to know our capabilities.

WROV first took the air in 1946, and in August 1958 we became the first twenty-four hour operation in the area. We broadcast around the clock seven days a week.

WROV operates on 1240 kilocycles with a daytime power of 1,000 watts and a nighttime power of 250 watts, into a 190 foot vertical radiator. The geographical coordinates are north latitude 37° 30' 37", west longitude 80° 04' 17".

Lots of luck to you on future dx.

73's.
