

Aug. 14, 1956

Dear Mr. Cooper

This will confirm your report of reception of radio station WTBF on 970 Kc. on the morning of Aug. 23rd at 1:09 to 1:17 AM. Thank you very much for your report. WTBF now operates on 1490 Kc. with 250 watts power and will switch to 970 Kc. with 5000 Watts power very soon now. We will operate full time. Troy is located 40 miles south east of montgomery, Ala. and has a population of around 11,000. It is also the home of Troy State Teachers college. Thanks again and let us hear from you again.

Yours truly,

Joe W. Gilchrist
Chief Engineer
