

**RADIO STATION K C O N**

AM 1230 KCS. - 250 WATTS -- FM 97.7 MCS - 1000 WATTS

BOX 310

CONWAY, ARKANSAS

February 26, 1951

Dear D-X'er,

Many thanks for your reception report on our frequency check and special D-X programs on the morning of February 20, 1951.

Reports from various sections of the country have been received. We are a rather new station, and not thoroughly organized as yet. However, a verification card will be sent to you as soon as they are received from the printer.

Please excuse this impersonal way of answering your report, but we did want to let you know that we have received your D-X report, and it is appreciated very much.

We always enjoy~~ing~~ hearing from you, no matter how many times you have written us previously. We are planning a Special D-X program again, for March, on the morning of March 20th from 3:45AM to 5:00AM, CST, or 4:45 to 6:00 AM EST. This is to enable some of the guys on the East Coast to hear us before some of the other 1230 kc. stations take to the ~~air~~ air.

Yours truly,

RADIO STATION K C O N
