Dear Mr. Cooper:

We are pleased to verify your report of reception of our station on September 20, 1946, from 2:18 to 3:36:45 AM, CST.

Our apologies for the delay in answering your report, but we have been quite crowded for time lately.

Our daily operating schedule is from 6:00 AM (7:00 AM Sunday) to 11:00 PM. We plan on running frequent test programs in the future but the dates and times have not been set yet. Our frequency check broadcasts begin at 5:30 AM for the month of October.

We would like to broadcast a special, early-morning DX program in the not too distant future and we will appreciate receiving information on how to best go about this as regards setting a date, time, and publicity. KHOZ will positively verify all reports as soon as possible.

Thanks for your good wishes and let us hear from you again if you hear us on.

Yours very truly,

Loren C. Watkins, Jr.
