Mr. Ernest R. Cooper, Editor
National Radio Club
438 East 21 st,
Brooklin 26, N.Y.

Dear Ernest,

So nice of you to take time out to write me of your reception of our signal Saturday Night Dec. 5 or I should have said Sun. Dec. 6 after all it was past midnight.

We went on the air at about 12:29 with our carrier and didn't modulate it until about 12:35 A.M. Your data checks very close to our program and I am happy to send you this letter of vrriation

The population of Scottsboro is about 6,000 we also have a 250 watt station here too 1050 ke/s sometime you might log it.

WROS went on the air about 14 months ago I have only been here 2 mo. Our hours of operation are from sunup to sun down seven days a week. It will properly be sometime after the first of Jan. Before I will run another test but I have got to run angher pretty soon I will try to let you know before I do . If I run one it will always be on Sat. night after midnight.

Thanks againfor the nice letter and we'll
