

ANNISTON BROADCASTING COMPANY

WHMA

RADIO BUILDING--ANNISTON, ALABAMA

November 23, 1939

Mr. Ernest R. Cooper,
National Radio Club,
438 East 21st Street,
Brooklyn, New York.

Dear Mr. Cooper:

Thanks-a-million for your reception report of WHMA frequency check of November 11, 1939. This time you are correct ! Thus we are pleased to send you our verification card.

If memory serves right, the writer carried on quite a bit (two or three letters) of correspondence with you last winter with reference to a verification of WHMA. Am glad to know that you are off on another successful season of DX and hope you get lots of nice catches. With the way the FCC has been granting permits for stations, DXing will be a big job soon !

We have a CP for 250 watts fulltime and hope to have the increased power in use by Christmas. Maybe you would like to have us run a DX for your clubs then--if so, call on us !

DXingly yours,

RADIO STATION WHMA
