Mr. Ernest R. Cooper

This will serve to verify your report of reception of STATION WCRT on 1260kc with a power of 1,000 watts, we use and are using now a gates lc transmitter feeding a 190' antenna direct with the base at ground potential, the gates lc uses a pair of 833A'S in the final.

Thank you very much for your time and trouble in sending this report of reception.
