Mr. Kelly Andrews,  
Public Relations Director  
Virginia Affiliate of American Heart Assn.  
Richmond, Va. 23241

Dear Mr. Andrews:

This is to confirm your reception of our station. We have, in the past, received similar notices of being picked up in Pennsylvania, Illinois, and Indiana. These receptions occur due to atmospheric conditions in which the cloud cover is low, which causes radio waves to bounce off these clouds and travel great distances.

Thank you for your interest. I hope this letter can help you to understand this condition which occurs quite frequently in the broadcasting field.

Yours truly,

  
Gregg Hutchins  
News Director
