Mr. Ernest R. Cooper
438 East 21st Street
Brooklyn 26, New York

Dear Mr. Cooper:

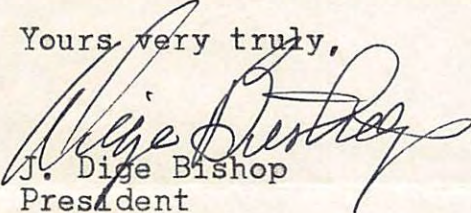

WCTA first went on the air with 2⁵ watts in 1946.
In March of 1955 we changed to a regional frequency
and operated with 1000 watts daytime, 500 watts
nighttime until December 9th when we formally
increased our power to 5000 watts.

Your report of hearing us on November 26 at 1:16 AM CST
is correct as we were conducting equipment tests.

As yet we do not have a coverage map.

Thanks for your report.

Yours very truly,

J. Dige Bishop
President
