Dear Mr. Cooper.

Just a word to "verify" your  
reception report on the Equipment test B.C.  
of Nov. 7, 1950. your Times and Times  
checks with my Log.

I was sorry to hear that you didn't  
hear from the last log you made. I've  
looked for it but can't find it anywhere.  
It probably got lost in all the moving and  
building being done to the station.  
We have just about got the station  
straight enough for good operation.

The trieter is a Western Electric Killowatt  
and you probably know about the Doberty  
Amplifier - Keeps me in a spin half the  
time. See you later.

Your Report "Verified" Thanks.
