March 28, 1966

Dear Mr. Cooper:

Thank you very much for the fine report of our equipment testing made on March 20.

We are a new station not on the air yet and not on a regular schedule. I am glad to hear that our signal is getting out so good since we are only 500 watts operating from a 103 foot tower.

When we get on a regular schedule, we will be a day time station only.

I don't have any post cards at the present but will send you one at a later date. We don't have a coverage map as of yet.

We still have a few bugs to iron out but hope to be on within 30 days.

Thanks again for your very fine and informative letter.

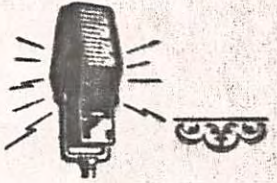

Sincerely Yours,

Alan W. Eastham
