Mr. Cooper:

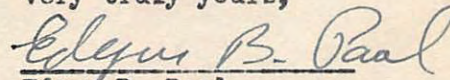

This is to verify your report of reception of KIFN Oct. 12, 1950. Thank you very much for your interest.

We are always glad to hear such reports and will welcome another at any time.

I understand that KONO operates directional at nite, perhaps they were on directional at the time, that would explain our stronger signal.

We are on the air regularly every second Thursday from 3:15 to 3:30 A M MST. We would appreciate any further reports that you might wish to make.

Very truly yours,
