Dear Mr. Cooper:

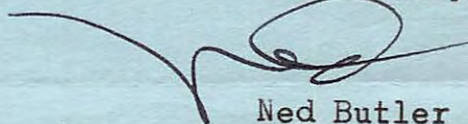

This letter will verify your reception report October 7, 1957.

We broadcast daytime only using Collins equipment, Xmitter, board and the like with a Stainless tower 300ft.

Tallassee is located about 30 miles from Montgomery the capitol of the state. Tallassee is an indian name and has been spelled many ways Tallasie or Tal-A-C is the proper way to pronounce the name. Wtls is as near Tallasse as we could get in four calls. We sign on ~~hep~~ at 5:45 CST monday through Saturday Sundays at 6:30., our frequency check is made during the day from Birmingham.

Thanks again for your report and maybe we will meet again real soon at another spot on the dial.

Yours truly,

Ned Butler
